### 3. Bumper & Components - Rear Chevrolet Corvette

Item	Image	Part Name	GM Number
1		Bumper Cover	85143273
2		Rear Lower Bumper Fascia	85724684
3		Retainer,Frt Grl	11547341
4		Rear Passenger Side Bumper Lower Fascia Bracket	23362190
4		Rear Driver Side Bumper Lower Fascia Bracket	23362189
5		F Cover / Tow eye cap	86777633
5		Front Passenger Side BumpHeat Shielder Cover Guide	84621791
6		Heat Shield	84621790
6		Heat Shield	84621791
7		Rear Bumper Fascia Diffuser	85525476

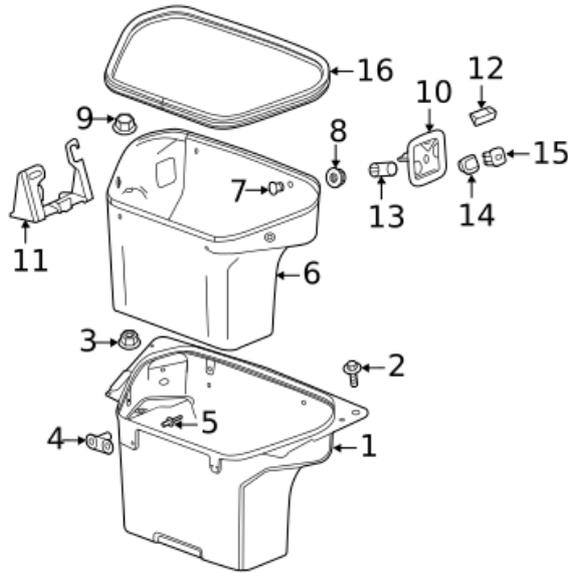

Item	Image	Part Name	GM Number
8		Multi-Purpose Retainer (sold individually)	11589293
9		Outer Grille -	84928637
9		Outer Grille -	84928461
10		Black Rear Bumper Cover Center Grille	23359052
11		Nameplate	84811670 84811668

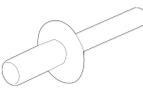

### 3.1. Bumper & Components - Rear Chevrolet Corvette

Item	Image	Part Name	GM Number
1		Rear Bumper Cover Energy Absorber	23429091
2		Impact Bar	87860575

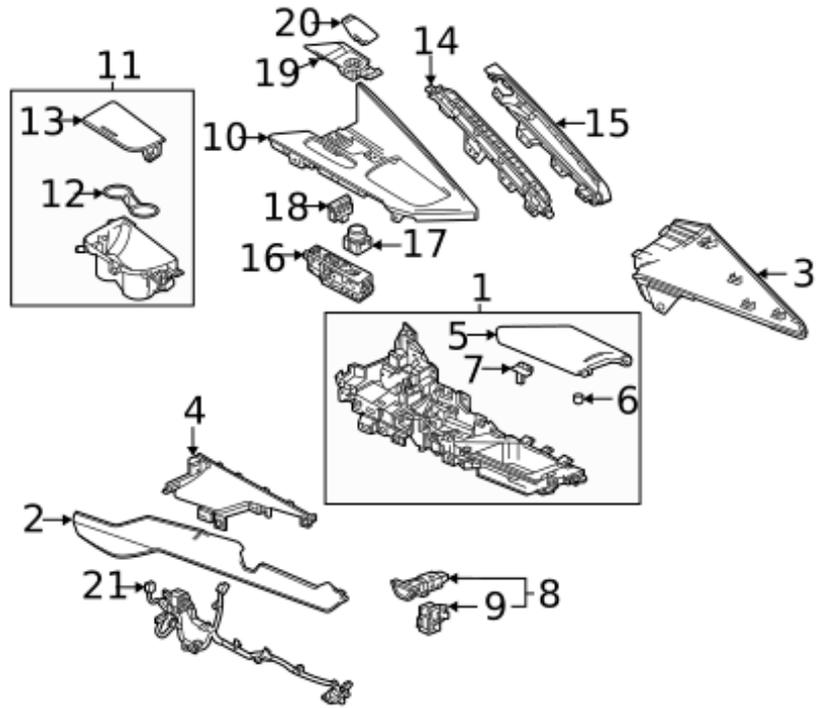

## 4. Cargo Area Chevrolet Corvette

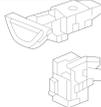

Item	Image	Part Name	GM Number
1		Front Panel	85134132
2		Multi-Purpose Bolt	11570774
3		Multi-Purpose Nut	11546449
4		Multi-Purpose Bracket	23441893
5		Multi-Purpose Rivet	9428553
6		Front Storage Compartment, Black	84773275
7		Storage Compartment Clip	11548938
8		Storage Compartment Retainer	11548939
9		Trunk Trim Panel Clip	11602461
10		Black Rear Compartment Courtesy Lamp Bezel	84725057

Item	Image	Part Name	GM Number
11		Mount Bracket	84737489
12		Courtesy Lamp	13514047
13		Accessory Power Receptacle without Cover	25774623
14		Power Outlet Retainer	85054283
15		Auxiliary Hood Latch Release Switch	84660185
16		Hood Weatherstrip	84770075
		Cargo Net	84544501
		Intake Air Baffle	84832176

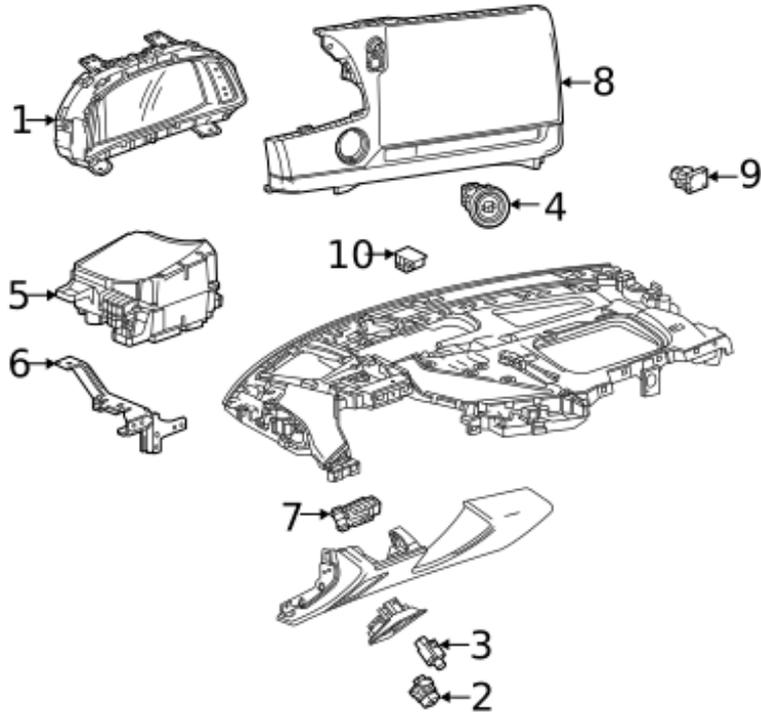

## 5. Center Console Chevrolet Corvette

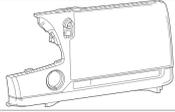

Item	Image	Part Name	GM Number
1		Console Base	84854269-86540961
1		F Compartment	85133767
2		Side Panel	84792187
2		Side Panel	84792196
3		Extension Panel	84690205
4		Applique Panel	84792156
6		Front Floor Console Armrest Bumper	22840512
7		Center Console Latch	86540959

Item	Image	Part Name	GM Number
8		Center Console Latch	85599089
10		Trim Plate	84794357
11		Cup Holder	85166259
12		Console Cup Holder Bezel	84169555
14		Heater and Air Conditioning User Interface Control	84916706 - 84916707
15		Switch Panel	84792126
16		Controller	85022967
17		Black Ride Control Switch	84505157
18		Black Vehicle Stability Control System Switch	84610004 - 84610005
18		Black Vehicle Stability Control System Switch	84610006
19		Switch Bezel without carbon fiber.	23429650
19		Switch Bezel with carbon fiber.	23429652
20		Console Armrest	84806609
21		Front Floor Console Wiring Harness	84921112
5		M4.2x1.41x25 Multi-Purpose Bolt	11547421

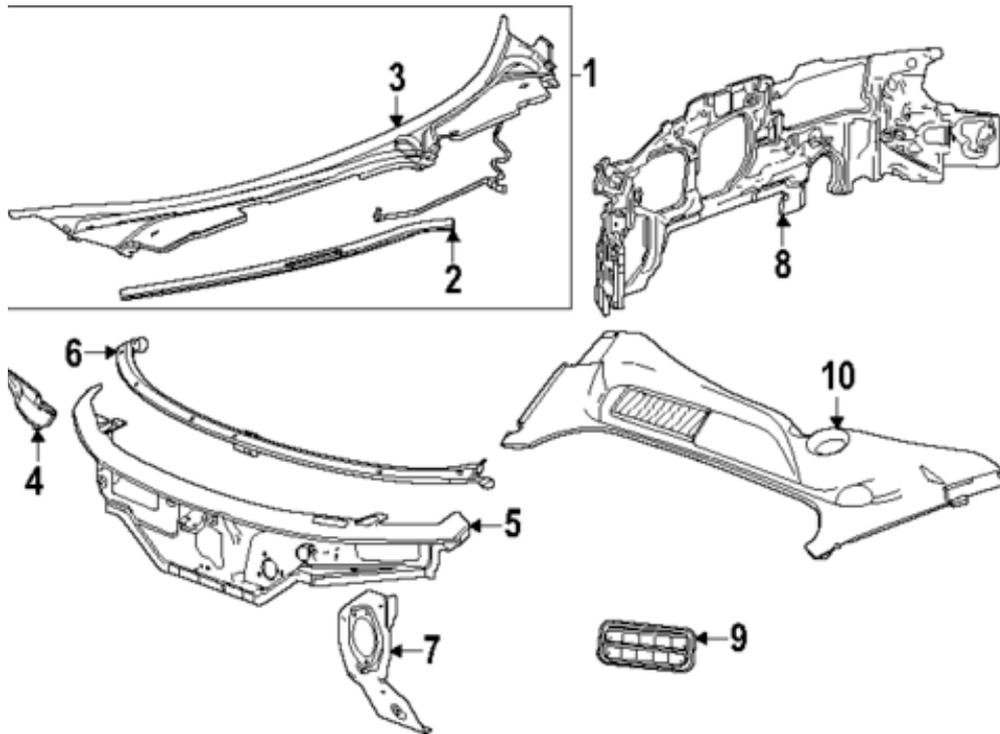

## 6. Cluster & Switches Chevrolet Corvette

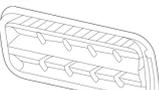

Item	Image	Part Name	GM Number
1		Instrument Cluster	86534685 - 84850571
2		Switch	85568945
3		Black Dimmer Switch	84865083
4		Start Button	85007203
4		On/Off Vehicle Switch	84593316
5		Head-Up Display	85056648
6		Heads-Up Display Bracket	84580205
7		Black Head-Up Display Switch	84625136

Item	Image	Part Name	GM Number
8		Display Unit	84987616- 84918275 -84858589
9		Black Instrument Compartment Door Release Switch	23372455
10		Sun Load Temperature Sensor	13545621

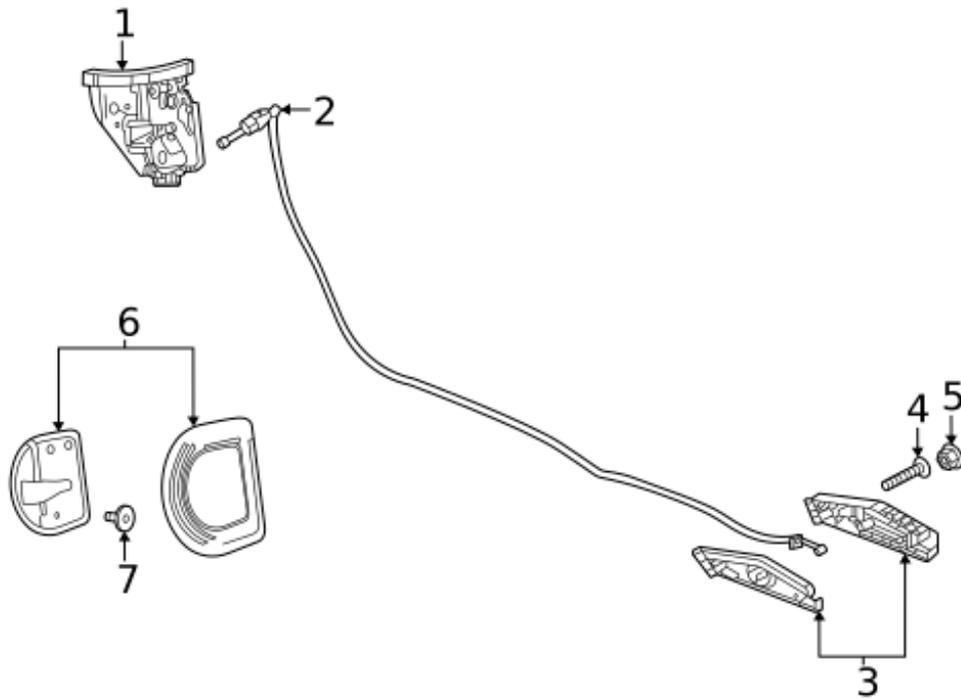

## 7. Cowl Chevrolet Corvette

Item	Image	Part Name	GM Number
1		Air Inlet Grille Panel	85512300
4		Side Cover Left	85611412
4		Side Cover Right	85611417
5		Dash Panel	86527736
6		Dash Upper Extension Panel Reinforcement	84559287
7		Driver Side Floor Kick Up Panel	84537692
7		Passenger Side Floor Kick Up Panel	84612017
8		Dash Panel Inner Insulator	84704107
9		Body Pressure Relief Valve	84827875

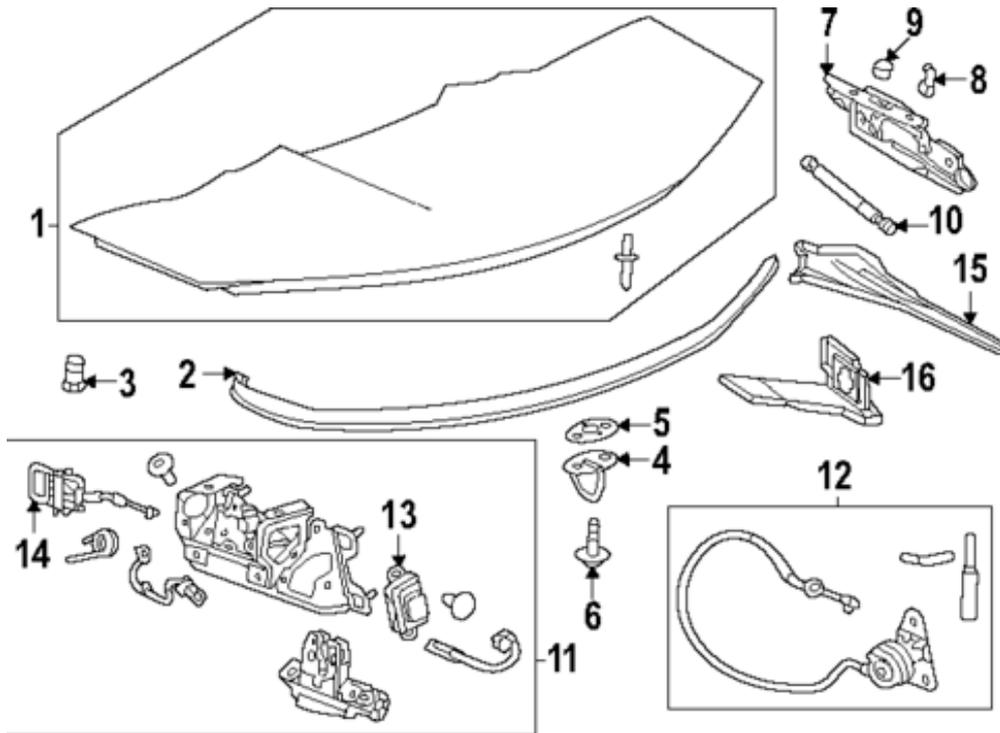

Item	Image	Part Name	GM Number
10		Front Compartment Rear Access Cover	84862302
		Retainer	22547243

## 8. Door Chevrolet Corvette

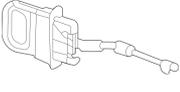

Item	Image	Part Name	GM Number
1		Front Driver Side Door Latch	13540955 - 13540957
1		Front Passenger Side Door Latch	13540956 - 13540958
2		Control Cable	13540335
3		Handle, Inside	85162513 - 85162512
4		M6x1x53 Multi-Purpose Bolt	11588592
5		Ebony Front Side Interior Door Handle Bezel Finish Plug	15144881
6		Door Lock Striker Cover Right	86817923
6		Door Lock Striker Cover Left	86817918
7		Door Lock Rod Cover Bolt	11602998

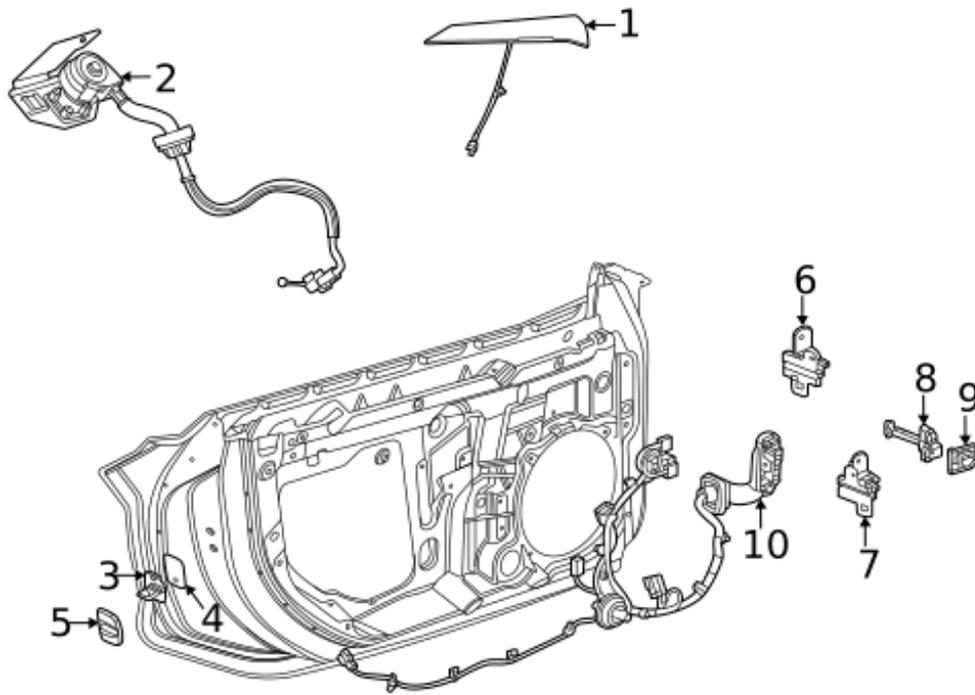

## 9. Door Trunk Chevrolet Corvette

Item	Image	Part Name	GM Number
1		Trunk Lid	85160312
2		Weatherstrip	84952580
4		Deck Lid Striker	23391603
5		Deck Lid Latch Striker Shim	13584212
6		M6x1x30mm Multi-Purpose Bolt	11570173
7		Driver Side Rear Compartment Lid Hinge	84646652
7		Passenger Side Rear Compartment Lid Hinge	84646653
8		Deck Lid Hinge Bumper	25896511
9		Multi-Purpose Cap	10390945

Item	Image	Part Name	GM Number
10		Lift Cylinder	23429038
11		Latch Assembly	86782301
12		Lock Cylinder	84811998
12		Lock Cylinder	85511550
13		Module	86798571
14		Release Handle	84622309
15		Emblem	84904233
15		Emblem Stingray, carbon flash.	84904236

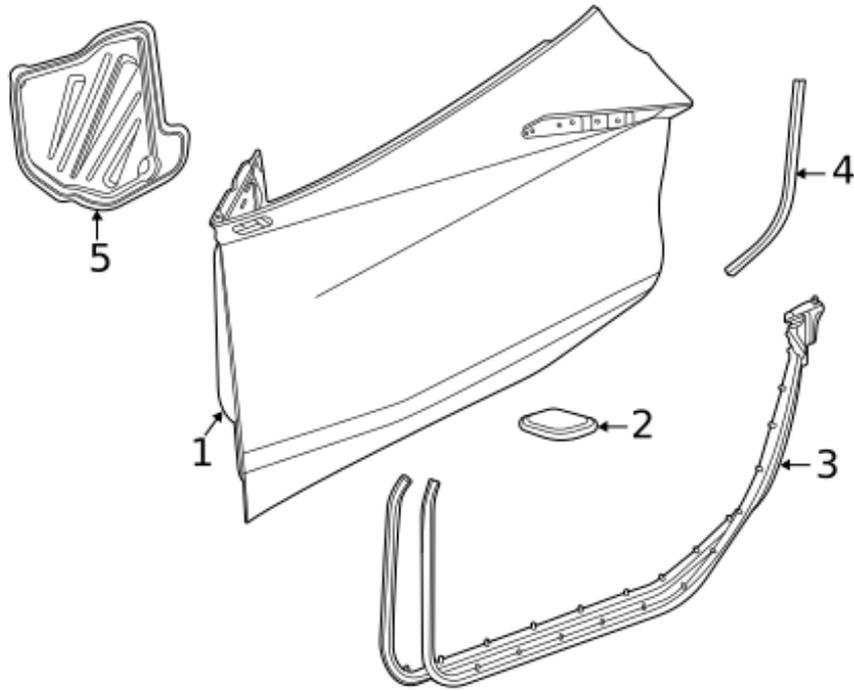

## 10. Door Chevrolet Corvette

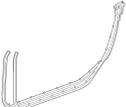

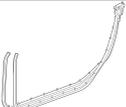

Item	Image	Part Name	GM Number
1		Primed Front Passenger Side Door Exterior Handle	84870971
1		Primed Front Driver Side Door Exterior Handle -	84870970
2		Lock Cylinder	84811998
3		Side Door Lock Striker	23168304
4		Side Door Striker Spacer	23123665
5		Front Side Door Hinge Front Left Lower,Front Right Upper,LEFT,RIGHT	22762356
6		Front Side Door Hinge Front Left Lower,Front Right Upper,LEFT,RIGHT	22762357
5		Cover-Frt/Rr S/D Lk Strk -	13574802
8		Front Side Door Check Link	23429023

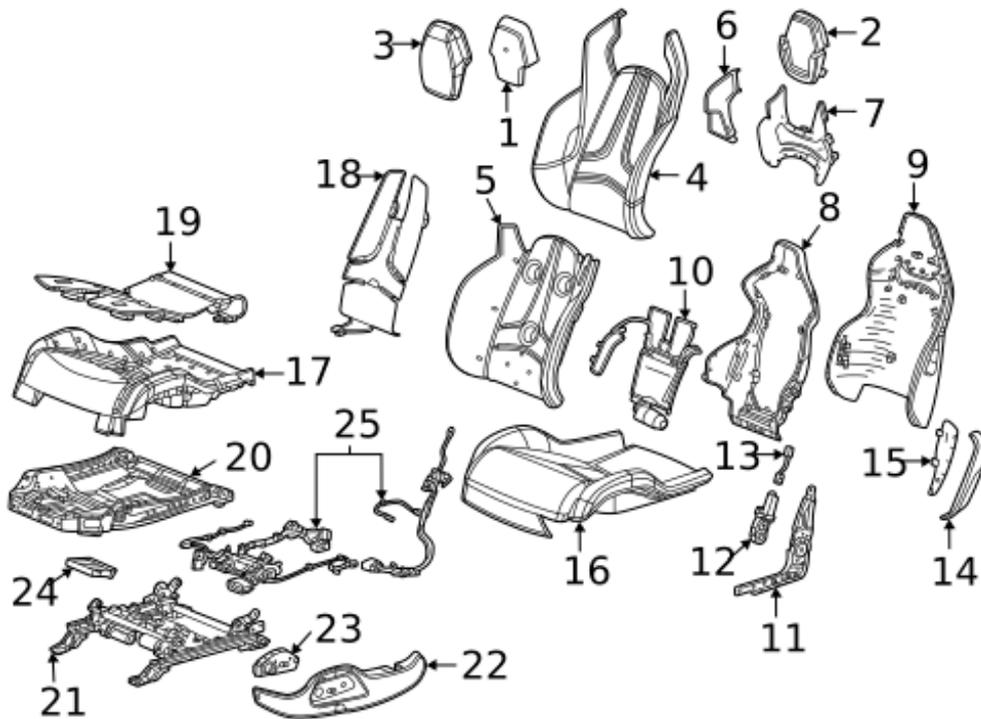

Item	Image	Part Name	GM Number
9		Door Check Cover	84234901 - 84274974
10		Front Passenger Side Door Wiring Harness Door side, 14 speaker system,	84716057
10		Front Driver Side Door Wiring Harness Door side, 14 speaker system,	85527016
10		Front Passenger Side Door Wiring Harness Door side, 10 speaker system,	85527019
10		Front Driver Side Door Wiring Harness Door side, 10 speaker system,	85527017
		Front Driver Side Door Latch	84915056
		Front Passenger Side Door Latch	84915057

## 10.1.Door Chevrolet Corvette

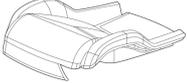

Item	Image	Part Name	GM Number
1		Door Shell left	85134018
1		Door Shell right	86819215
2		Plug-Frt S/D Inr Pnl Hole	10283990
3		Front Driver Side Door Weatherstrip	84688858
3		Front Passenger Side Door Weatherstrip	84688859
4		Multi-Purpose Tape LH & RH	84850197 - 84850198
5		F (S)Deflector LH & RH	85608595 - 85608594

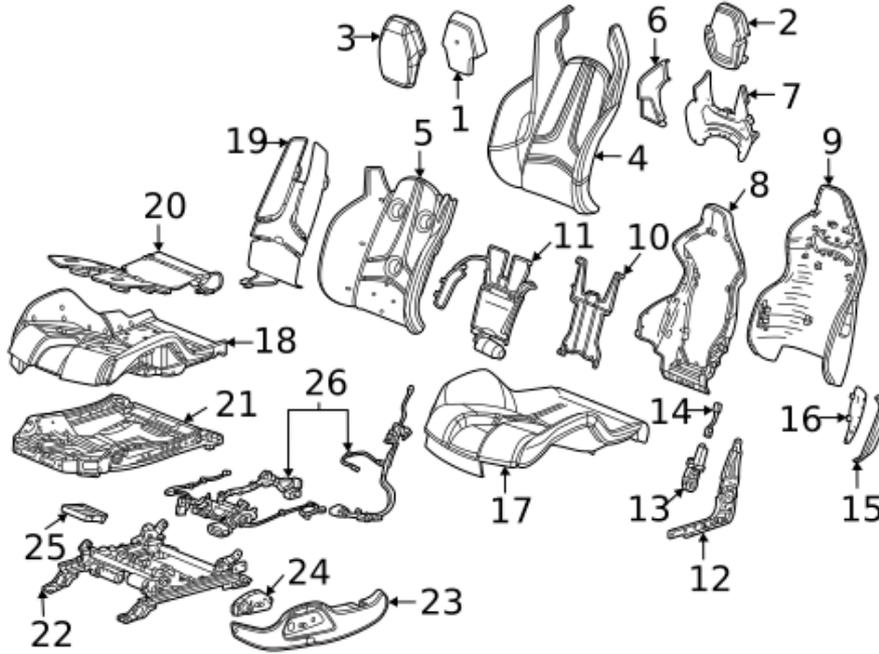

## 11.Driver Seat Components Chevrolet Corvette

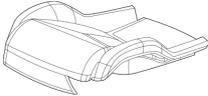

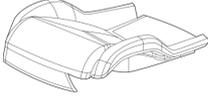

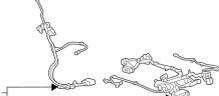

Item	Image	Part Name	GM Number
1		Headrest Pad / EFT,Left Outer,RIGHT,Right Outer	84701941
2		Headrest Pad / LEFT,Left Inner,RIGHT,Right Inner	84701939
3		Headrest Cover <b>For color and type of seat search by description or part number</b>	84830643 - 44 - 42 - 45 / 84701969 - 71 - 74
4		Seat Back Cover	84828632
5		Seat Back Pad	84852487
6		Seat Back Cushion	84933954
7		Trim Bezel	85146395
8		Front Seat Back Frame	84406197

Item	Image	Part Name	GM Number
10		Lumbar Support	84935553
12		Motor	84213363
14		Side Cover	84807933
16		F Cover / Black Driver Seat Cushion Cover. PART NUMBER DIFFERS BY COLOR	84830336 - 84830338 - 84830335 - 84830355

7		Visor Bracket Right Coupe windshield header natural tan	Right	84831354
7		Visor Bracket Right Coupe windshield header red	Right	84831353
7		Visor Bracket Right Coupe windshield header twilight blue	Right	84831352
7		Visor Bracket Right Coupe windshield header Sky cool gray	Right	84831351

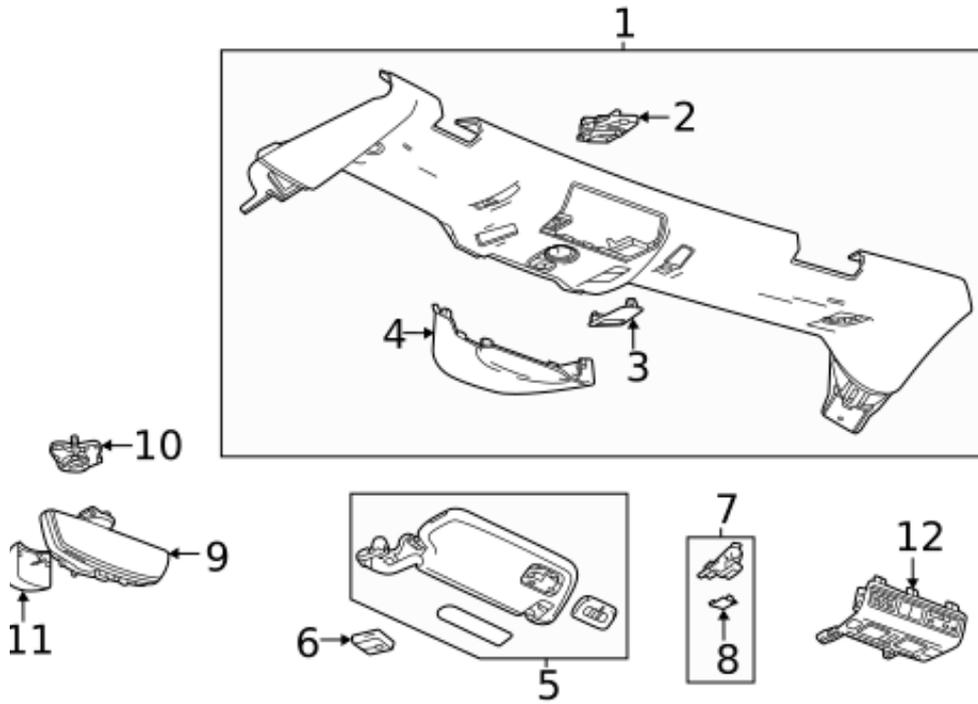

Part	Image	Part Name	Position	GM Number
9		Mirror Inside Coupe windshield header with video display		85632442
9		Inside Rearview Mirror Coupe without auto dimming without video display		23295991
10		Inside Rearview Mirror Bracket Coupe windshield header		84630759
11		Mirror Inside Cover Coupe windshield header		84348115

## 40.1. Interior Trim - Roof

Part	Image	Part Name	Position	GM Number
1		Rear Trim Panel Coupe rear roof panel suede natural tan		84703368
1		Rear Trim Panel Coupe rear roof panel suede twilight blue		84703367
1		Rear Trim Panel Coupe rear roof panel suede red		84703366
1		Rear Trim Panel Coupe rear roof panel suede Sky cool gray		84703365
1		Rear Trim Panel Coupe rear roof panel suede black		84703364
1		Rear Trim Panel Coupe rear roof panel cloth		84703362
2		Multi-Purpose Clip for Rear Trim Panel		11588650
4		Clip Without push-in nut Coupe rear roof panel		11547027

## 40.2. Interior Trim - Roof

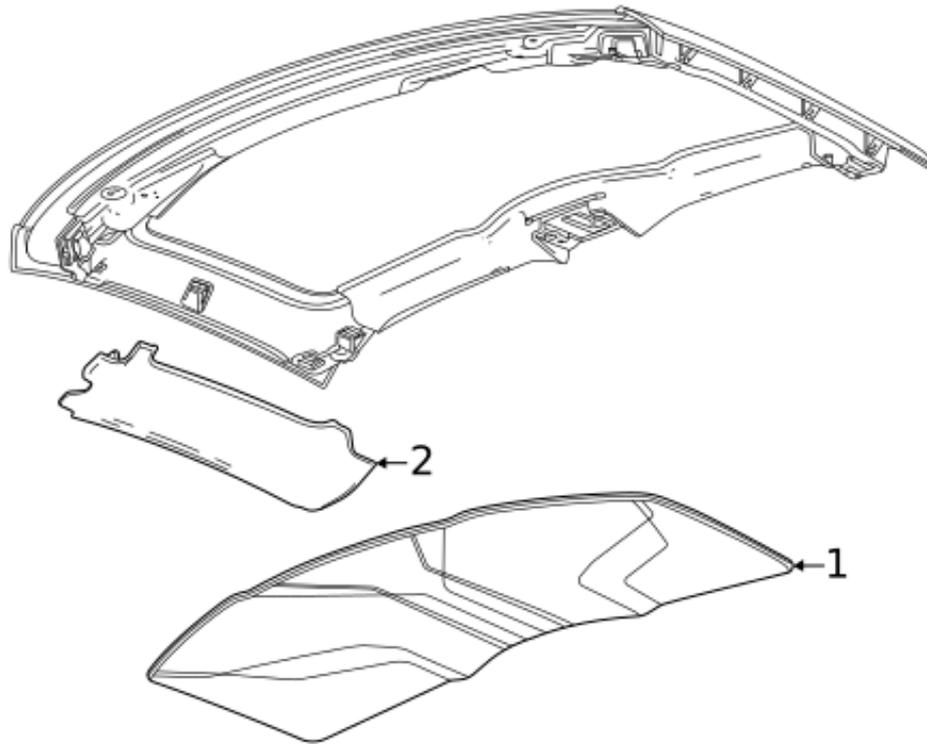

Part	Image	Part Name	Position	GM Number
5		Sun-Visor Coupe, windshield header, without suede, with garage opener, black.		87818576

### 40.3. Interior Trim - Roof Related Parts

Part	Image	Part Name	Position	GM Number
		Multi-Purpose Bolt		11546335
		Multi-Purpose Nut		11548673
		M4.2x1.41x22 Multi-Purpose Bolt		11570761
		Windshield Post Trim Clip		11602470
		Multi-Purpose Bolt		11611883
		Multi-Purpose Bolt		11611884

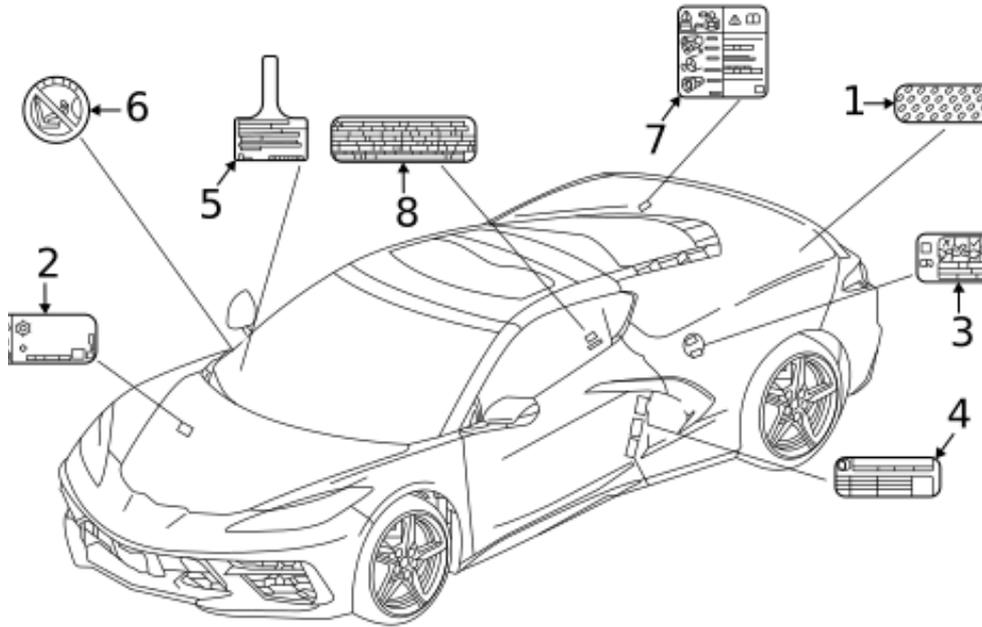

## 41. Interior Trim - Top

Part	Image	Part Name	Position	GM Number
1		Headliner - COUPE. with suede black/yellow		84621267
1		Headliner - COUPE. with suede black/red		84621268
1		Headliner - COUPE. with suede black/gray		84621269
1		Headliner - Coupe, with suede, red		84621270
1		Headliner - COUPE. with suede twilight blue		84621271
1		Headliner - COUPE. with suede Sky cool gray		84621272
1		Headliner - COUPE. with suede black/tan		84621273
1		Headliner - COUPE. with suede natural tan		84621274

Part	Image	Part Name	Position	GM Number
1		Headliner - COUPE. without suede		85001595
2		Black Driver Side Roof Lift Off Panel/Window Latch Trim Cover - Coupe, with suede. Helps conceal roof latch	Left	84746965
2		Molding - Coupe, without suede (Right)	Right	86587920
2		Black Passenger Side Roof Lift Off Panel/Window Latch Trim Cover - Coupe, with suede. Helps conceal roof latch	Right	84746969
2		Trim Cover - Coupe, without suede (Left)	Left	86587918

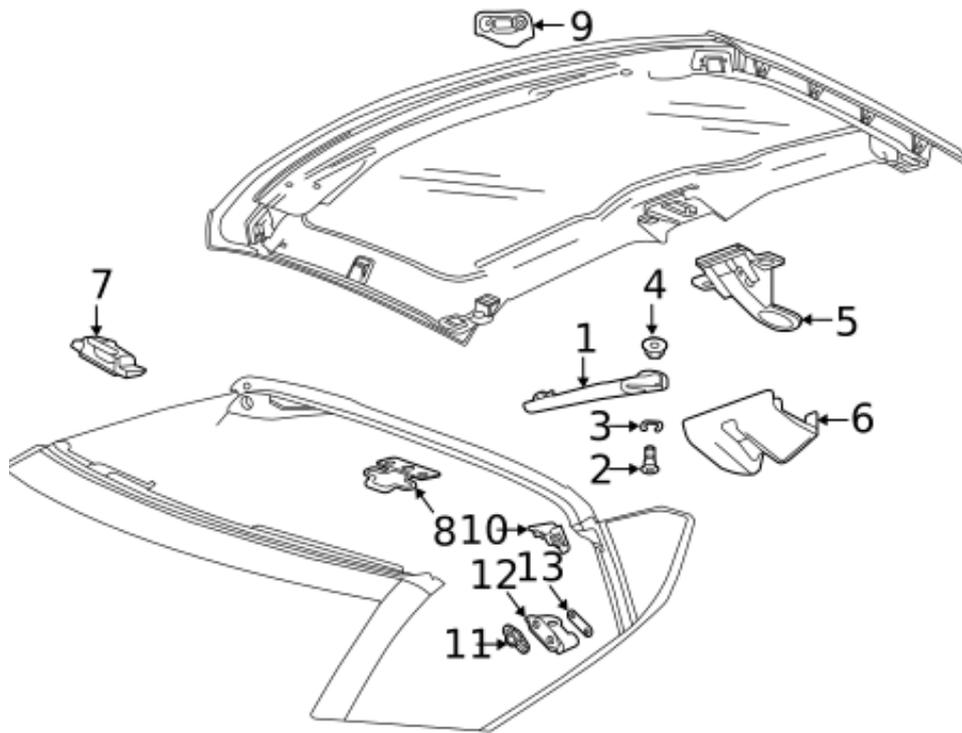

## 42.Labels

Part	Image	Part Name	Position	GM Number
1		Emission Control Information Label - Ordered specifically by VIN. Non-returnable.		19354745
2		Air Conditioning Refrigerant Charge Label - This GM Genuine Part is designed, engineered, and tested to rigorous standards		84632622
3		Premium Unleaded Fuel Label - With premium fuel. This GM Genuine Part is designed, engineered, and tested to rigorous standards		22756443
4		Label Kit, Vehicle Capacity Wt & Tire Info - Tire pressure Sedan, Wagon, Coupe. This GM Genuine Part is designed, engineered, and tested to rigorous standards		19206430
7		Chemical Exposure Danger Label - Chemical exposure, deck lid. This GM Genuine Part is designed, engineered, and tested to rigorous standards		84767497
7		Warning Label - Chemical exposure deck lid, convert.		84767498
8		F Label - Chemical exposure door glass		85758528

## 43.Latch & Hardware

Part	Image	Part Name	Position	GM Number
1		Convertible Top Crank - Coupe. (Right)	Right	84891619
1		Convertible Top Crank - Coupe. (Left)	Left	84891618
2		Bolt - Int 6 Lobed Rnd Hd Shoulder - Coupe. This GM Genuine Part is designed, engineered, and tested to rigorous standards	Right	11561339
3		Washer - Coupe. Helps distribute torque pressure and secures various parts of your vehicle. GM Genuine Part	Right	11588888
4		Plate-R/Top Frt Lat Anc - Coupe. Provides a mounting point for your vehicle's removable roof latch handle. (Left)	Left	10336171
4		Plate-R/Top Frt Lat Anc - Coupe. Provides a mounting point for your vehicle's removable roof latch handle. (Right)	Right	10336170
5		Convertible Top Latch - Coupe, hard top.		84712096

Part	Image	Part Name	Position	GM Number
6		Lift Off Roof Panel Latch Cover in Black with Clips - Coupe, hard top. Helps conceal removable roof latch		23115365
7		Convertible Top Lock Pad - COUPE front. (Left)	Left	84854052
7		Convertible Top Lock Pad - COUPE front. (Right)	Right	23507289
8		Roof Lift Off Panel/Window Rear Striker - Coupe, rear. Helps secure the removable roof panel closed		23429075
9		Driver Side Roof Lift Off Panel/Window Stowage Front Bracket - Coupe. Helps align and secure your vehicle's removable roof panel (Left)	Left	23301456
9		Passenger Side Roof Lift Off Panel/Window Stowage Front Bracket - Coupe. Helps align and secure your vehicle's removable roof panel (Right)	Right	23301457
10		Convertible Top Retainer - Coupe. (Right)	Right	84407040
10		Convertible Top Retainer - Coupe. (Left)	Left	84407039
11		Rear Lift Off Roof Panel Locator - Coupe, hard top. Helps align the roof panel in the correct position to be secured to vehicle	Right	10270313
12		F Bracket - Coupe, hard top.	Right	85144255
13		Lift Off Roof Panel Locator Plate - Coupe, hard top. Provides a mounting point for your vehicle's removable roof latch handle	Right	10277360

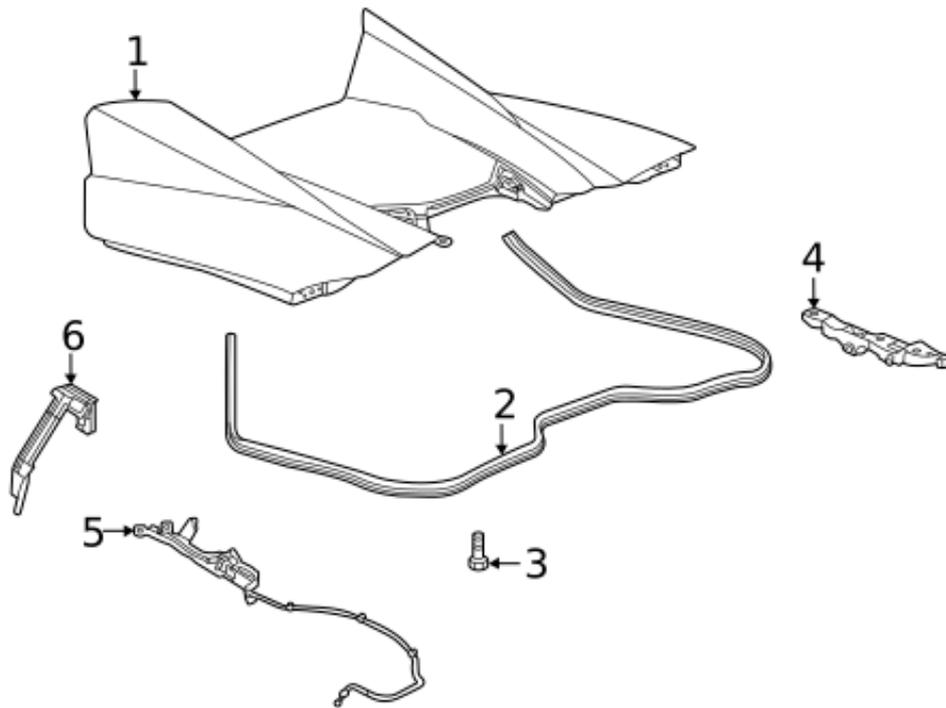

## 44.Lid & Components

Part	Image	Part Name	Position	GM Number
1		Engine Lid - Coupe		86774223
2		Liftgate Upper Weatherstrip - Coupe. Helps prevent contaminants from entering around your vehicle's liftgate		84407038
3		Weather-Strip On Body - Coupe		84952581
4		Multi Purpose Stop Bumper - Coupe, adjustable. Helps prevent contact between components and absorbs shock		84848286
5		Bumper-L/Gate Si - Upper. Coupe, non-adjustable. Helps prevent contact between components and absorbs shock		15298287
6		Driver Side Liftgate Hinge - Coupe. Helps mount your vehicle's liftgate, and allows it to pivot open or closed		23429020
6		Passenger Side Liftgate Hinge - Coupe. Helps mount your vehicle's liftgate, and allows it to pivot open or closed		23429021

Part	Image	Part Name	Position	GM Number
7		Driver Side Liftgate Strut - Coupe. Corvette. Left. Provides support for holding your liftgate in its open position		84841720
7		Passenger Side Liftgate Strut - Coupe. Corvette. Right. Provides support for holding your liftgate in its open position		84841721
8		Liftgate Strut Bracket - Coupe, body side. Helps align and secure your vehicle's liftgate strut		84698729
9		Liftgate Strut Bracket - Coupe, gate side. Helps align and secure your vehicle's liftgate strut		23429029
10		Roof Rail Assist Handle - Coupe. Provides a secure gripping point. Matches the vehicle's interior trim package		23432309
11		Cargo Lamp - Coupe, first design. Coupe, second design.		84238354
11		Cargo Lamp - Coupe, first design.		84238355
12		Back Up Light Wiring Harness - Coupe		85617506
12		F Harness - Coupe, without video display mirror		85617509

## 44.1.Lid & Components

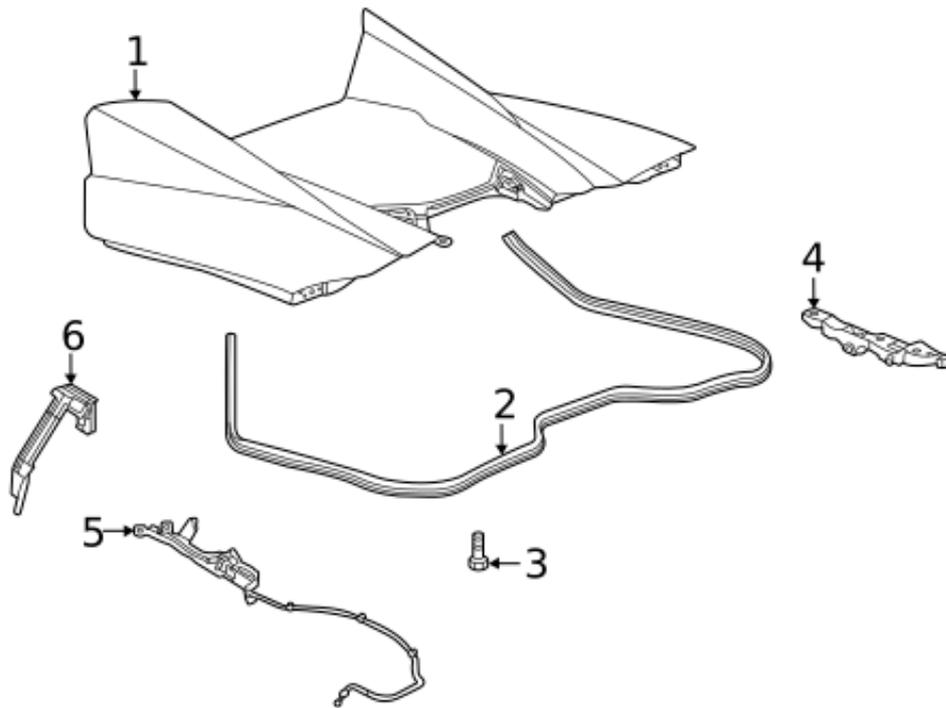

Part	Image	Part Name	Position	GM Number
1		Engine Lid - Convertible.		84841784
2		Folding Top Stowage Compartment Lid Weatherstrip - Convertible. This GM Genuine Part is designed, engineered, and tested to rigorous standards		23403679
4		Deck Lid Bracket - Convertible. Right		85541327
4		Deck Lid Bracket - Convertible. Left		85541326
5		Pivot Bracket - Superseded to 85153566. Left		84885822
5		Pivot Bracket - Convertible. Right		85153567
6		Side Weather-Strip - Convertible. Left		85535600

Part	Image	Part Name	Position	GM Number
6		Side Weather-Strip - Convertible. Right		85535601

## 44.2.Lid & Components. Related Parts

Part	Image	Part Name	Position	GM Number
		Hood Hinge Bolt - Without sport touring package, bumper cover & trim. Reservoir & hoses. Coupe. This GM Genuine Part is designed, engineered, and tested to rigorous standards		11519389
		Multi-Purpose Nut - This GM Genuine Part is designed, engineered, and tested to rigorous standards		11546449
		Multi-Purpose Nut - This GM Genuine Part is designed, engineered, and tested to rigorous standards		11546459
		M6x1 Multi-Purpose Nut - Lower. Helps align and secure various components This GM Genuine Part is designed, engineered, and tested to rigorous standards		11546545
		Body Side Deck Lid Hinge Bolt - Helps secure and attach your vehicle's deck lid to its hinge This GM Genuine Part is designed, engineered, and tested to rigorous standards		11546844
		Scr Asm - Hx Hd Con Spr Wa - This GM Genuine Part is designed, engineered, and tested to rigorous standards		11561763
		Multi-Purpose Nut - This GM Genuine Part is designed, engineered, and tested to rigorous standards		11610157
		M4.2x1.41x16 Multi-Purpose Bolt - Fastens vehicle's components together This GM Genuine Part is designed, engineered, and tested to rigorous standards		11611882
		Multi-Purpose Bolt - These are Sold Individually. Fastens vehicle's componenets together This GM Genuine Part is designed, engineered, and tested to rigorous standards		11611883
		Multi-Purpose Bolt - Sportback. 2018-19, inner. Tourx. Bumper support. Quarter panel. Convertible. Coupe, windshield header. Fastens vehicle's components together This GM Genuine Part is designed, engineered, and tested to rigorous standards		11611884
		Multi-Purpose Nut - This GM Genuine Part is designed, engineered, and tested to rigorous standards		25633101
		Bracket - Convertible, pin.		84121305

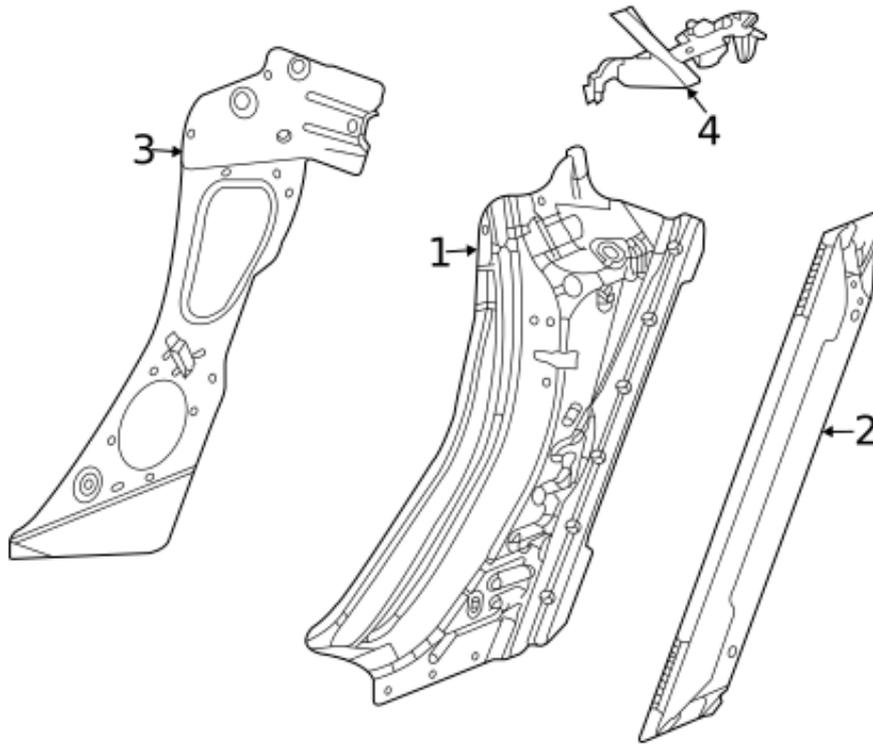

### 44.3.Lid & Components. Related Parts

Part	Image	Part Name	Position	GM Number
1		Engine Lid - Convertible.		84841784
2		Folding Top Stowage Compartment Lid Weatherstrip - Convertible. This GM Genuine Part is designed, engineered, and tested to rigorous standards		23403679
4		Deck Lid Bracket - Convertible. Right		85541327
4		Deck Lid Bracket - Convertible. Left		85541326
5		Pivot Bracket - Superseded to 85153566. Left		84885822
5		Pivot Bracket - Convertible. Right		85153567
6		Side Weather-Strip - Convertible. Left		85535600

Part	Image	Part Name	Position	GM Number
6		Side Weather-Strip - Convertible. Right		85535601

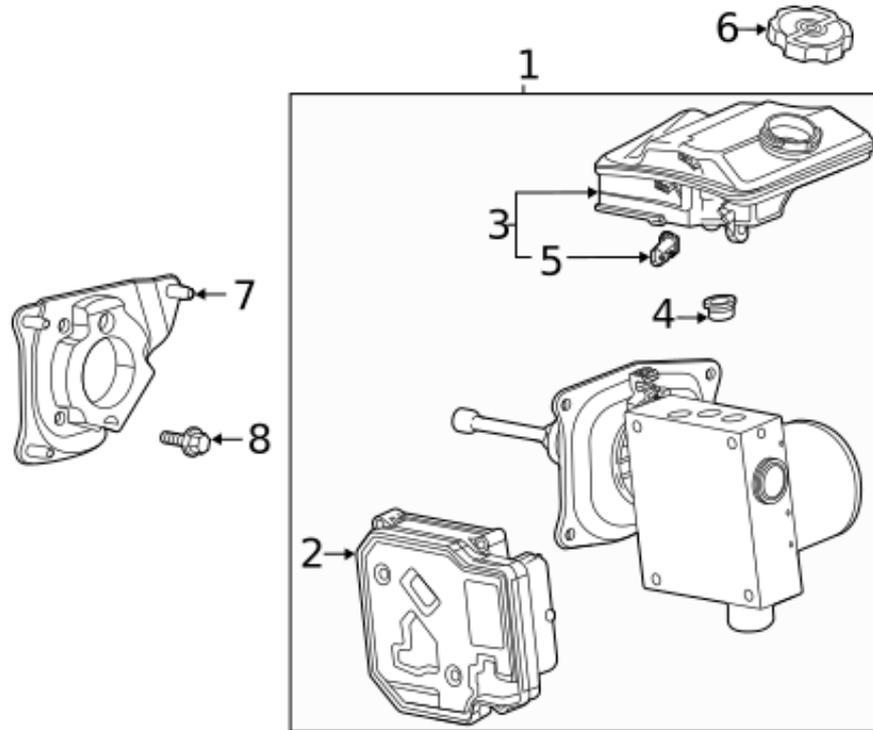

## 45.Lock Pillar

Part	Image	Part Name	Position	GM Number
1		Driver Side C-Pillar Outer Panel - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors. Collision parts are designed to help promote proper and safe repair		23428965
1		Passenger Side C-Pillar Outer Panel - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors. Collision parts are designed to help promote proper and safe repair		23428966
2		Driver Side Body Lock Pillar Lower Reinforcement - Helps secure your vehicle's body C-pillar. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors. Collision parts are designed to help promote proper and safe repair		84550708
2		Lock Pillar Reinforced (Right)		84550709
3		Driver Side C-Pillar Inner Panel - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors. Collision parts are designed to help promote proper and safe repair		84750487
3		Inner Lock Pillar (Right)		85118579
4		F Baffle (Left) - Convertible seat back panel		85536954

Part	Image	Part Name	Position	GM Number
4		F Baffle (Right) - Convertible seat back panel		85536955
		M5x.8x22 Body Bolt - Structure & components, 5x22mm. Convertible, lower rails. Coupe, lower rails. Coupe, seat back panel. Fastens vehicle's components together. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11547009

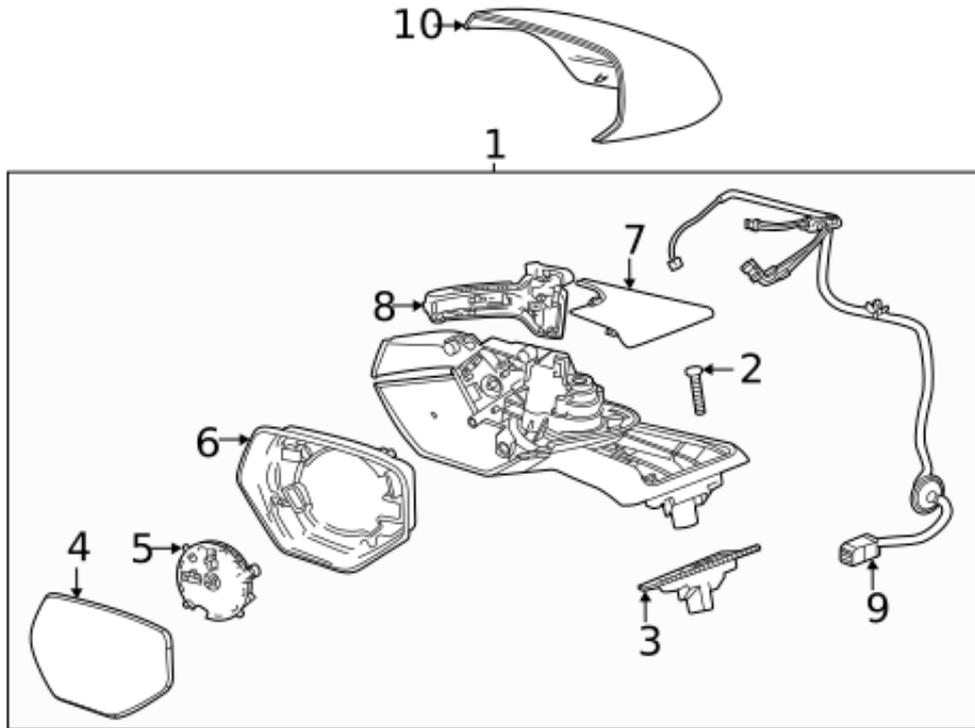

## 46.Master Cylinder - Components On Dash Panel

Part	Image	Part Name	Position	GM Number
1		Electronic Brake Booster Control Module - CT4. CT5. Corvette. This part requires programming and/or special setup procedures GM Service Information describes the procedures and special tools needed to ensure proper operation in the vehicle		86559065
2		Reservoir - Corvette. (Backordered)		84779555
3		Brake Fluid Level Sensor - Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		85165043
5		Reservoir Cap - 2021-25. 2023-24. With hybrid. 2018-22.		84826638
6		Brake Master Cylinder Reservoir Cap - With hybrid. Designed, engineered, tested, and warranted for GM vehicles Precise fit for ease of installation For proper installation, locate your nearest GM dealer, independent service center, or body shop		23373845
6		Mount Bracket		23441713
7		M8x1.25x35 Multi-Purpose Bolt - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		86539201

Part	Image	Part Name	Position	GM Number
8		Multi-Purpose Bolt - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11588725
Related		M5x.8x22 Body Bolt - Structure & components, 5x22mm. Convertible, lower rails. Coupe, lower rails. Coupe, seat back panel. Fastens vehicle's components together. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11602538

## 47.Outside Mirrors.

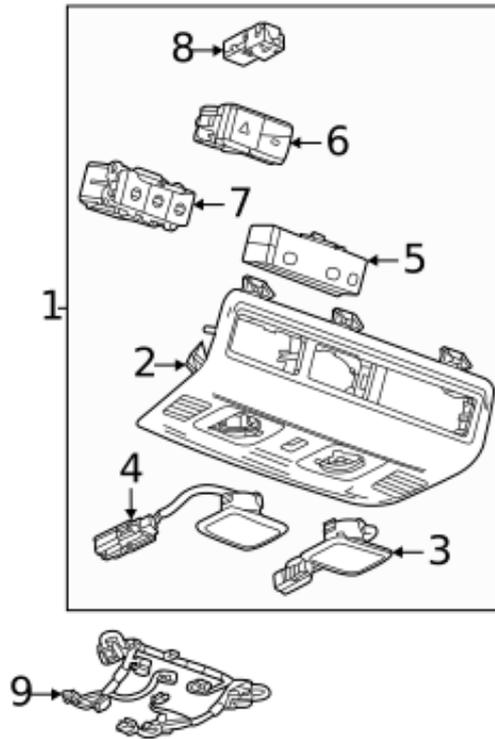

Part	Image	Part Name	Position	GM Number
1		Mirror Outside - Corvette Left With power folding	Left	84851430
1		Mirror Outside - Corvette Right With power folding (Discontinued)	Right	84851431
1		Mirror Outside - Corvette Left Without power folding	Left	84851432
1		Mirror Outside - Corvette Right Without power folding	Right	84851433
2		Door Mirror Bolt - Helps secure radiator support baffle	Right	11602850
3		Passenger Side Outside Rearview Mirror Gasket - tight seal from mirror to body	Right	84574944
3		Driver Side Outside Rearview Mirror Gasket - tight seal from mirror to body	Left	84574950
4		Passenger Side Door Mirror Glass - With auto dimming	Right	84743803

Part	Image	Part Name	Position	GM Number
4		Passenger Side Door Mirror Glass - Without auto dimming	Right	84574967
4		Driver Side Door Mirror Glass - Without auto dimming	Left	84574969
4		Driver Side Door Mirror Glass - With auto dimming	Left	84256872
5		Door Mirror Actuator - adjust and hold mirror position	Left	22936929
5		Door Mirror Drive Actuator - adjust and hold mirror position	Left	15951931
6		Driver Side Door Mirror Housing Bezel - Aligns and secures door mirrors	Left	84743816
6		Passenger Side Door Mirror Housing Bezel - Aligns and secures door mirrors	Right	84743817
7		F Lamp - Left Signal Lamp	Left	85571660
7		F Lamp - Right Signal Lamp	Right	85571661
9		Carbon Flash Passenger Side Door Mirror Bracket Cover - Helps protect bracket	Right	84632146
9		Carbon Driver Side Door Mirror Bracket Cover - Helps protect bracket	Left	84632145
10		Mirror Cover - Right Carbon fiber	Right	84729100
10		Mirror Cover - Left Carbon fiber	Left	84729099
10		Passenger Side Door Mirror Housing Upper Cover - Paint to match protects mirror	Right	84632142
10		Driver Side Door Mirror Housing Upper Cover - Paint to match protects mirror	Left	84632141
		Door Mirror Actuator Bolt		11548355

Part	Image	Part Name	Position	GM Number
		Door Mirror Bolt		11612292

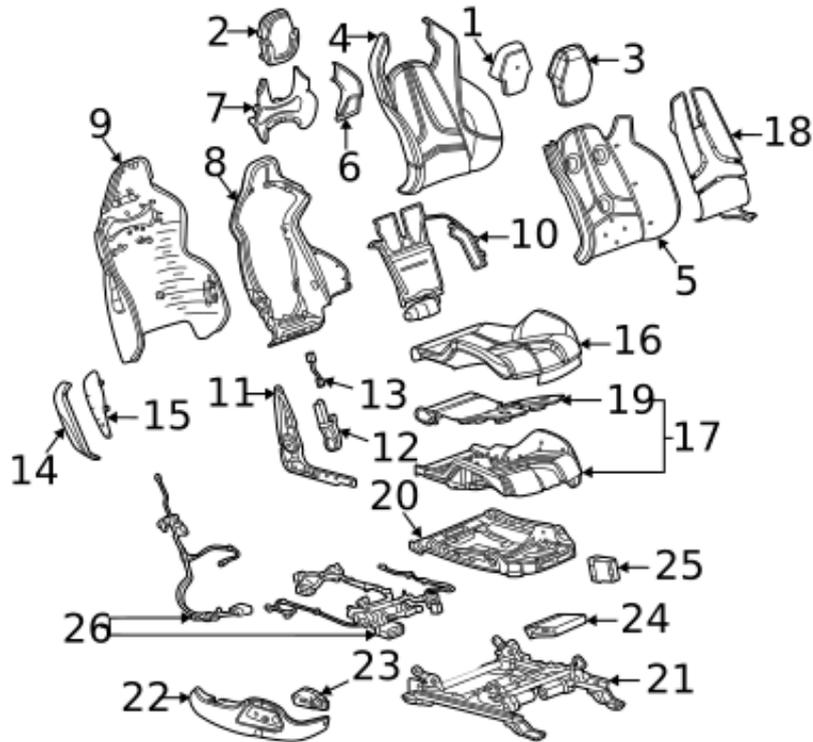

## 48.Overhead Console .

Part	Image	Part Name	Position	GM Number
1		Overhead Console - Without anti-theft. MSRP \$96.93 / \$70.07		84781319
1		Overhead Console - With anti-theft. Discontinued		84781321
2		Trim Plate - PARTS: Part included with overhead console. \$187.56		84779129
3		Jet Black Passenger Side Communication Interface Module Microphone - Helps collect spoken driver input to aid in navigation. MSRP \$30.98 / \$19.67		84743146
4		Jet Black Driver Side Mobile Telephone Microphone - Designed to allow hands free operation. MSRP \$32.60 / \$20.70		84743142
5		Air Bag System Status Indicator - PICKUP. airbag status. SUV. airbag status. MSRP \$25.39 / \$19.34		84144935
6		Black Hazard Warning Switch - Without anti-theft (utj). Corvette. Without theft deterrent. Work with vehicle electronics to help optimize vehicle capabilities. MSRP \$43.88 / \$26.99		23392579

Part	Image	Part Name	Position	GM Number
6		Black Hazard Warning Switch - With anti-theft (utj). Corvette. With theft deterrent. Work with vehicle electronics to help optimize vehicle capabilities. MSRP \$36.49 / \$25.57		84724766
7		Jet Black Button for Hands Free Calling - Onstar. Communication. On star. Places or ends phone calls with the push of a button Can contact roadside assistance services. MSRP \$6.66 / \$4.46		13440111
8		Front Floor Console Flood Lamp - Convertible, inner. MSRP \$9.12 / \$7.11		23217179
9		Harness - With anti-theft. MSRP \$225.94 / \$146.85		85612903
9		Harness - Without anti-theft.		85612905

## 49.Passenger Seat Components

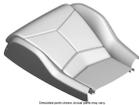

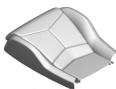

Part	Image	Part Name	Position	GM Number
1		Headrest Pad - Competition sport seat, outer. Body contoured seat. outer. Body countoured seat covers & pads. outer.	Right	84701941
3		Headrest Cover - Body contoured seat. leather black/tan. Body countoured seat covers & pads. leather black/tan.	Right	84701965
3		Headrest Cover - Body contoured seat. suede black/red. Body countoured seat covers & pads. suede black/red.	Right	84701968
3		Headrest Cover - Competition sport seat, covers & pads, suede, natural tan. Body contoured seat. suede tan. Body countoured seat covers & pads. suede natural tan.	Right	84701969
3		Headrest Cover - Body contoured seat. suede black/tan. Body countoured seat covers & pads. suede black/tan.	Right	84701970

Part	Image	Part Name	Position	GM Number
3		Gray Front Seat Head Restraint Cover - Body contoured seat, suede, gray. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair	Right	84701972
3		Headrest Cover - Competition sport seat, covers & pads, leather, black. Body contoured seat. leather black. Body countoured seat covers & pads. leather black.	Right	84830641
3		Red Front Seat Head Restraint Cover - Body contoured seat, leather, red. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair	Right	84830646
3		Headrest Cover - Body contoured seat. leather black/gray. Body countoured seat covers & pads. leather black/gray.	Right	84830647
3		Headrest Cover - Body contoured seat. leather blue. Body countoured seat covers & pads. leather twilight blue.	Right	84830648
4		Seat Back Cover - Body contoured seat. suede black. Body countoured seat covers & pads. suede black.	Right	84828645
4		Seat Back Cover - Body contoured seat. suede gray. Body countoured seat covers & pads. suede Sky cool gray.	Right	84828646
4		Seat Back Cover - Body contoured seat. suede tan. Body countoured seat covers & pads. suede natural tan.	Right	84828647
4		Seat Back Cover - Body contoured seat. suede black/red. Body countoured seat covers & pads. suede black/red.	Right	84828648
4		Seat Back Cover - Body contoured seat. suede black/yellow. Body countoured seat covers & pads. suede black/yellow.	Right	84828649
4		Seat Back Cushion Cover - Body countoured seat, covers & pads, leather, Sky cool gray.	Right	86796569
4		Seat Back Cover - Body contoured seat. leather red. Body countoured seat covers & pads. leather adrenaline red.	Right	84828655

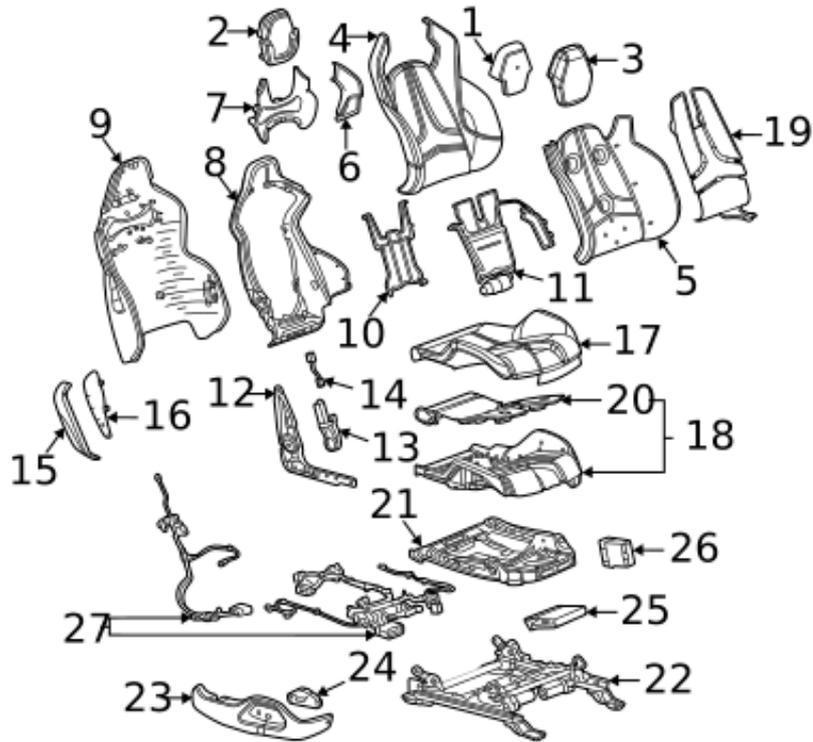

Part	Image	Part Name	Position	GM Number
4		Seat Back Cover - Body contoured seat. leather blue. Body countoured seat covers & pads. leather twilight blue.	Right	84828657
4		Seat Back Cover - Body contoured seat. suede black/tan. Body countoured seat covers & pads. suede black/tan.	Right	84828677
4		Seat Back Cover - Body contoured seat. leather black. Body countoured seat covers & pads. leather black.	Right	86796568
4		Seat Back Cover - Body contoured seat. leather tan. Body countoured seat covers & pads. leather natural tan.	Right	86796571
4		Seat Back Cover - Body contoured seat. leather black/red. Body countoured seat covers & pads. leather black/red.	Right	86796573
4		Seat Back Cover - BODY CONTOURED SEAT. leather black/yellow. Body countoured seat covers & pads. leather black/yellow.	Right	86796579
4		Seat Back Cover - Body contoured seat. leather black/gray. Body countoured seat covers & pads. leather black/gray.	Right	86796601
4		Seat Back Cover - BODY CONTOURED SEAT. leather black/aderaline. Body countoured seat covers & pads. leather black/aderaline.	Right	86796603
4		Seat Back Cover - Body contoured seat. leather black/tan. Body countoured seat covers & pads. leather black/tan.	Right	86796605
4		Seat Back Cover - Body contoured seat. suede black/gray. Body countoured seat covers & pads. suede black/gray.	Right	86796654
4		Seat Back Cover - BODY CONTOURED SEAT. suede black/aderaline.	Right	86796655
5		Seat Back Pad - Body contoured seat. Body countoured seat covers & pads.	Right	84852487
6		F Support - Competition sport seat. Body contoured seat.	Right	84933955
6		Seat Back Cushion - Body contoured seat. Body countoured seat frames & components.	Left	84933954

Part	Image	Part Name	Position	GM Number
7		Trim Bezel - Body contoured seat. Competition sport seat, frames & components. Body countoured seat frames & components.	Right	85146395
11		Seat Back Recliner - Body contoured seat. inner.	Right	84213366
11		Seat Back Recliner - Body contoured seat, outer. Frames & components touring seat. Touring seat. outer.	Right	84213368
12		Motor - Body contoured seat. Corvette. Recliner. Right. Competition sport seat, frames & components. Body countoured seat frames & components.	Right	84213364
13		Front Seat Cushion Wiring Harness - Body contoured seat. Touring seat. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84213387
14		Side Cover - Body contoured seat. Covers & pads touring seat.	Right	84807935
16		Seat Cover - Body countoured seat, covers & pads, suede, black/gray.	Right	84830359
16		Black Front Passenger Side Seat Cushion Cover - Body contoured seat, suede, black/tan.	Right	84787932

25		Module - Corvette. Competition sport seat, frames & components, heated seat. Body contoured seat. heated seat. Body countoured seat frames & components. heated seat.	Right	13533396
26		F Harness - Touring seat, frames & components, lower, with lumbar control. Body contoured seat. lower. Body countoured seat frames & components. lower.	Right	85127373

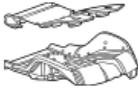

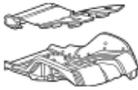

## 49.1.Passenger Competition Sport Seat Components

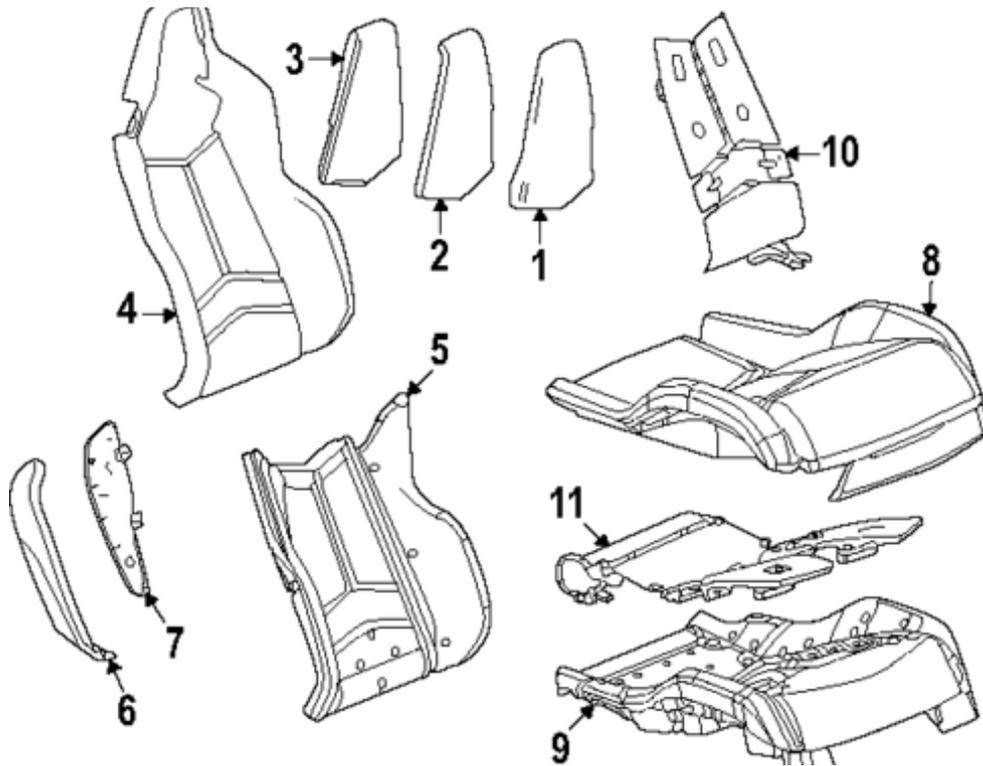

Part	Image	Part Name	Position	GM Number
2		Headrest Pad - Competition sport seat, covers & pads, inner. Body contoured seat. inner. Body countoured seat covers & pads. inner.	Right	84701939
3		F Cover - Competition sport seat, leather, tan. Body countoured seat, covers & pads, leather, natural tan.	Right	84830643
3		F Cover - Competition sport seat, leather, morello red.	Right	84830644
3		Headrest Cover - Competition sport seat, leather, black/yellow. BODY CONTOURED SEAT. leather black/yellow. Body countoured seat covers & pads. leather black/yellow.	Right	84701964
3		Headrest Cover - Competition sport seat, suede, black/yellow. Body contoured seat. suede black/yellow. Body countoured seat covers & pads. suede black/yellow.	Right	84701971
3		Black Front Seat Head Restraint Cover - Competition sport seat, textile, black. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair	Right	84701974

Part	Image	Part Name	Position	GM Number
3		Black Front Seat Head Restraint Cover - Body contoured seat, leather, black/red. Competition sport seat, leather, black/red. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair	Right	84830642
3		Headrest Cover - Competition sport seat. leather blue.	Right	84830645
3		Headrest Cover - Competition sport seat, covers & pads, suede, black. Body contoured seat. suede black. Body countoured seat covers & pads. suede black.	Right	84830654
4		Seat Back Cover - Competition sport seat. textile black.	Right	84830155
4		Seat Back Cover - Competition sport seat. leather black.	Right	84830157
4		Seat Back Cover - COMPETITION SPORT SEAT. leather black/adrenaline.	Right	84830158
4		Seat Back Cover - Competition sport seat. leather black/red.	Right	84830159
4		Seat Back Cover - Competition sport seat. leather tan.	Right	84830160
4		Seat Back Cover - Competition sport seat. leather blue.	Right	84830161
4		Seat Back Cover - Competition sport seat. leather black/yellow.	Right	84830162
4		Seat Back Cover - Competition sport seat, leather, morello red.	Right	84830163
4		Seat Back Cover - Competition sport seat. suede black.	Right	84830167
4		Seat Back Cover - Competition sport seat. suede tan.	Right	84830169
4		F Cover - Competition sport seat. suede black/yellow.	Right	85148933
4		Seat Back Cover - Competition sport seat. suede black/red.	Right	84830171

Part	Image	Part Name	Position	GM Number
5		Seat Back Pad - Competition sport seat. without heated seat.	Right	84659309
5		Seat Back Pad - Competition sport seat. with heated seat.	Right	84852490
8		Front Seat Back Frame - With heated. Competition sport seat. Touring seat. Provides structure and support for the seat cushion This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair	Right	84406197
9		Seat Back Panel - Competition sport seat. Body contoured seat. Body countoured seat frames & components.	Right	85146678
10		Support Spring - Competition sport seat. without heated seat.	Right	84935552
11		Lumbar Support - Body contoured seat. Corvette. Competition sport seat, frames & components, with heated/vent seat. Body countoured seat frames & components.	Right	84935553
17		Cushion Cover - Competition sport seat, suede, black.	Right	84830512
17		Seat Cover - Competition sport seat, covers & pads, suede, black/red.	Right	84934769
17		Cushion Cover - Competition sport seat. leather tan.	Right	84934770
17		Cushion Cover - Competition sport seat, suede, black/yellow.	Right	84830515
17		Cushion Cover - Competition sport seat, leather, black/adrenaline.	Right	84830531
17		Cushion Cover - Competition sport seat. leather black/tan.	Right	84934793
17		Cushion Cover - Competition sport seat, leather, black/yellow.	Right	84830534
17		Cushion Cover - Competition sport seat. leather black/red.	Right	84934791
17		Cushion Cover - Competition sport seat, leather, morello red.	Right	84934796

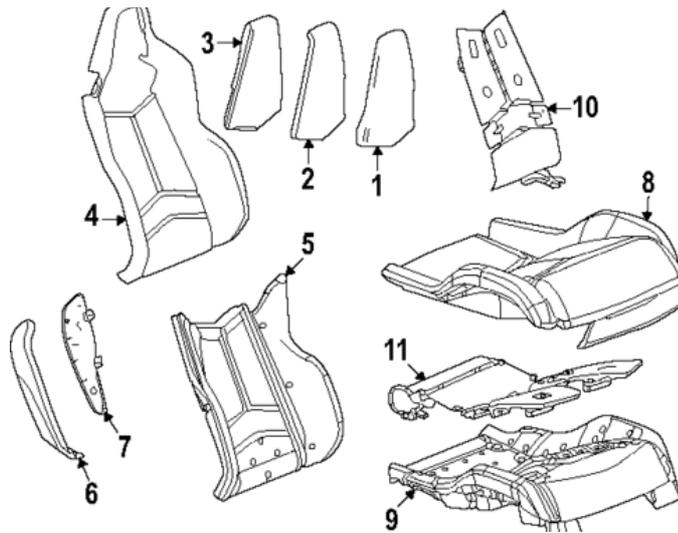

Part	Image	Part Name	Position	GM Number
17		Cushion Cover - Competition sport seat. textile black.	Right	84934802
18		Passenger Discriminating Sensor - Corvette. Without ventilated heat seat. Competition sport seat, without heated seat.	Right	85170010
18		Passenger Discriminating Sensor - Corvette. With ventilated heat seat. Without body contoured seat. Competition sport seat, with heated seat.	Right	85593596
19		Temperature Controlled Seat Blower Motor - Corvette. Competition sport seat covers & pads. seat back.	Right	85593590
20		F Blower - Corvette. Competition sport seat. seat cushion.	Right	85593593
21		Cushion Frame - Competition sport seat frames & components.	Right	84902445
23		Outer Finish Panel - Competition sport seat frames & components. Competition sport seat. with lumbar control.	Right	84744760
23		Outer Finish Panel - Competition sport seat. without lumbar control.	Right	84744764
24		Switch - Corvette. Right. Without power bolster. Competition sport seat. without lumbar control.	Right	84559419
26		Module - Seat cushion, with vented. CT4. To 12/20/21. Without performance seat, frames & shields, heater control. XT4. Rear. With leather. 2021-25, power seat without ventilated seat, heater control. Competition sport seat. heated seat.	Right	13535114
27		Front Passenger Side Seat Wiring Harness - Competition sport seat, upper, without heated seat. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84653534
27		Power Seat Wiring Harness - Competition sport seat. upper with heated seat. Body contoured seat. upper.	Right	84816491

## 49.2.Passenger Seat Components

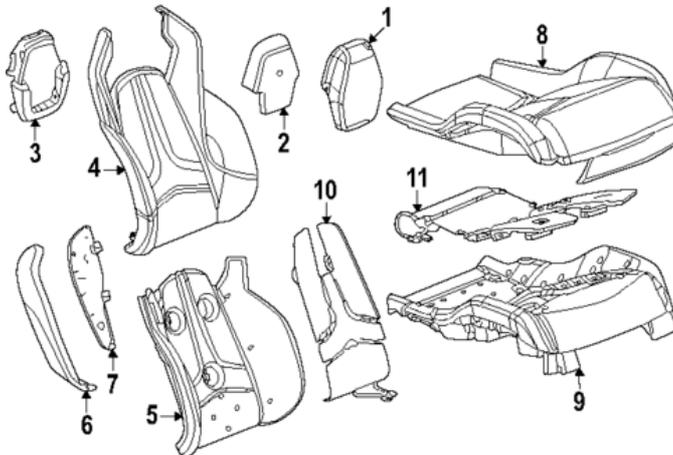

Part	Image	Part Name	Position	GM Number
4		Seat Back Covers & pads touring seat. Sky cool gray	Right	85144943
11		Temperature Controlled Seat Blower Motor Corvette. Body contoured seat. TOURING SEAT. seat cushion. Body countoured seat covers & pads. seat cushion.	Right	85593594

### 49.3.Passenger Seat Components

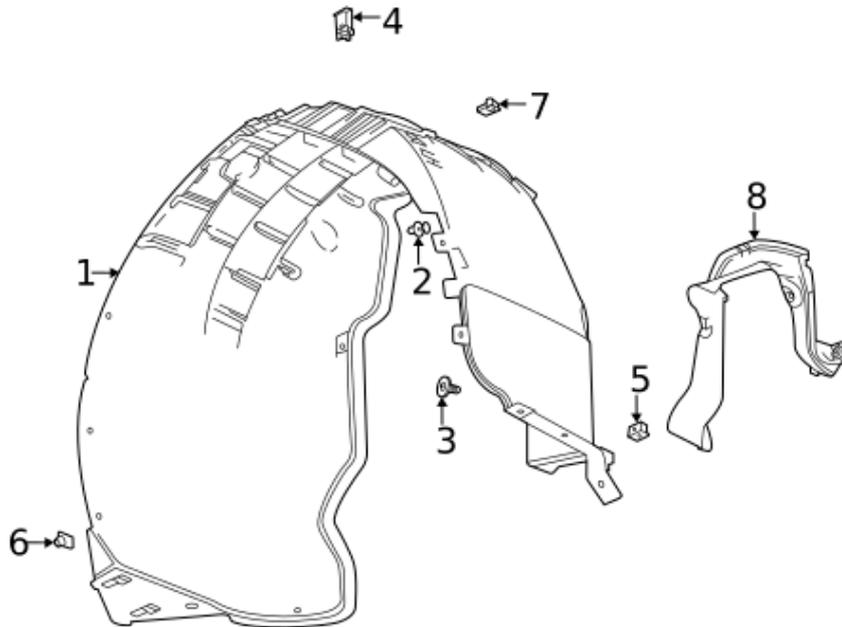

Part	Image	Part Name	Position	GM Number
2		Seat Back Cushion Frames & components touring seat.	Right	84883678

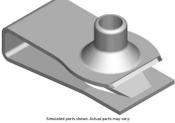

Part	Image	Part Name	Position	GM Number
2		Temperature Controlled Seat Blower Motor Corvette. Body contoured seat. Body countoured seat covers & pads. seat back.	Right	85593591

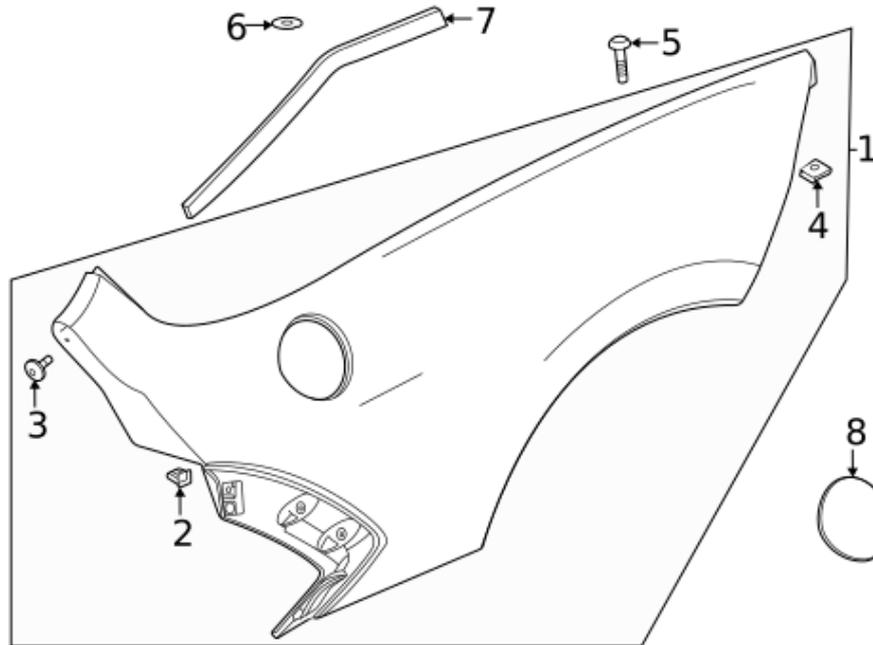

## 50. Quarter Panel & Components

Part	Image	Part Name	Position	GM Number
1		Wheelhouse Liner - Without z06, wheelhouse liner.	Left	84863634
1		Rear Passenger Side Wheelhouse Liner - Wheelhouse liner. Helps protect the inside of your fender from damage. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors. Collision parts are designed to help promote proper and safe repair.	Right	84863635
2		Push-Pin - These are Sold Individually. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Left	11612035
3		M4.2x1.41x20 Multi-Purpose Bolt - These are Priced and Sold Individually. GM Genuine Parts Bolts are designed, engineered, and tested to rigorous standards, and are backed by General Motors. These bolts fasten vehicle components together. GM Genuine Parts are the true OE parts installed during the production of or validated by General Motors for GM vehicles.	Right	11548270

Part	Image	Part Name	Position	GM Number
4		Multi-Purpose Nut - Helps align and secure various components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Right	11548580
5		M4.2x1.41 U-Style Spring Nut (Edge Mount) - Fender liner & shields. Wheelhouse liner, #2. Helps align and secure various components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Right	11602060
6		Multi-Purpose Nut - 5.8 ft box. 6.6 ft box. Bumper support, type 1. Insert,U-nut. Tourx, cover & trim. With gs, structure & mounting. With gs, cover & trim. Wheelhouse liner, #3. Headlamp assy,nut. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Left	11548578
7		M4.2 x 1.41 U Type Nut - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Right	11513599
8		Shield - With z06, wheelhouse liner, convertible.	Right	84769995
8		Shield - With z06, wheelhouse liner, convertible.	Left	84769940
8		Quarter Panel Splash Shield - Wheelhouse liner.	Right	84248831
8		Shield - With z06, wheelhouse liner, coupe.	Left	84248830

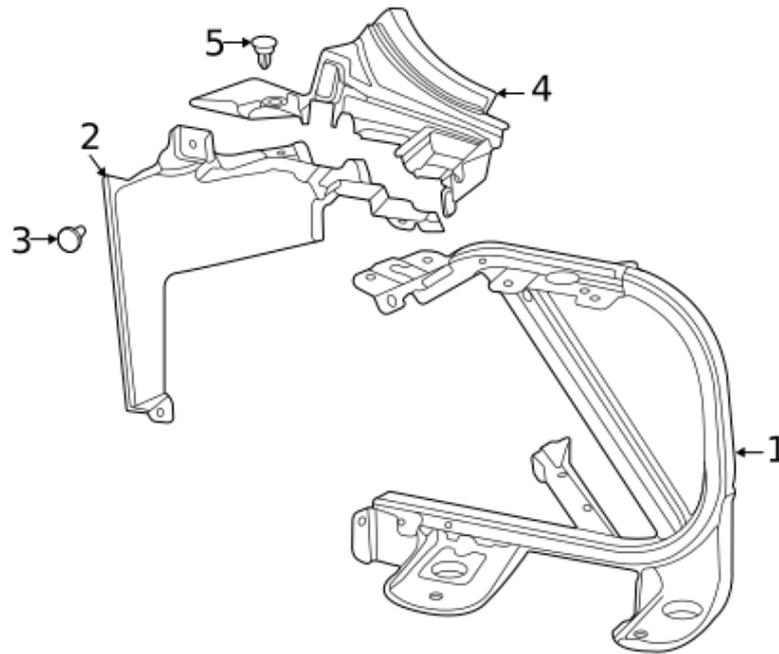

## 50.1.Quarter Panel & Components

Part	Image	Part Name	Position	GM Number
1		Quarter Panel - Without z06, quarter panel.	Right	87861823
1		Quarter Panel - Without z06, quarter panel.	Left	87861818
2		Clip (0.63 Spring Steel) - These are Sold Individually. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	16662182
3		Quarter Outer Panel Bolt - Quarter panel. Fastens vehicle's components together This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	11603154
4		Upper Center Pillar Trim Retainer Nut - Part included with quarter panel.	Right	11570654
5		Multi-Purpose Bolt - Sportback. 2018-19, inner. Tourx. Bumper support. Quarter panel. Convertible. Coupe, windshield header. Fastens vehicle's components together This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	11611884

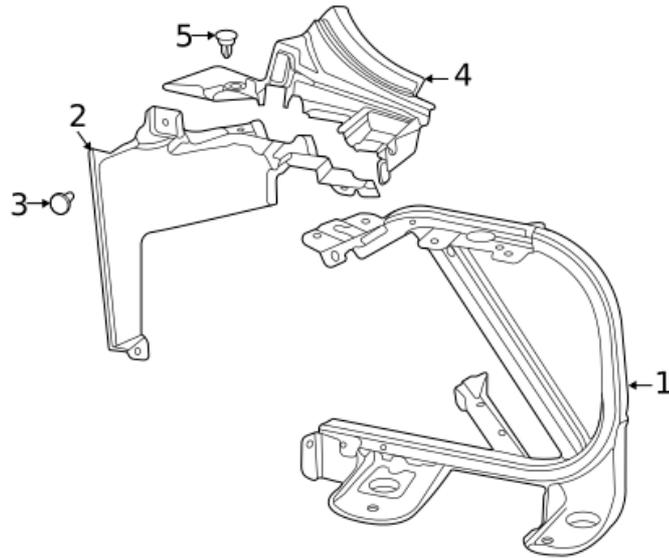

Part	Image	Part Name	Position	GM Number
6		Spacer-Frt Bpr Fascia - Lt, SS with rs pkg. Z11. Z28. Quarter panel. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	22739732
7		Intake Air Baffle - Quarter panel. Helps direct air flow and guide it to your vehicle's engine intake Helps separate moisture from entering the air intake This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84832176
8		Primed Fuel Tank Filler Door - Quarter panel. Allows access to fuel fill compartment Carefully packaged and shipped to protect and preserve primed surfaces This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84856358
		M4.2x1.41x25 Multi-Purpose Bolt - Sold Individually. Fastens vehicle's components together This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left - Right	11547421

## 51.Radiator Support

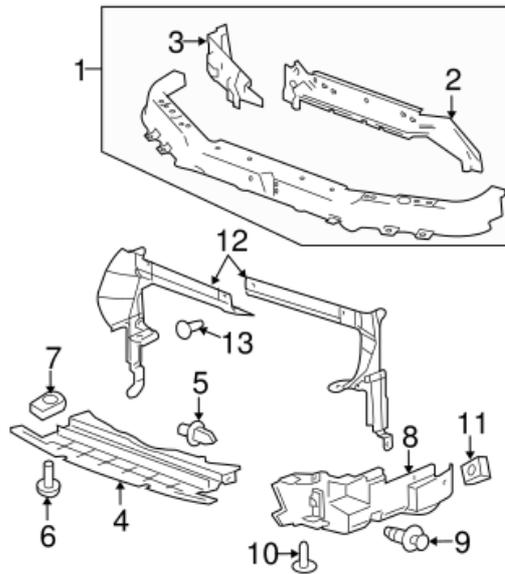

Part	Image	Part Name	Position	GM Number
1		Radiator Support - With z51 package, z06.	Left	85544894
2		Outlet Duct - With z51 package, z06.	Left	84756560
2		Outlet Duct - With z51 package, z06.	Right	84756562
4		Driver Side Auxiliary Radiator Rear Duct - Without z51 package. Maximizes air flow through your vehicle's radiator fins, helping remove heat from the circulating coolant.	Left	84225439
4		Passenger Side Auxiliary Radiator Rear Duct - Without z51 package. Maximizes air flow through your vehicle's radiator fins, helping remove heat from the circulating coolant.	Right	84225440
5		Multi-Purpose Retainer (sold individually) - These are Sold Individually.	Left	11589293

## 51.1.Radiator Support

Part	Image	Part Name	Position	GM Number
1		Radiator Support - With z51 package, z06.	Right	85544901
2		Driver Side Auxiliary Radiator Front Side Outlet Duct	Left	84756561
2		Passenger Side Auxiliary Radiator Front Outlet Side Duct	Right	84756563
3		Multi-Purpose Retainer (sold individually)	Left	11589293

## 51.2.Radiator Support

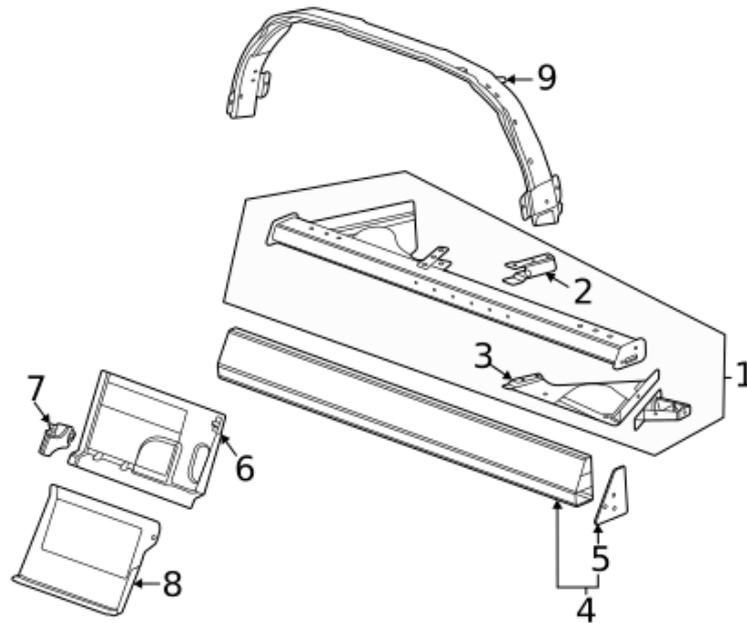

Part	Image	Part Name	Position	GM Number
6		M4.2x1.41x25 Multi-Purpose Bolt		11547421

## 51.3.Related Parts

Part	Image	Part Name	Position	GM Number
		Multi-Purpose Nut Without supercharged, 6.0L. 2009. Mounting insert. With z51 package. Convertible, lower rails, 6mm. Coupe. With hid. With zr1.		11518908
		Radiator Support Bolt With z51 package, z06.		11603567

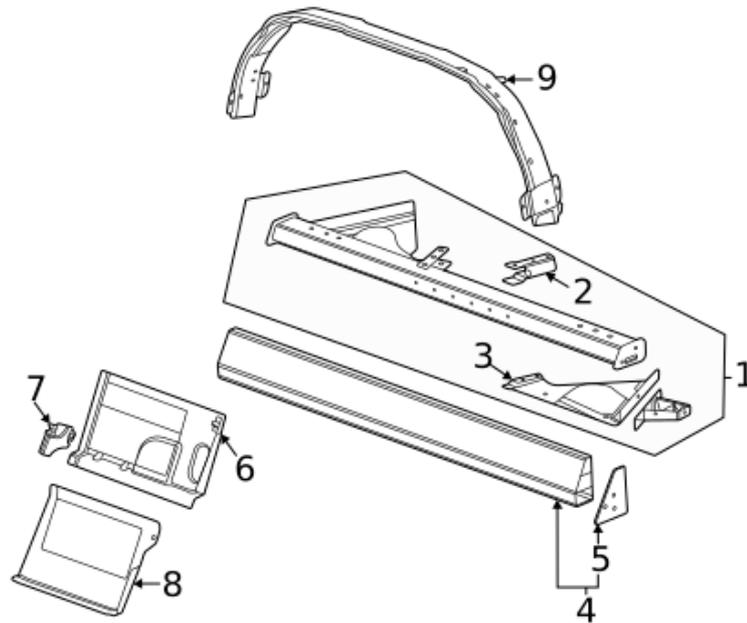

## 52.Rear Body

Part	Image	Part Name	Position	GM Number
1		Body Lock Pillar Reinforcement - Coupe, seat back panel. Helps secure your vehicle's body C-pillar. GM Genuine Part designed, engineered, and tested to rigorous standards.	N/A	84748118
2		Upper Reinforced - Coupe seat back panel.	Right	84748121
2		Driver Side Body Lock Pillar Reinforcement - Coupe, seat back panel. Helps secure your vehicle's body C-pillar. GM Genuine Part designed, engineered, and tested to rigorous standards.	Left	84748120
3		Lower Reinforced - Coupe seat back panel.	Right	84748119
3		Driver Side Body Lock Pillar Reinforcement - Coupe, seat back panel. Helps secure your vehicle's body C-pillar. GM Genuine Part designed, engineered, and tested to rigorous standards.	Left	84550699
4		Upper Tie Bar - Coupe, seat back panel. Convertible seat back panel.	N/A	84523963
5		Side Panel - Coupe, seat back panel. Convertible seat back panel.	Right	84618805

Part	Image	Part Name	Position	GM Number
5		Side Panel - Coupe, seat back panel. Convertible seat back panel.	Left	84591492
6		Seat Back Panel - Coupe, seat back panel.	Left	84469504
8		Passenger Side D-Pillar Inner Lower Panel - Coupe, seat back panel. Helps form your vehicle's exterior structure. GM Genuine Part designed, engineered, and tested to rigorous standards.	Right	23310643

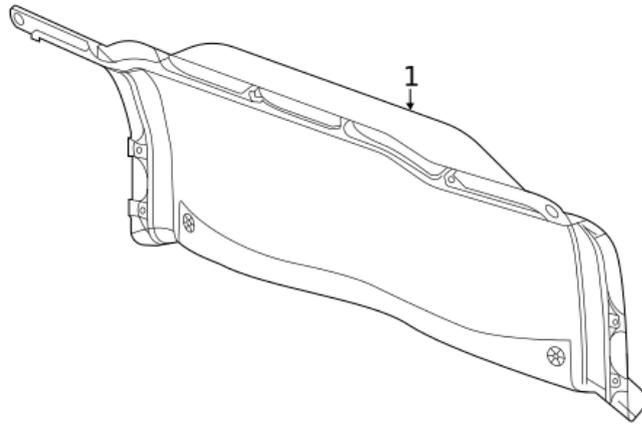

## 52.1.Rear Body

Part	Image	Part Name	Position	GM Number
1		Body Lock Pillar Reinforcement - Helps secure your vehicle's body C-pillar This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors . Collision parts are designed to help promote proper and safe repair		84748122
2		Upper Extension - Convertible seat back panel.	Right	84856158
2	 <small>Simulated parts shown. Actual parts may vary.</small>	Driver Side Body Lock Pillar Inner Panel Extension - Convertible, seat back panel. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84856157
3		F Baffle - Convertible seat back panel.	Left	85536954
3		F Baffle - Convertible seat back panel.	Right	85536955
6		Seat Back Panel - Convertible, seat back panel.	Right	84469505

Part	Image	Part Name	Position	GM Number
7		Driver Side C-Pillar Lower Baffle - Convertible, seat back panel. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair	Left	23413675
7		Passenger Side C-Pillar Lower Baffle - Convertible, seat back panel. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair	Right	23413676
8		Driver Side D-Pillar Inner Lower Panel - Convertible, seat back panel. Helps form your vehicle's exterior structure This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors . Collision parts are designed to help promote proper and safe repair	Left	23310644

## 52.2.Rear Body

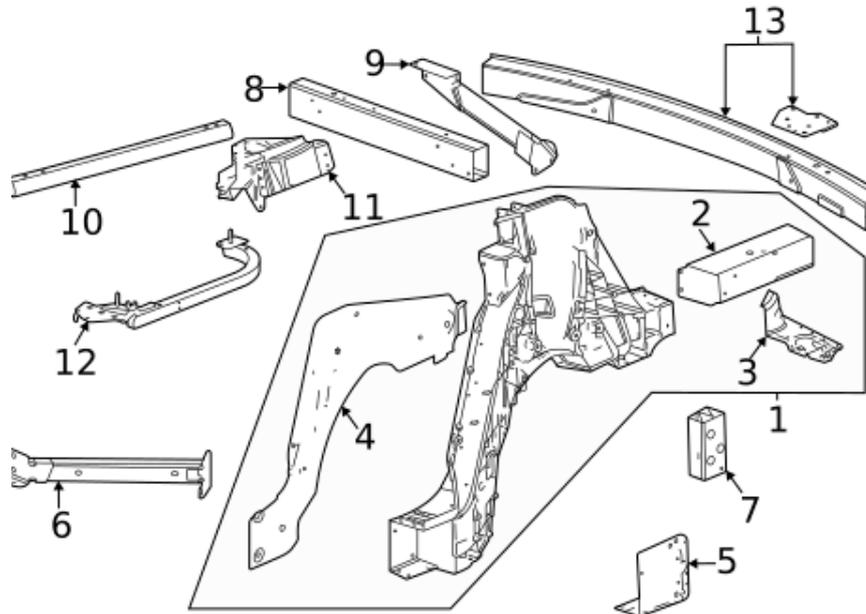

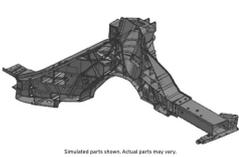

Part	Image	Part Name	Position	GM Number
1		Rear End Panel Coupe rear body panel.		84999206

### Related Parts

## 53.Rear Floor & Rails

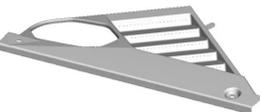

Part	Image	Part Name	Position	GM Number
1		Rear Rail Assembly - Coupe, lower rails. Convertible lower rails.	Right	85584987
1		Driver Side Rear Compartment Floor Panel Rear Rail - Convertible, lower rails. Helps strengthen and support your vehicle's underbody. Collision parts are designed to help promote proper and safe repair.	Left	84856590
2		Driver Side Rear Compartment Floor Panel Rear Rail - Convertible, lower rails. Helps strengthen and support your vehicle's underbody. Collision parts are designed to help promote proper and safe repair.	Left	23310606
2		Passenger Side Rear Compartment Floor Panel Rear Rail - Coupe, lower rails. Helps strengthen and support your vehicle's underbody. Collision parts are designed to help promote proper and safe repair.	Right	23310605
4		Rear Passenger Side Underbody Side Rail Cover - Coupe, lower rails.	Right	84555694
5		Driver Side Underbody Side Rail Extension - Coupe, lower rails.	Left	84508250

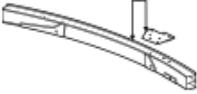

Part	Image	Part Name	Position	GM Number
5		Passenger Side Underbody Side Rail Extension - Convertible, lower rails.	Right	84508251
6		Rear Passenger Side Floor Panel Rear Extension - Convertible, lower rails. Helps complete the appearance of your vehicle's floor. Collision parts are designed to help promote proper and safe repair.	Right	84513498
7		Bumper - Convertible, lower rails. Coupe, lower rails.	Left	84128511
7		Bumper - Convertible, lower rails. Coupe, lower rails.	Right	84128512
10		Support Bar - Convertible lower rails.	Left	86825632
10		Support Bar - Convertible lower rails.	Right	86825639
11		Suspension Support - Convertible lower rails.	Left	84732709
11		Suspension Support - Convertible lower rails.	Right	84732710
12		Glass Support - Convertible lower rails.	Left	84490331
12		Glass Support - Convertible lower rails.	Right	84766321

## 53.1.Rear Floor & Rails

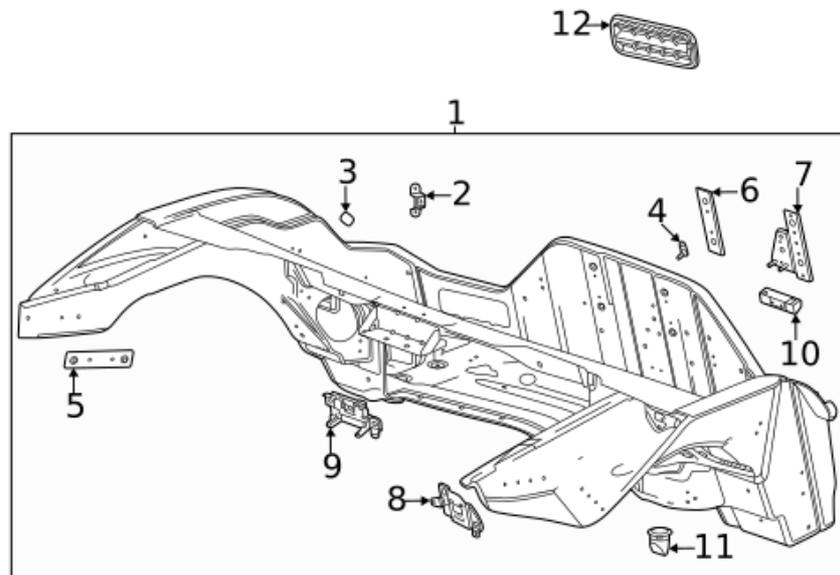

Part	Image	Part Name	Position	GM Number
3		Driver Side Rear Compartment Floor Panel Rear Side Rail - Convertible, lower rails. Helps strengthen and support your vehicle's underbody. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair.	Left	84483555
3		Extension Panel - Coupe, lower rails. Convertible lower rails.	Right	84483557
4		Rear Driver Side Underbody Side Rail Cover - Coupe, lower rails. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Left	84555693
6		Rear Driver Side Floor Panel Rear Extension - Convertible, lower rails. Helps complete the appearance of your vehicle's floor. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair.	Left	84513497

Part	Image	Part Name	Position	GM Number
8		Underbody Brace Reinforcement - Coupe, lower rails. Helps secure and support your vehicle's floor pan This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair		84574903
9		Rear Driver Side Underbody Brace - Coupe, lower rails. Helps reinforce and align your vehicle's floor panel This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors . Collision parts are designed to help promote proper and safe repair	Left	23310612
9		Rear Passenger Side Underbody Brace - Coupe, lower rails. Helps reinforce and align your vehicle's floor panel This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors . Collision parts are designed to help promote proper and safe repair	Right	23310611
10		Support Bar Convertible lower rails.	Left	86825632
11		Suspension Support - Coupe lower rails.	Right	84732708
11		Suspension Support - Coupe lower rails.	Left	84732707
12		Glass Support - Coupe lower rails.	Left	84619033
12		Glass Support - Coupe lower rails.	Right	84748126
13	 <small>Simulated parts shown. Actual parts may vary.</small>	Exposed Carbon Fiber Passenger Side Back Body Opening Frame Side Filler - Coupe, lower rails. Helps define the appearance of your vehicle's rear body panel This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors . Collision parts are designed to help promote proper and safe repair	Right	84769160

## 53.2.Rear Floor & Rails

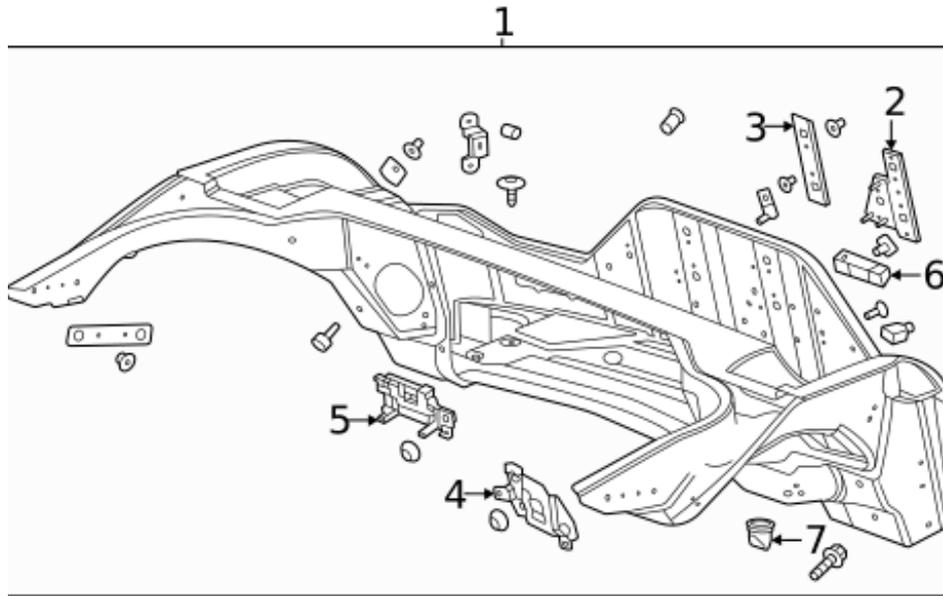

Part	Image	Part Name	Position	GM Number
1		Rear Compartment - Coupe, rear compartment.		85515347
2		Bracket - Coupe, rear compartment. Convertible lower rear compartment. rear compartment.		84338889
3		Rear Compartment Panel Reinforcement - Coupe, rear compartment. Helps support and secure your vehicle's rear body. GM Genuine Part engineered to rigorous standards.		84715489
4		Multi-Purpose Bracket - Convertible. Coupe, front. Coupe, rear compartment. Helps align and secure various components.		23441893
5		Reinforced Plate - Coupe rear compartment.		84338886
8		Bracket - Coupe, rear compartment, lock receiver. Convertible lower rear compartment. lock receiver.		84419516
9		Parking Assist Control Module Bracket - Coupe, rear compartment, park assist module. Park distance control.		84419515
10		Ignition Lock Key Transmitter Antenna Bracket - Coupe, rear compartment, antenna.		23158753
12		Body Pressure Relief Valve - Coupe, rear compartment.		84827875

### 53.3.Rear Floor & Rails

Part	Image	Part Name	Position	GM Number
1		F Frame - Convertible, rear compartment, upper.		87866783
2		Rear Compartment Panel Frame Support Rivet - Coupe. Convertible, rear compartment, upper. Helps secure and attach to various parts of your vehicle.		11603153
3		Body Side Number 1 Strainer - Coupe, rear compartment. Helps secure and support your vehicle's side body panel.		84715488

### 53.4.Rear Floor & Rails

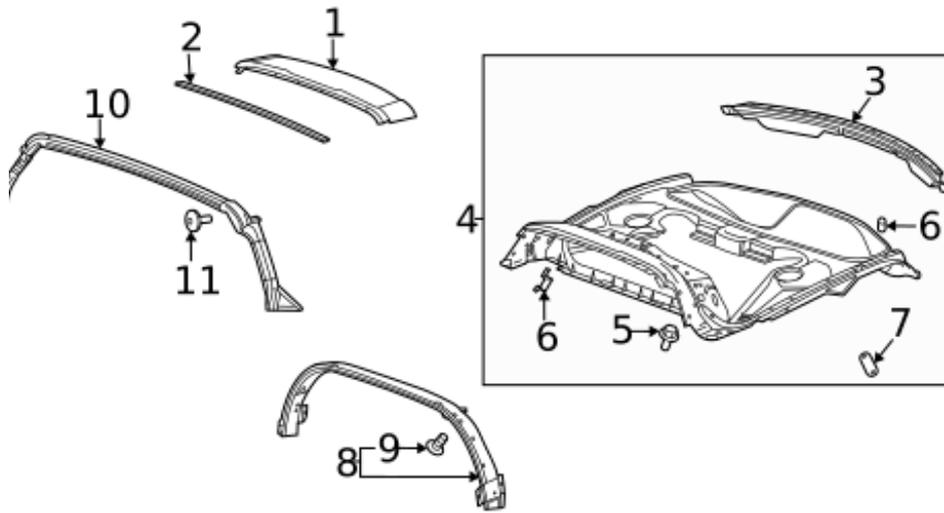

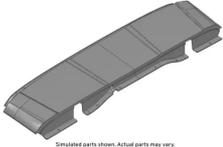

Part	Image	Part Name	Position	GM Number
1		Lower Frame - Convertible, rear compartment, lower.		85515349
2		Rear Reinforced - Convertible, rear compartment, lower, lock cylinder.		84715490
3		Rear Reinforced - Convertible lower rear compartment.		84715491

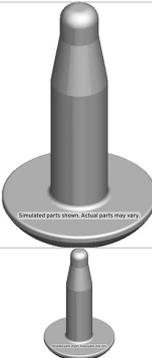

### 54.Roof

Part	Image	Part Name	Position	GM Number
1		Folding Top Front Latch Actuator Motor		84556584

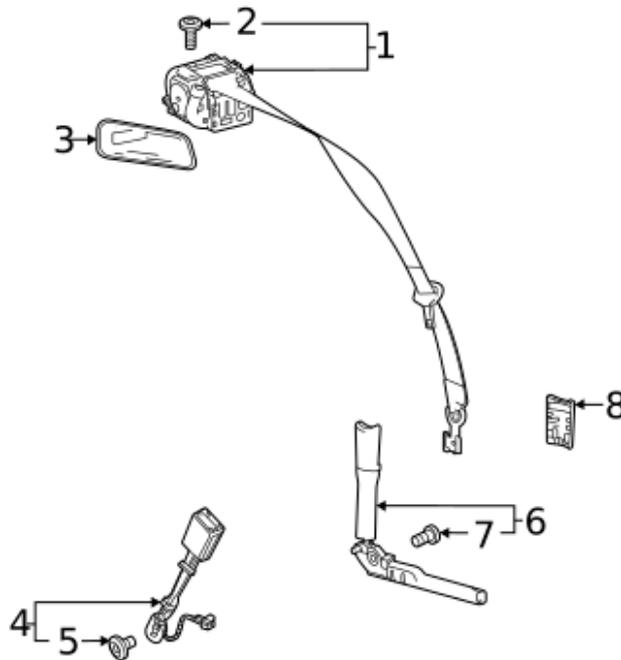

## 55.Roof & Component

Part	Image	Part Name	Position	GM Number
		Folding Top Front Latch Actuator Motor		84556584
1	 <small>Simulated parts shown. Actual parts may vary.</small>	Roof Panel Rear Extension - Coupe. Helps protect the vehicle interior from the elements. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors. Collision parts are designed to help promote proper and safe repair		84761097
2		Retaining Strip - Coupe.		23429077
4		Opening Frame - Coupe.		85721512
5		Rear Compartment Panel Frame Support Rivet - Coupe. Convertible, rear compartment, upper. Helps secure and attach to various parts of your vehicle. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors. Collision parts are designed to help promote proper and safe repair		11603153

Part	Image	Part Name	Position	GM Number
6		Rear Compartment Panel Reinforcement - Coupe, tall hat. Helps support and secure your vehicle's rear body. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors. Collision parts are designed to help promote proper and safe repair		84528181
6		Rear Compartment Panel Reinforcement - Coupe, short hat. Helps support and secure your vehicle's rear body. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors. Collision parts are designed to help promote proper and safe repair		84528182
7		Access Cover - Coupe.		84619416
8		Roof Bow - Coupe.		87848884
9		Multi-Purpose Nut - Headlamp assy,retainer nut. Without supercharged, 6.0L. 2009. Mounting insert. With z51 package. Convertible, lower rails, 6mm. Coupe. With hid. With zr1. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11518908
10		Rear Weather-Strip - Coupe.		85535599
11		M4.2x1.41x16 Multi-Purpose Bolt - Fastens vehicle's components together. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors. Collision parts are designed to help promote proper and safe repair		11611882
		Retaining Strip Bolt Coupe		11603865

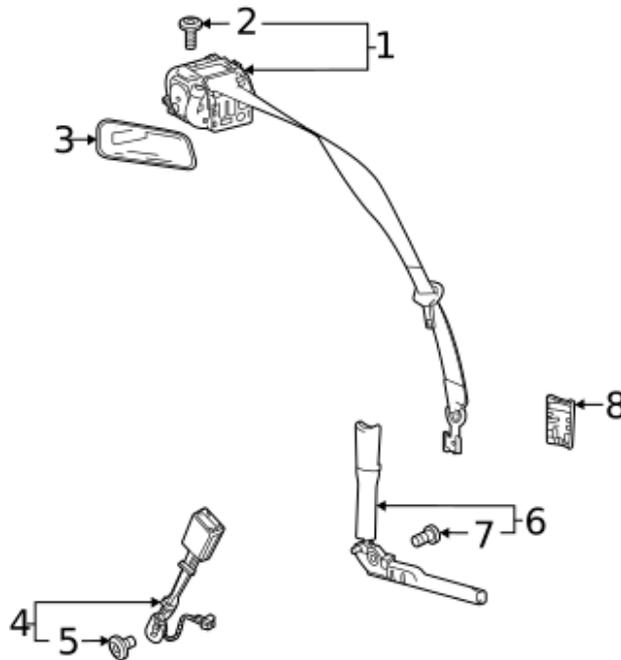

## 56.Seat Belt Convertible

Part	Image	Part Name	Position	GM Number
1		Seat Belt Assembly 2 - Corvette. Front. Left. Convertible. orange.	Left	85557286
1		Retractor Kit 2 - Corvette. Front. Right. Convertible. tan.	Right	85557290
1		Seat Belt Lap And Shoulder Belt - Corvette. Front. Right. Convertible. black.	Right	85557288
1		Seat Belt Assembly - Corvette. Front. Right. Convertible. red.	Right	85557291
1		Retractor Kit 2 - Corvette. Front. Left. Convertible. tan.	Left	85557283
3		Seat Belt Bezel - Natural tan.	Right	84742134
3		Seat Belt Bezel - Twilight blue.	Right	84742133
3		Seat Belt Bezel - Red.	Right	84742132
3		Seat Belt Bezel - Sky cool gray.	Right	84742131

Part	Image	Part Name	Position	GM Number
3		Seat Belt Bezel - Natural tan.	Left	84742130
3		Blue Front Driver Side Seat Belt Opening Bezel - Blue. Helps enhance the appearance of your vehicle's seat belt trim.	Left	84742129
3		Seat Belt Bezel - Red. Artemis.	Left	84742128
3		Seat Belt Bezel - Sky cool gray.	Left	84742127
3		Seat Belt Bezel - Convertible. black.	Right	84688634
3		Seat Belt Bezel - Convertible. black.	Left	84688632
7		Tensioner Bolt - Coupe. Convertible.	Right	11612120
8		Cover, F/Seat Belt Anc Plt Tensr Black - Coupe. Convertible. Black, without cloth.	Left	22926274

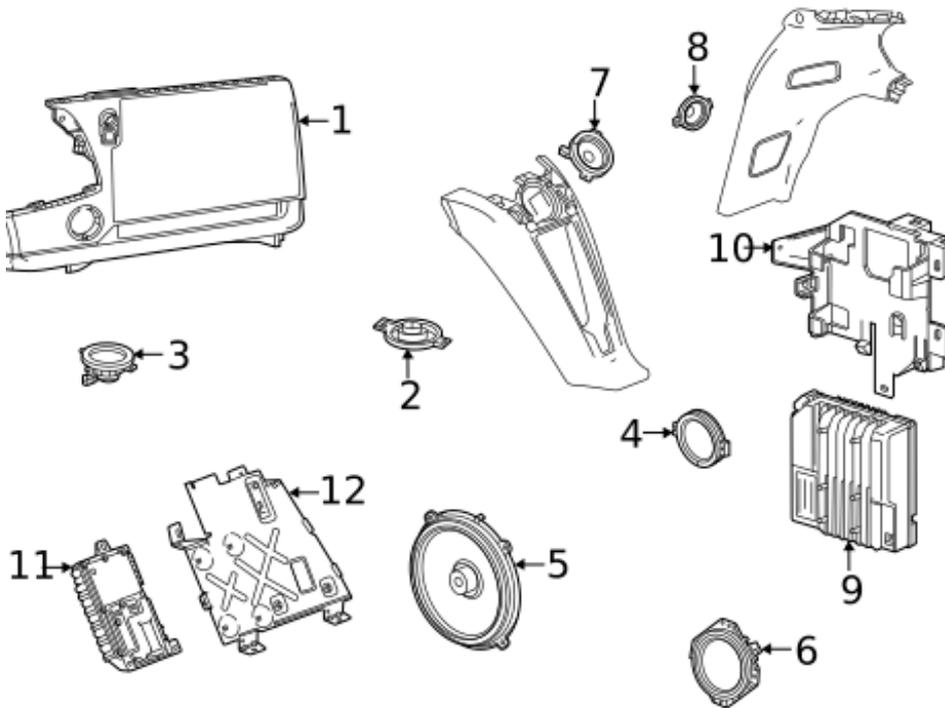

## 57.Seat Belt Coupe

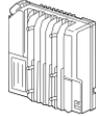

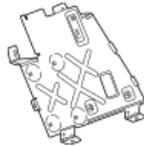

Part	Image	Part Name	Position	GM Number
1		Seat Belt Assembly 2 - Coupe, blue. Convertible. blue.	Left	85557282
1		Seat Belt Lap And Shoulder Belt 2 - Corvette. Front. Left. Convertible. yellow.	Left	85557285
1		Seat Belt Assembly - Corvette. Front. Left. Convertible. red.	Left	85557284
1		Lap & Shoulder Belt 2 - Corvette. Front. Right. Blue.	Right	85557289
1		Retractor Kit 2 - Corvette. Front. Right. Yellow.	Right	85557292
1		Lap & Shoulder Belt 2 - Coupe, orange. Convertible. orange.	Right	85557293
1		Seat Belt Lap And Shoulder Belt - Corvette. Front. Left. Convertible. black.	Left	85557281
2		Rear Seat Belt Anchor Plate Bolt - Convertible. Coupe. Outer belt assy, lower bolt.	Left	11570146
4		Seat Belt Cover - Convertible.	Left	85165078

Part	Image	Part Name	Position	GM Number

8		Tensioner Bolt - Coupe. Convertible.	Left	11612120
9		Cover, F/Seat Belt Anc Plt Tensr Black - Coupe. Convertible. Black, without cloth.	Right	22926274

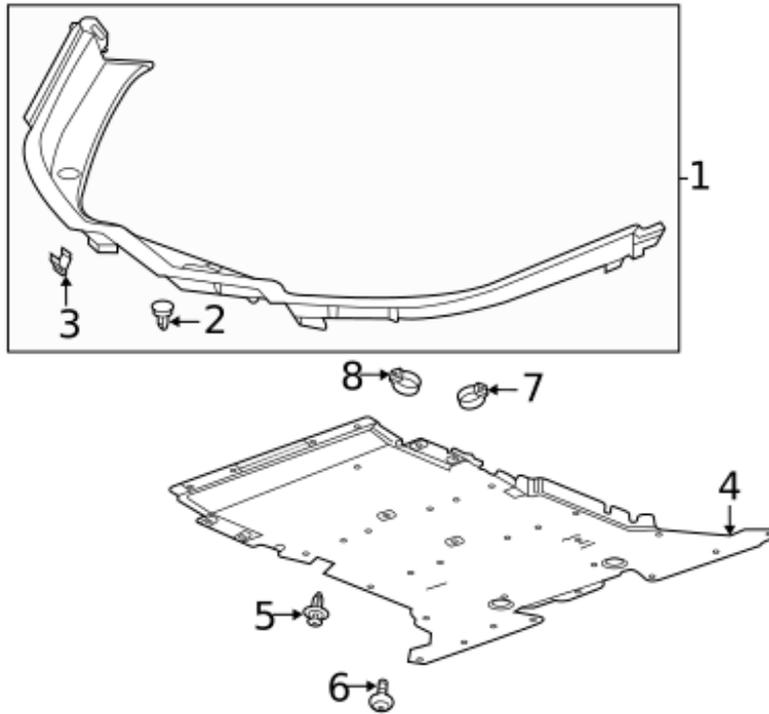

## 58.Sound System

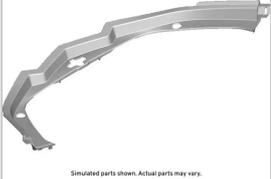

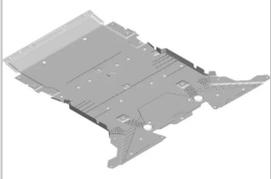

Part	Image	Part Name	Position	GM Number
2		Front Speaker - Outer, 10 speaker system. Corvette. Front. Side. GM-recommended replacement part for your GM vehicle's original factory speaker	Left	84555726
2		Speaker - For multiple GM vehicles including Corvette	Right	86578454
3		Radio Speaker - XT6. Front door. With performance audio. Center. Lock pillar. Convertible, seat back panel. Upper. Corvette. Rear garnish molding. Restores the sound quality of your audio system		86779190
4		Radio Front Side Door Upper Speaker - Restores the sound quality of your audio system	Right	23429191
5		Front Side Door Speaker - Corvette. Door. Lower. To 07/18/19. GM-recommended replacement part for your GM vehicle's original factory speaker	Left	84759850
6		Radio Quarter Speaker - Corvette. Quarter trim panel. Restores the sound quality of your audio system	Left	85104185
9		Receiver - For multiple GM vehicles including Corvette		87836476

Part	Image	Part Name	Position	GM Number
9		Receiver - CT5. CT4. Receiver. Corvette. Labeled 85154841/85535068. With v blackwing, with navigation. Code: iot, labeled 85535068.		87836477
10		Radio Bracket - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84753839
11		Radio Speaker Amplifier - 10 speaker system, labeled 84766613. Helps provide a wonderfully rich listening experience in your vehicle		84825171
11		Amplifier - 10 speaker system, labeled 85161435. 10 speaker system, without z06.		85161435
11		Amplifier - 14 speaker system. Corvette. Labeled 87826269.		87826269
11		Amplifier - 10 speaker system, labeled 84930046.		84996848
12		Vehicle Performance Data Recorder Bracket - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84951749

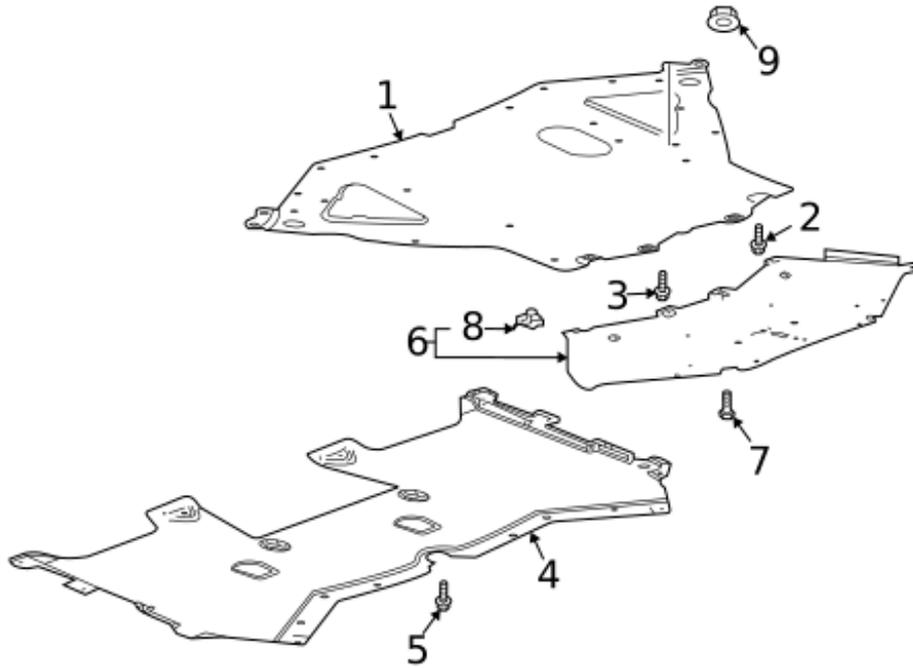

## 59.Splash Shields

Part	Image	Part Name	Position	GM Number
1	 <small>Simulated parts shown. Actual parts may vary.</small>	Front Compartment Front Sight Shield - Helps protect your vehicle's interior engine compartment components. Enhances strength of a variety of panels once connected. For proper installation, locate your nearest GM dealer, independent service center, or body shop. Precise fit for ease of installation		84732136
2		Retainer-Plastic Tree Yellow - 15.5mm. With power window. Hatchback. Sedan. Upper. Black. Blue. Used to secure multiple components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11610606
4	 <small>Simulated parts shown. Actual parts may vary.</small>	Front Compartment Insulator - Helps protect interior cabin and engine compartment components from engine heat. Dampens engine noise. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors. Collision parts are designed to help promote proper and safe repair		84506343
5		Push-Pin - These are Sold Individually. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11612035

Part	Image	Part Name	Position	GM Number
6		M4.2x1.41x25 Multi-Purpose Bolt - Sold Individually. Fastens vehicle's components together. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11547421
7		Multi-Purpose Nut - These are sold separately. Helps align and secure various components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11548673
8	 <small>Simulated parts shown. Actual parts may vary.</small>	M4.2x1.41 U-Style Spring Nut (Edge Mount) - Fender liner & shields. Wheelhouse liner, #2. Helps align and secure various components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11602060

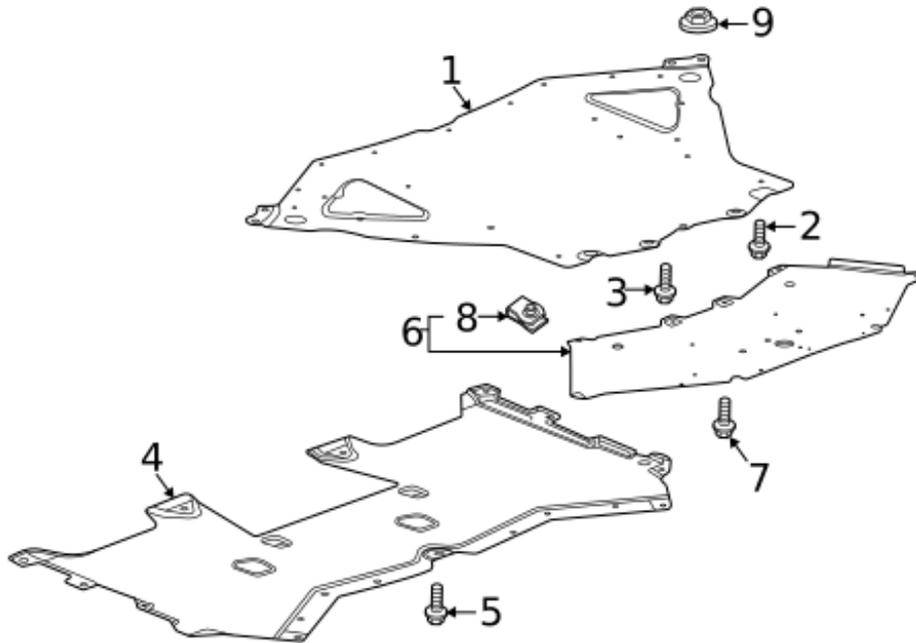

## 59.1.Splash Shields

Part	Image	Part Name	Position	GM Number
1		Plate Convertible		85722657
2		Lower Plate Bolt - Coupe, 8x28. Convertible. M8x1.25x28.		11603969
5		Multi-Purpose Bolt - 2.0L turbo, driver side. At4, slt, denali upper components. 2.7L turbo, auxiliary. 3.0L twin-turbo, auxiliary radiator. 2.7L turbo, rwd. Base, sle, elevation upper components. Coupe, 8mm. Structure & components. Convertible, m8x1.25x30. Fuel tank components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11611334
5		M6x1x30 Multi-Purpose Bolt - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11610199
6		Rear Underbody Rearward Air Deflector - Convertible. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		23296628

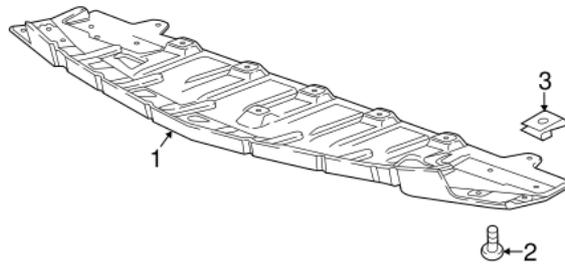

Part	Image	Part Name	Position	GM Number
7		M4.2x1.41x20 Multi-Purpose Bolt - These are Priced and Sold Individually. GM Genuine Parts Bolts are designed, engineered, and tested to rigorous standards, and are backed by General Motors. These bolts fasten vehicle components together. GM Genuine Parts are the true OE parts installed during the production of or validated by General Motors for GM vehicles.		11548270
8		Multi-Purpose Nut - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11548579

## 59.2.Splash Shields

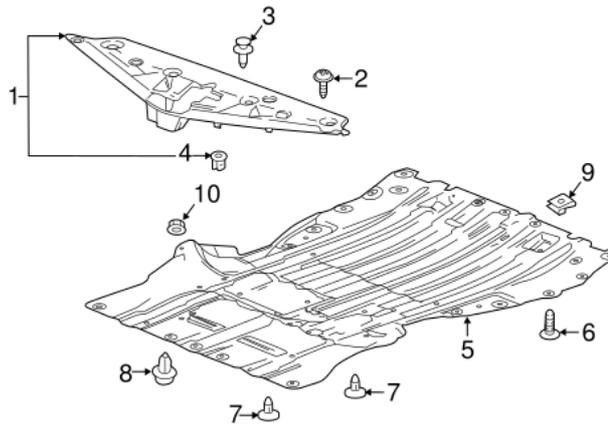

Part	Image	Part Name	Position	GM Number
1		Lower Plate - Coupe. Convertible.		85561367
3		Multi-Purpose Bolt - 2.0L turbo, driver side. At4, slt, denali upper components. 2.7L turbo, auxiliary. 3.0L twin-turbo, auxiliary radiator. 2.7L turbo, rwd. Base, sle, elevation upper components. Coupe, 8mm. Structure & components. Convertible, m8x1.25x30. Fuel tank components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11611334
4		Front Deflector - Coupe. Convertible.		85518981
7		M4.2x1.41x25 Multi-Purpose Bolt - Sold Individually. Fastens vehicle's components together. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11547421
9		Multi-Purpose Nut - These are sold separately. Helps align and secure various components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11548673

### 59.3.Splash Shields

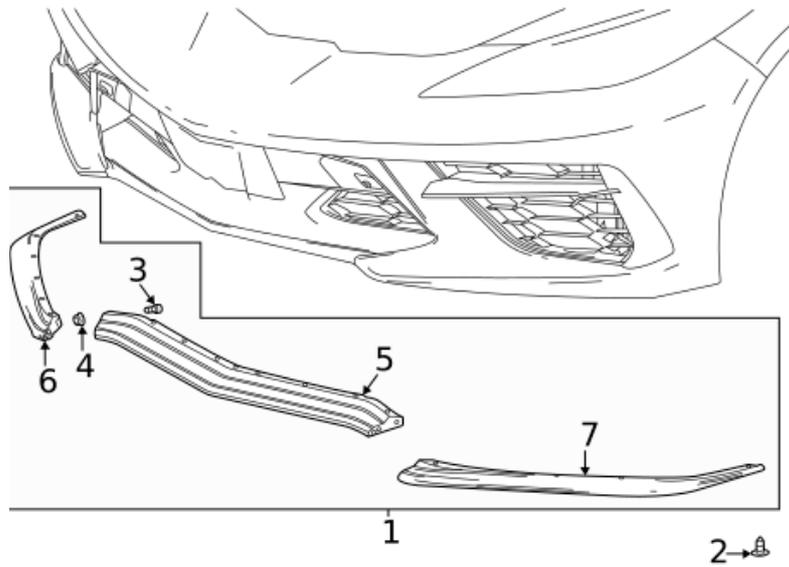

Part	Image	Part Name	Position	GM Number
12		M4.2x1.41x25 Multi-Purpose Bolt		11547421

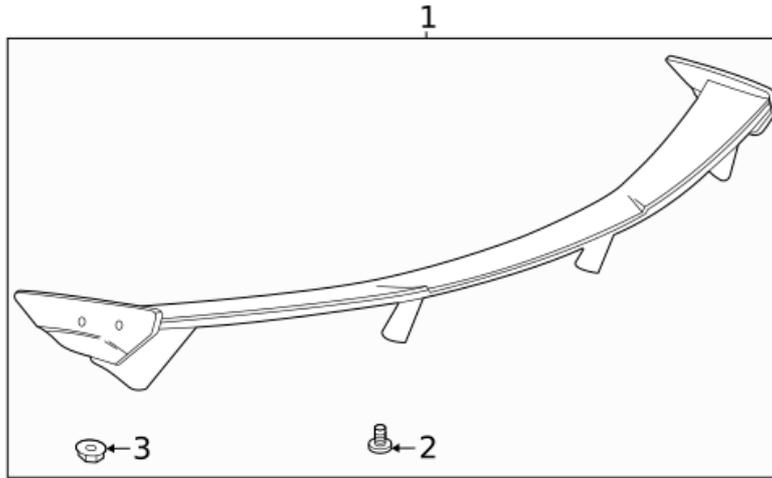

Part	Image	Part Name	Position	GM Number
12		M4.2x1.41x25 Multi-Purpose Bolt		11547421

## 60.Front Spoiler

Part	Image	Part Name	Position	GM Number
1		Spoiler Assembly - Without z06, z51 package.		84869770
2		M4.2x1.41x20 Multi-Purpose Bolt - GM Genuine Parts Bolts fasten vehicle components together.		11548270
3		Bolt/Screw - These are Sold Individually. GM Genuine Part.		11547755
4		Guide Bracket Retainer Nut - Part included with spoiler assembly.		11569960
5		Front Spoiler - Without z06, z51 package.		84661549
6		Side Spoiler - Without z06, z51 package.	Right	84661551
7		Side Spoiler - Without z06, z51 package.	Left	84661550

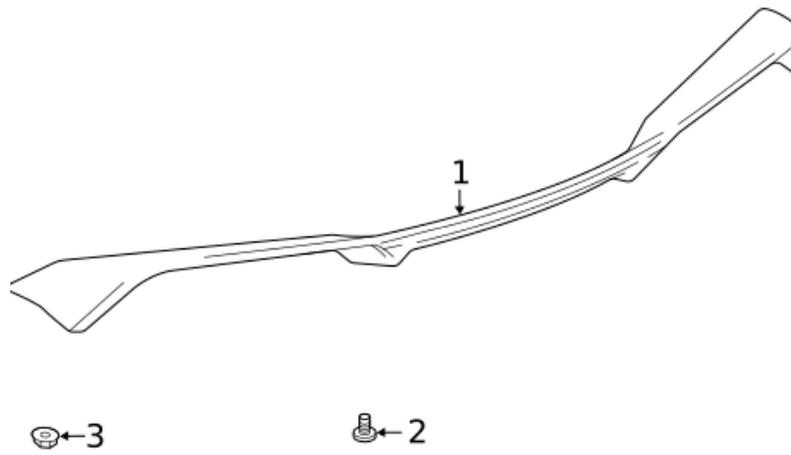

## 61.Rear Spoiler

Part	Image	Part Name	Position	GM Number
1		High Wing Spoiler Kit - Visible Carbon Fiber - Enhance design, increases downforce up to 60 lbs. Without z06, high wing, dealer accessory, exposed carbon.		85106905
1		Spoiler, High Wing - Carbon Flash Metallic.		85001066
1		High Wing Spoiler in Torch Red - Enhance design, increases downforce up to 25 lbs. Without Z06, high wing, dealer accessory, red.		85001056
1		Spoiler, High Wing - Without z06, high wing, dealer accessory, white.		84857312
1		Spoiler, High Wing - Without z06, high wing, dealer accessory, shadow gray.		84857289
1		Spoiler, High Wing - Without z06, high wing, dealer accessory, black.		84857283
3		Multi-Purpose Nut - Part included with rear spoiler.		11546449
Part	Image	Part Name	Position	GM Number
1		High Wing Spoiler Kit - Visible Carbon Fiber - Enhance design, increases downforce up to 60 lbs. Without z06, high wing, dealer accessory, exposed carbon.		85106905

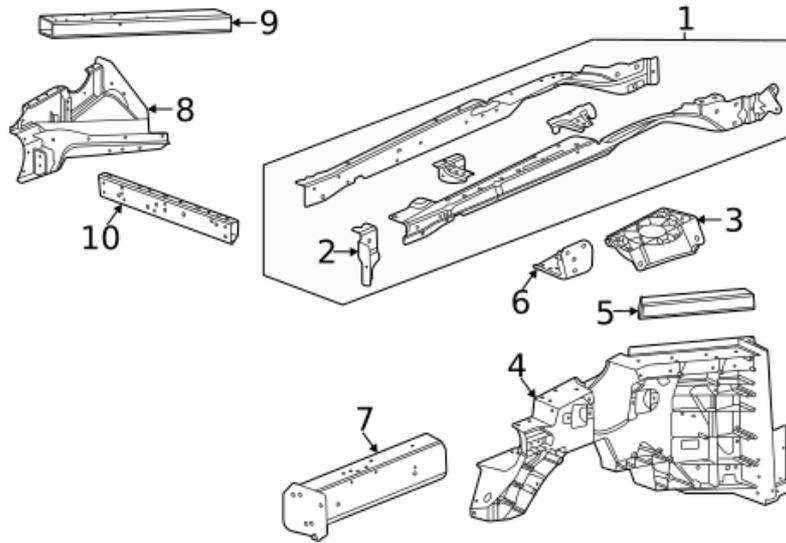

Part	Image	Part Name	Position	GM Number
1		Spoiler, High Wing - Carbon Flash Metallic.		85001066
1		High Wing Spoiler in Torch Red - Enhance design, increases downforce up to 25 lbs. Without Z06, high wing, dealer accessory, red.		85001056
1		Spoiler, High Wing - Without z06, high wing, dealer accessory, white.		84857312
1		Spoiler, High Wing - Without z06, high wing, dealer accessory, shadow gray.		84857289
1		Spoiler, High Wing - Without z06, high wing, dealer accessory, black.		84857283
3		Multi-Purpose Nut - Part included with rear spoiler.		11546449

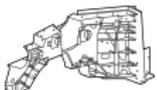

## 62.Rear End Spoiler

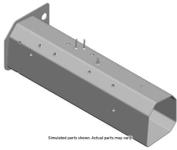

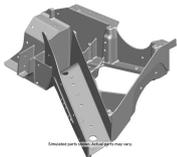

Part	Image	Part Name	Position	GM Number
1		Primed Rear End Spoiler - Fixed spoiler. Helps optimize vehicle's aerodynamics.		84320758
1		Rear Spoiler - Without z06, fixed spoiler, low profile. Short extension, paint to match.		84818522
2		Bolt,Oil Lvl Ind Tube - GM Genuine Part.		11519375

## 63.Structural Components & Rails

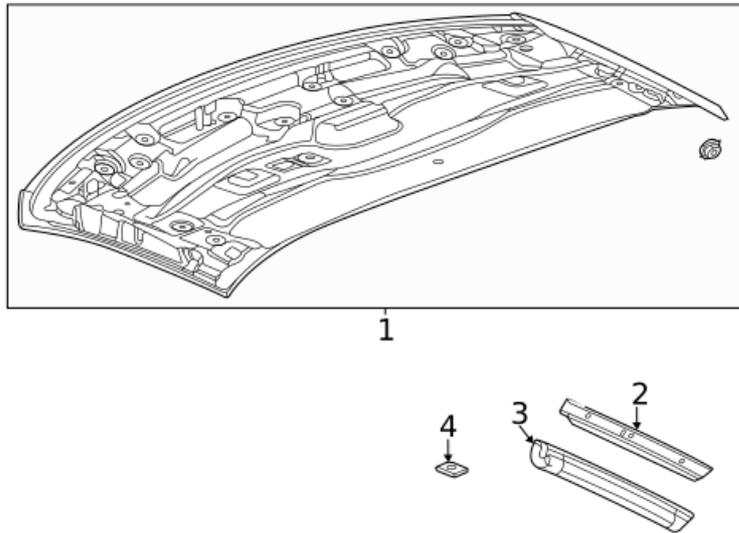

Part	Image	Part Name	Position	GM Number
1		Passenger Side Outer Side Rail	Right	86543107
1		Reinforced Panel - Without additional description provided	Left	85521828
2		Front Passenger Side End Sheet Metal Cross Brace Bracket - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84128505
2		Driver Side Front End Sheet Metal Cross Brace Bracket - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84128504
3		W (S) Reinforcement - No description	Left	85551392
3		Front Passenger Side Suspension Strut Housing Reinforcement - Superseded to 85551393	Right	84663404
4		Side Rail - Restricted C6 part	Right	85657877
4		Side Rail - No description	Left	85657870
5		F Extension - No description	Right	85579285

Part	Image	Part Name	Position	GM Number
5		Driver Side Front Compartment Inner Side Rail Extension - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84690972
6		Fender Mtg Bkt - No description	Right	87828647
6		Fender Mtg Bkt - No description	Left	87828640
7		Driver Side Front Compartment Front Lower Side Rail - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84557545
7		Passenger Side Front Compartment Front Lower Side Rail - No description	Right	85515601
8		Driver Side Front Compartment Inner Side Rail - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84805420
8		Inner Rail - No description	Right	85643155
9		Extension Panel - No description	Right	84836473
9		Front Driver Side Floor Panel Extension - Foundation for your vehicle's interior components This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors. Collision parts are designed to help promote proper and safe repair	Left	84749418
10		Rear Cross Bar - No description		84728501

## 63.1.1. Structural Components & Rails Related Parts

Part	Image	Part Name	Position	GM Number
		Multi-Purpose Nut - Headlamp assy, retainer nut. Without supercharged, 6.0L. 2009. Mounting insert. With z51 package. Convertible, lower rails, 6mm. Coupe. With hid. With zr1. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Left	11518908
		M6x1x23 Multi-Purpose Bolt - Fastens vehicle's components together. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors. Collision parts are designed to help promote proper and safe repair.	Left	11519376
		M5x.8x22 Body Bolt - Structure & components, 5x22mm. Convertible, lower rails. Coupe, lower rails. Coupe, seat back panel. Fastens vehicle's components together. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Left	11547009
		M10x1.5x40mm Multi-Purpose Bolt - 6.0L. 6.0 & 6.2L. 3.6L. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Left	11588740
		Front Rail Stud - Part included with front rail.	Left	11601716

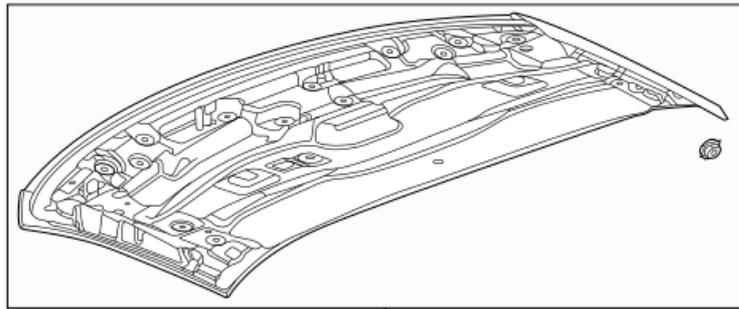

## 64.Top & Components

Part	Image	Part Name	Position	GM Number
1		Primed Roof Lift Off Panel - Coupe, body color, fm 09/19/2019. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84851989
1		Primed Roof Lift Off Panel - Coupe, carbon fiber/body color, fm 09/19/2019. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84852039
1		Roof Lift Off Window - Coupe, transparent, fm 09/19/2019. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84852050
2		Roof Lift Off Panel Locating Pin - Coupe, front. Helps align the roof panel in the correct position to be secured to vehicle. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair		23507291
3		Rear Lift Off Roof Panel Locator - Coupe, hard top. Helps align the roof panel in the correct position to be secured to vehicle. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair		11562047
4		F (S)Weatherstrip - Coupe.	Right	86583805

Part	Image	Part Name	Position	GM Number
4		Weatherstrip - Coupe.	Left	86583800
5		Front Passenger Side Door Window Weatherstrip Retainer - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84737706
5		Front Driver Side Door Window Weatherstrip Retainer - Coupe. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84737705

## 64.1.Top & Components

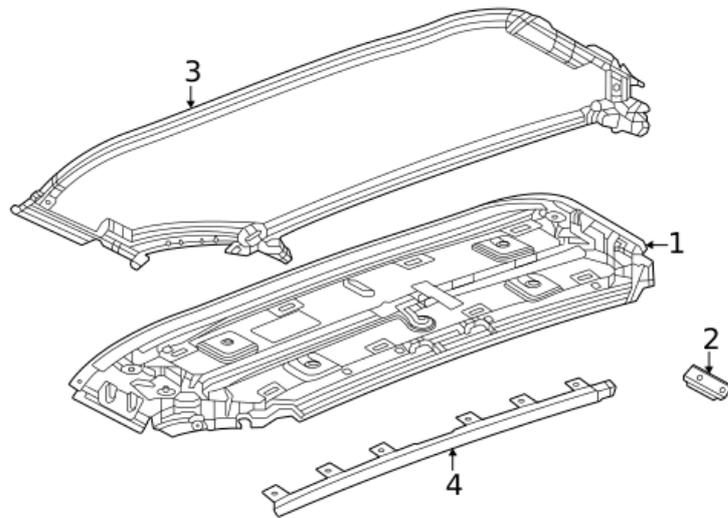

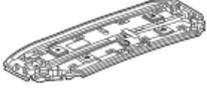

1

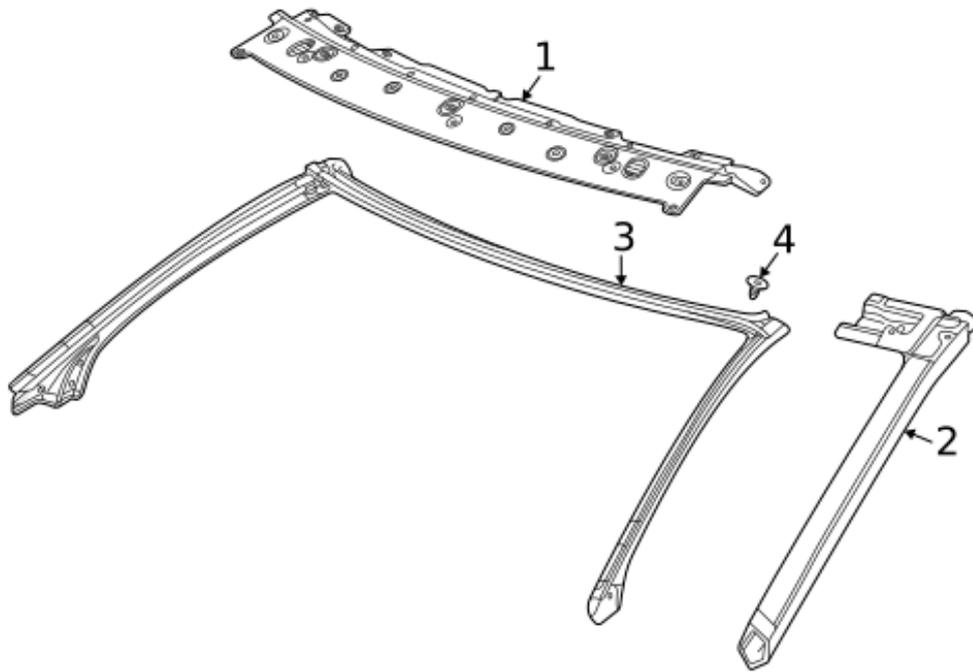

Part	Image	Part Name	Position	GM Number
1		Top Panel - Front panel.		85168753
2		Front Driver Side Door Window Weatherstrip Retainer - Front panel. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	23403687
2		Side Retainer - Front panel. Side retainer.	Right	23403686
3		F (S)Weatherstrip - Front panel.	Right	86776940
3		Side Weather-Strip - Front panel.	Left	86776941
4		Convertible Top Spacer - Front panel. .55mm.	Left	84858024
4		Convertible Top Spacer - Front panel. .75mm.	Left	84858025

## 64.2.Top & Components

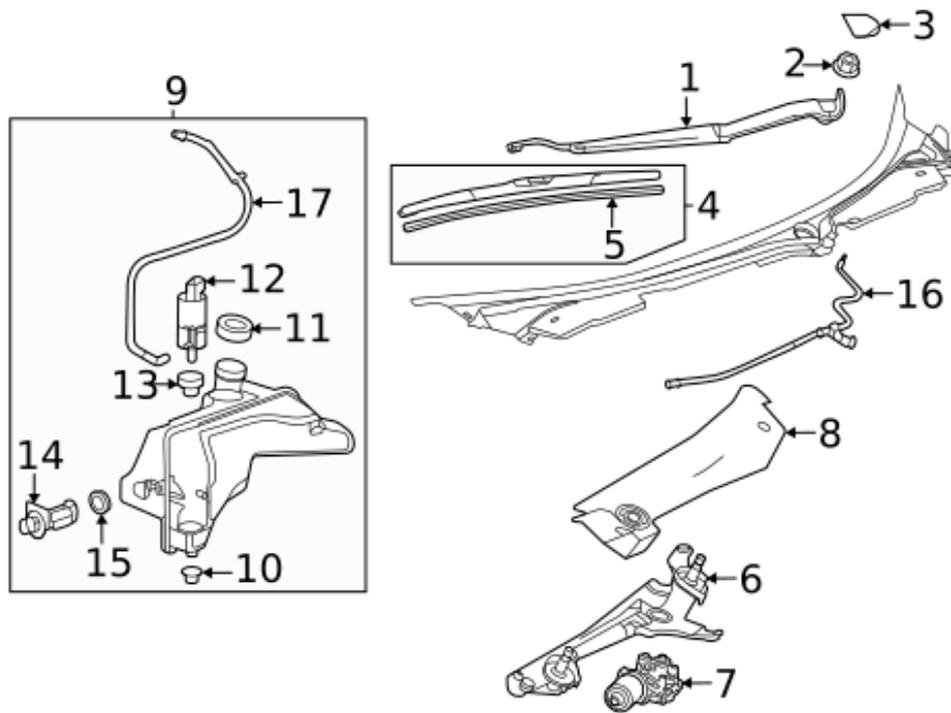

Part	Image	Part Name	Position	GM Number
1		Top Panel - Rear panel.		85168755
2		Driver Side Folding Top Rear Weatherstrip Retainer - Rear panel. Signs of wear or damage for folding top weatherstrips include but are not limited to: Incoming moisture Rotting weatherstrip	Left	23403685
2		Convertible Top Latch Mount Base - Rear panel. Retainer.	Right	23403684
3		Convertible Top Seal - Rear panel.		86776938
4		Rear Retainer - Rear panel.		84568457

## 65.Windshield Header & Components

Part	Image	Part Name	Position	GM Number
3		Windshield Frame Weatherstrip Convertible		84820761
4		M4.2x1.41x20 Multi-Purpose Bolt		11548270
1		Roof Front Header Panel Convertible Helps support the roof assembly Provides a connecting point for the exterior roof panels		84766999

## 66.Wiper & Washer Components

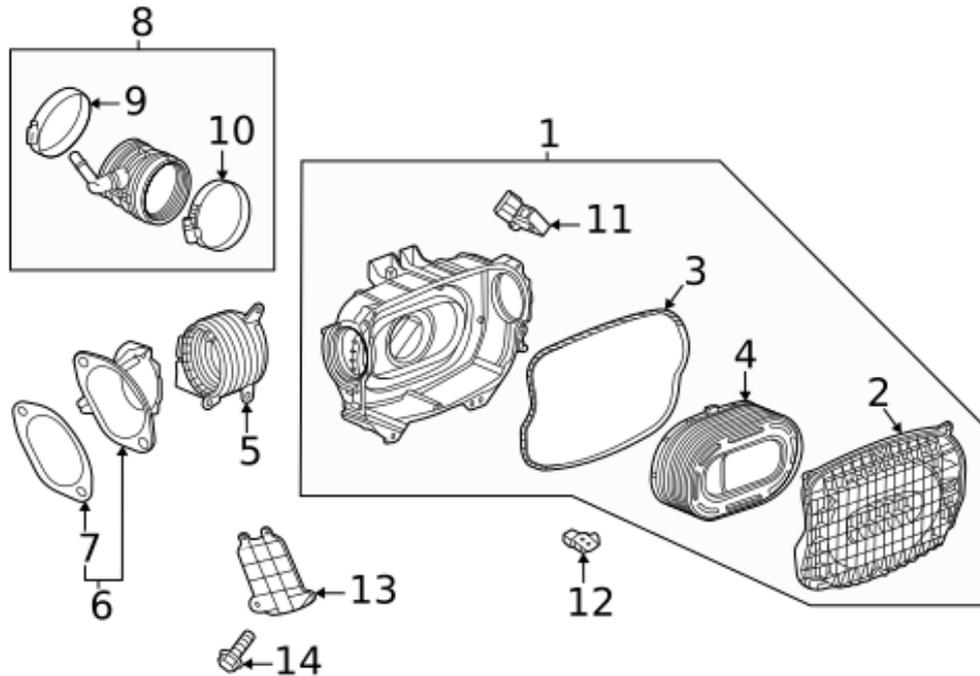

Part	Image	Part Name	Position	GM Number
1		Passenger Side Windshield Wiper Arm - Helps move wipers across windshield. Helps driver maintain a clean windshield. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84559275
1		Driver Side Windshield Wiper Arm - Helps move wipers across windshield. Helps driver maintain a clean windshield. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84559274
2		Windshield Wiper Arm Nut - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	11546460
3		Cap-Wsw Arm Nut - Coupe, Wagon, Sedan. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	22793593
4		Passenger Side Wiper Blade, 20.84 in - Corvette. Right. This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors	Right	84566978

Part	Image	Part Name	Position	GM Number
4		Blade - Equinox, Terrain. Left. CT5. Corvette.	Left	86785902
6		Windshield Wiper Transmission - Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84660618
7		Windshield Wiper Motor - Corvette. Operates the wiper transmission to help provide a clean windshield. Original equipment parts are designed to work with your GM vehicle safety systems -- aftermarket replacement parts may not meet the same OE safety regulations, depending on the part type		84660617
8		Wiper Motor Cover		85003986
9		Windshield Washer Solvent Container - Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84557041
10		Washer Fluid Reservoir Mounting Grommet - Helps insulate and protect components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84254224
11		Windshield Washer Fluid Reservoir Cap - GM Genuine Parts Washer Fluid Reservoir Caps are designed, engineered, and tested to rigorous standards, and are backed by General Motors. GM Genuine Parts are the true OE parts installed during the production of or validated by General Motors for GM vehicles.		13227300
12		Windshield Washer Pump - Pumps fluid from washer fluid reservoir, through the washer nozzle, onto your windshield to help wash away dirt. Original equipment parts are designed to work with your GM vehicle safety systems -- aftermarket replacement parts may not meet the same OE safety regulations, depending on the part type		13508971
13		Multi Purpose Grommet - These are Sold Individually.		22039457

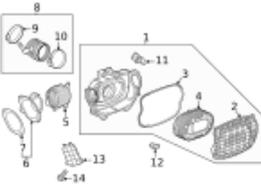

Part	Image	Part Name	Position	GM Number
14		Windshield Washer Fluid Level Sensor - Alerts driver when washer fluid level is low, prompting a refill of the washer fluid reservoir. Designed for exact plug in connection to wire harness. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84100299
15		Multi-Purpose Grommet - These are Sold Individually.		23484882
16		Windshield Washer Nozzle Hose - Upper. Supplies washer fluid to windshield to wash away dirt. Made of a durable corrosion-resistant material for durability. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84689753
17		Windshield Washer Pump Hose - Lower. Supplies washer fluid to windshield to wash away dirt. Made of a durable corrosion-resistant material for durability. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84574582

# Air & Fuel Delivery

## 1. Filters

Part	Image	Part Name	Position	GM Number
1		Air Filter And Housing Assembly		85122239
4		Acdelco™ Air Filter - Description: 6.2L. Discontinued		A3239C
4		Air Filter - Description: Corvette. Enhances the performance and efficiency of the engine to extend its life Excellent filter capacity, efficiency, and flow management for superior performance Supplies the cleanest possible air with the least airflow restriction to the engine for enhanced performance Equipped with tight seals to keep unfiltered air from entering the combustion chamber This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors		84321605
5		Driver Side Intake Air Duct - Description: Helps keep dirt and debris out of the vehicle's engine This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	23428422

Part	Image	Part Name	Position	GM Number
5		Driver Side Intake Air Duct - Description: Helps keep dirt and debris out of the vehicle's engine This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	23428422
5		Passenger Side Intake Air Duct - Description: Helps keep dirt and debris out of the vehicle's engine This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84182609
6		Driver Side Intake Air Duct - Description: This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84699556
6		Passenger Side Intake Air Duct - Description: Helps keep dirt and debris out of the vehicle's engine This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84699557
8		Air Cleaner Outlet Duct - Description: Helps guide airflow to your vehicle's air filter This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		23428421
9		Air Cleaner Outlet Duct Clamp - Description: Front. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84370899
10		Air Cleaner Outlet Duct Clamp - Description: Rear. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84468994
11		Mass Air Flow Sensor - Description: GM Genuine Parts Mass Air Flow (MAF) Sensors are designed, engineered, and tested to rigorous standards, and are backed by General Motors. The MAF sensor measures the amount of air entering the engine so that the engine control module can determine the amount of fuel to inject. This helps ensure the most efficient air/fuel mixture for the best fuel economy and power.		12711405

Part	Image	Part Name	Position	GM Number
12		Ambient Air Temperature Sensor - Description: GM Original Equipment Ambient Air Temperature Sensors are used with automatic climate control systems. The sensors provide the HVAC system controller with outside air temperature, allowing the controller to modify the climate-control strategy.		13583411
13		Resonator - Description: 6.2L.	Left	84196231
13		Resonator - Description: 6.2L.	Right	84196232
14		Bolt/Screw - Description: These are Sold Individually. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	11547755

## 1.1.Fuel Injection System & Related Components

Part	Image	Part Name	Position	GM Number
		Direct Fuel Injector Includes O-Rings, Retainer and Seals		19420316

## 1.2.Fuel Injection System & Related Components

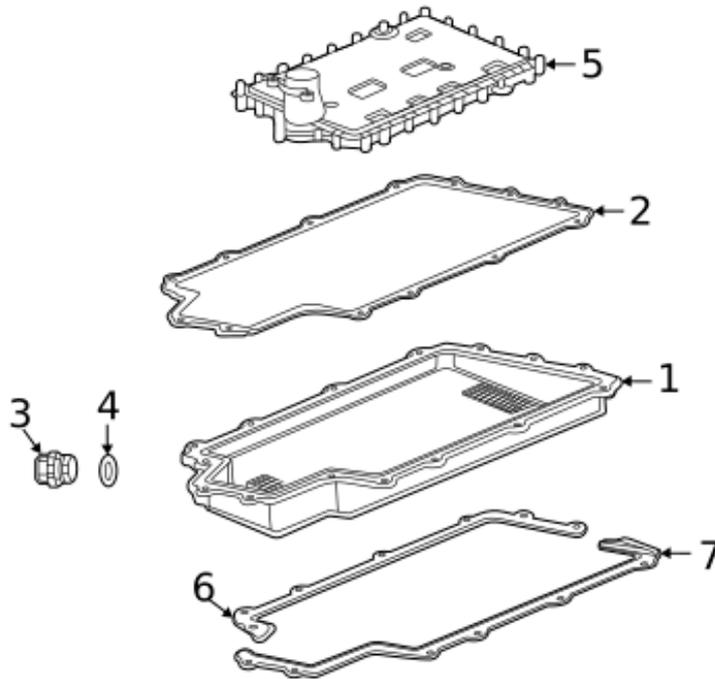

Part	Image	Part Name	Position	GM Number
		Gasket-F/Pmp Brkt		12623308

## 1.3.Hardware, Fasteners & Fittings

Part	Image	Part Name	Position	GM Number
		Direct Fuel Injector Hold Down Clamp		12659653

# Automatic Transaxle

## 1. Case & Related Parts

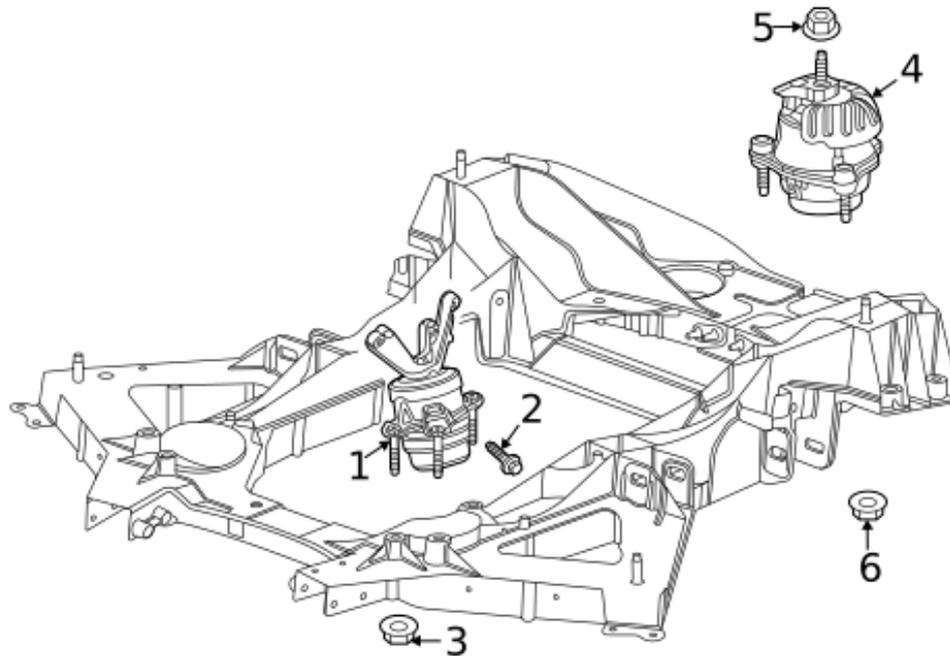

Part	Image	Part Name	Position	GM Number
1		Oil Pan - Corvette. All. Without braces.		24046450
2		Pan Gasket - With braces. Corvette. 1st Design. Code-0dmp,0dep,0emp,0eep.		24047054
3		Transmission Oil Drain Plug - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		24299298
4		Transmission Oil Drain Plug Seal - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		24299299
5		Transmission Oil Filter - Corvette. Internal. 6.2L. 5.5L. Filter in Pan. All Required.		24047742

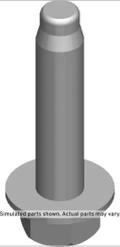

## 2. Valve Body

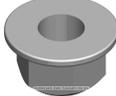

Part	Image	Part Name	Position	GM Number
	 <b>GENUINE PARTS</b>	Body Corvette. 6.2l. Without performance package.		24059060
	 <b>GENUINE PARTS</b>	Valve Body orvette. 6.2l. With performance package. Corvette. 5.5l.		24059078

# Automatic Transmission

## 1. Automatic Transmission

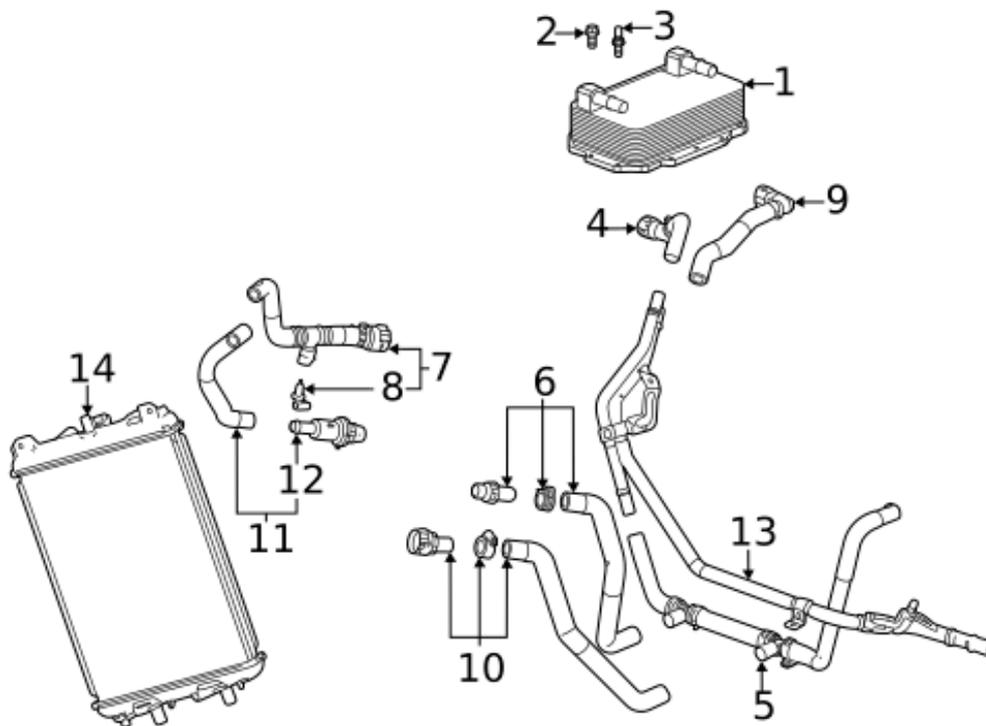

Part	Image	Part Name	Position	GM Number
1		F (S)Mount - Corvette. Left. 6.2L.	Left	85550976
1		Passenger Side Engine Mount - Corvette. Right. Lined with rubber to help reduce engine vibration. Designed to function with all surrounding components to help ensure that the mount bolts correctly and there is minimal interference with other parts on your vehicle	Right	84675415
2		Multi-Purpose Bolt - 2.0L turbo. Bumper support. 2.7L turbo. 3.0L twin-turbo, awd. 10x45mm. Fastens vehicle's components together. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	11547742
3		Multi-Purpose Nut - 2.8L. 3.6L. With awd. Rwd. 1.4L, center and rear section, hatchback, to pipe, type 3. Fwd. 2.0L, front section, front. Lower. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	11546366

Part	Image	Part Name	Position	GM Number
3		Multi-Purpose Nut - 2.8L. 3.6L. With awd. Rwd. 1.4L, center and rear section, hatchback, to pipe, type 3. Fwd. 2.0L, front section, front. Lower. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	11546366
4		Driver Side Transmission Mount - Corvette. Left side. Secures transmission Helps absorb drivetrain vibrations, helping to create a comfortable ride Designed to function with surrounding components	Left	84675416
4		Passenger Side Transmission Mount - Corvette. Right side. Secures transmission Helps absorb drivetrain vibrations, helping to create a comfortable ride Designed to function with surrounding components	Right	84675417
5		Tow Hook Nut	Left	11549169

Part	Image	Part Name	Position	GM Number
1		Controller	Left	85022967

# 1. Oil Cooler

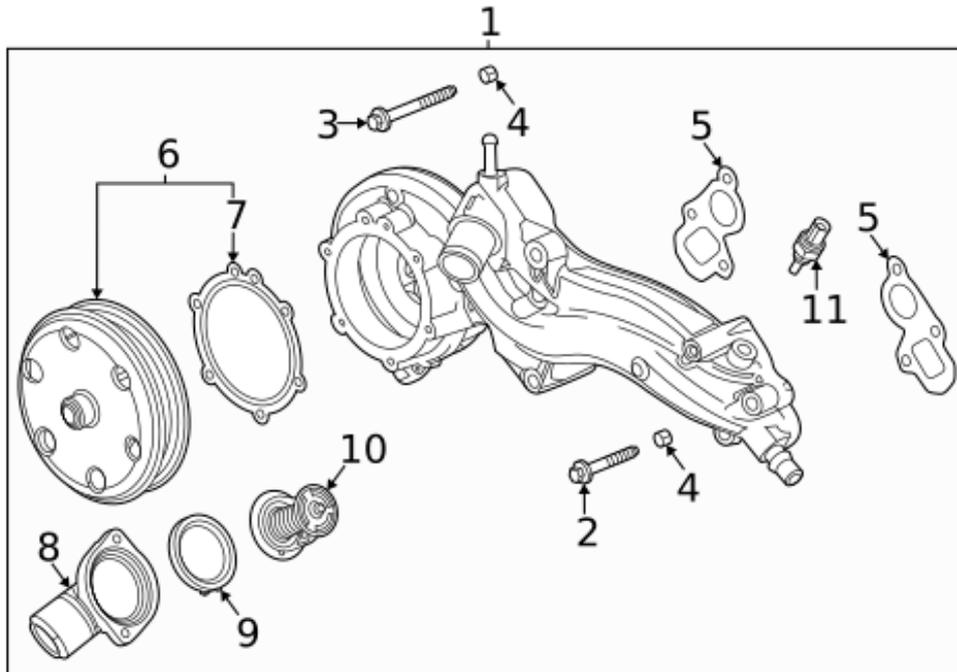

Part	Image	Part Name	Position	GM Number
1		Trans Cooler – Corvette. 6.2L, with auxiliary radiator. 5.5L. Convertible.	-	24044127
2		Trans Cooler Bolt – 6.2L, with auxiliary radiator. 5.5L. Convertible.	-	24045737
3		Trans Cooler Stud – 6.2L, with auxiliary radiator. 5.5L. Convertible.	-	24299316
4		Passenger Side Radiator Outlet Hose – Without auxiliary radiator, rear. Corvette. Outlet.	-	84369147
5		Radiator Outlet Hose – With auxiliary radiator, #2.	-	84696216
6		F (S)Hose – Corvette. With heavy duty cooling. Outlet. 6.2L, with auxiliary radiator, #3. 6.2L front cooling. with z51 pkg.	-	85147477
7		Outlet Hose – 6.2L, with auxiliary radiator, #4. 5.5L. Coupe, #4. Convertible. #4.	-	85136680
8		Engine Coolant Temperature Sensor – Helps keep engine running at proper temperature. Alerts vehicle operator of high engine temperature conditions.	-	55497116

Part	Image	Part Name	Position	GM Number
9		F (S)Hose – Corvette. 6.2L. Inlet. 6.2L, with auxiliary radiator, #1. Convertible, #1.	-	85147474
10		F (S)Hose – Corvette. With heavy duty cooling. Inlet. 6.2L with auxiliary radiator. #2.	-	85147476
11		Auxiliary Radiator Inlet Hose – With auxiliary radiator, #3.	-	84660335
12		Engine Coolant Thermostat – Corvette. Oil cooler inlet. 6.2L, with auxiliary radiator. 6.2L, with powertrain cooling. Auxiliary Radiator Loop.	-	85542462
12		Acdelco™ Thermostat – Corvette. Coolant manifold inlet. 6.2L. CT6. 4.2L twin-turbo. 5.5L. Incl.Gasket. Escalade ESV. Camaro. 7.0L.	-	131188
13		Water Pump Outlet Pipe – With auxiliary radiator.	-	84369150

# Belts & Cooling

1. Gaskets & Sealing Systems
2. Water Pump

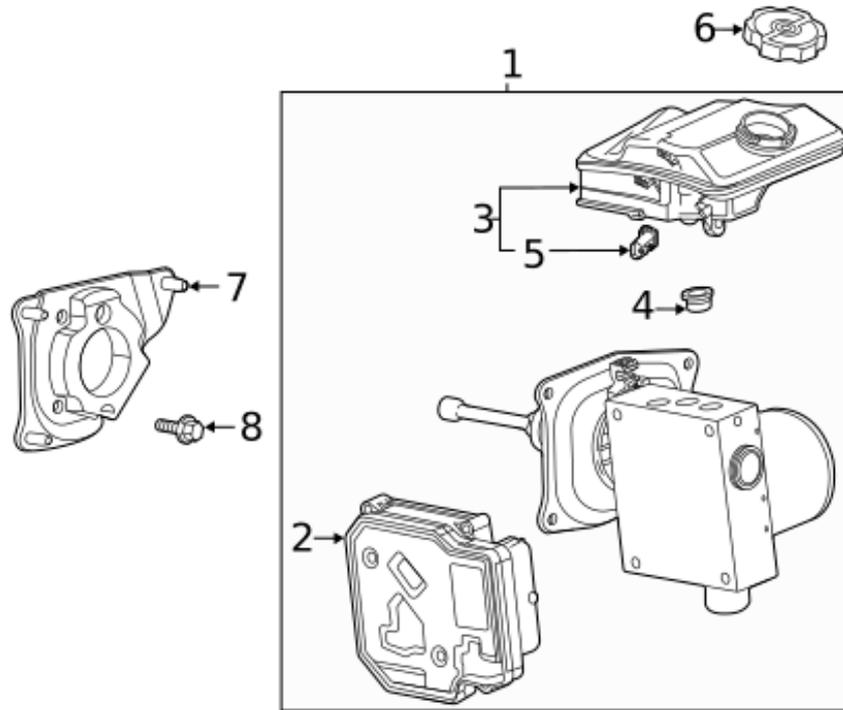

Part	Image	Part Name	Position	GM Number
1		F (S)Pump - 6.2L. Corvette.		12725190
2		M8x1.25x55 Multi-Purpose Bolt - Primary. Conventional. 2.5L & 2.0L turbo, short. 3.0L twin-turbo. With hybrid. Coupe, 2.0L turbo, short. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11588729
3		Bolt - Hvy Hx Acorn Flg Hd		11588733
4		Multi-Purpose Clip - 2018-20. 6.6L gas. 1.6L. 2.7L turbo. 4.3L. 6.2L supercharged. Without powertrain cooling. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11588327

Part	Image	Part Name	Position	GM Number
5		Gasket - Sierra, silverado. Tahoe, Yukon, Escalade. Yukon XL, Suburban. Escalade ESV. Camaro. Corvette. CTS-v. Small rear gasket. 6.2L supercharged.		12657430
5		Acdelco™ Engine Water Pump Housing Gasket - Sierra, silverado. Tahoe, Yukon, Escalade. Yukon XL, Suburban. Escalade ESV. Camaro. Corvette. CTS-v. Small rear gasket. 6.2L supercharged. (Discontinued)		2512066
7		Water Pump Gasket - Sierra, silverado. Tahoe, Yukon, Escalade. Yukon XL, Suburban. Escalade ESV. CTS-v. Large round gasket. 6.2L supercharged. Corvette. May be made from fiber or a rubberized composite material This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		12619770
7		Acdelco™ Engine Water Pump Gasket (Discontinued)		2512065
8		Engine Water Pump Inlet Tube - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Original equipment parts are designed to work with your GM vehicle safety systems -- aftermarket replacement parts may not meet the same OE safety regulations, depending on the part type		12587395
8		Acdelco™ Engine Coolant Thermostat Housing (Discontinued)		1510595
9		Water Inlet Seal - Helps close and prevent coolant from leaking out of your vehicle's cooling system components to maintain the proper engine temperature This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		12587397
10		Engine Coolant Thermostat - CT6. 4.2L twin-turbo. Camaro. 7.0L. Corvette. Coolant manifold inlet. Controls the flow of coolant through your vehicle's radiator to help the engine reach and maintain its optimal operating temperature		12661950
10		Acdelco™ Thermostat - Corvette. Coolant manifold inlet. 6.2L. CT6. 4.2L twin-turbo. 5.5L. Incl.Gasket. Escalade ESV. Camaro. 7.0L. (Discontinued)		131188

Part	Image	Part Name	Position	GM Number
11		<p>Engine Coolant Temperature Sensor - GM Original Equipment Engine Coolant Temperature Sensors monitor engine temperature, and are GM-recommended replacements for your vehicle's original components. The engine temperature signal is used by the engine control module to adjust the air/fuel mixture and ignition timing. These original equipment engine coolant temperature sensors have been manufactured to fit your GM vehicle, providing the same performance, durability, and service life you expect from General Motors.</p>		25186240

# Brakes

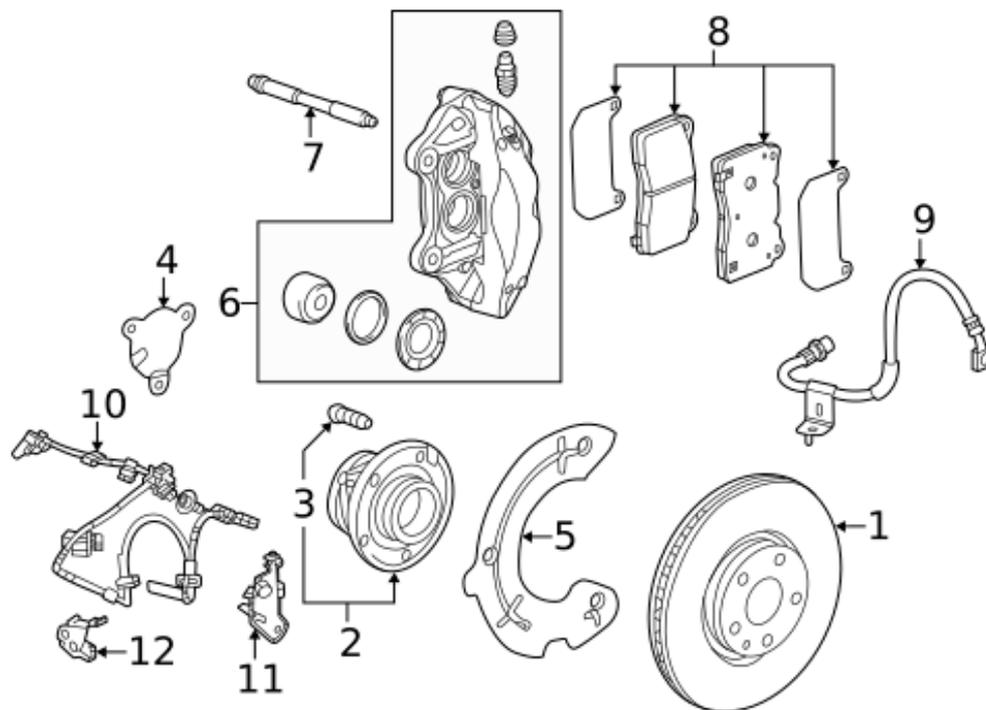

## 1. Anti-Lock Brakes

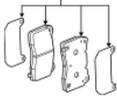

Part	Image	Part Name	Position	GM Number
1		F (S)Valve Kit		86559065
2		Electronic Brake Booster Control Module - CT4. CT5. Corvette. This part requires programming and/or special setup procedures GM Service Information describes the procedures and special tools needed to ensure proper operation in the vehicle		84779555
3		Reservoir - Corvette.		85165043
5		Brake Fluid Level Sensor - Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84826638
6		Reservoir Cap - 2021-25. 2023-24. With hybrid. 2018-22.		23373845

Part	Image	Part Name	Position	GM Number
6		Brake Master Cylinder Reservoir Cap - With hybrid. Designed, engineered, tested, and warranted for GM vehicles Precise fit for ease of installation For proper installation, locate your nearest GM dealer, independent service center, or body shop		23441713
7		Mount Bracket		86539201
8		M8x1.25x35 Multi-Purpose Bolt - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11588725

## 1.1.Anti-Lock Brakes

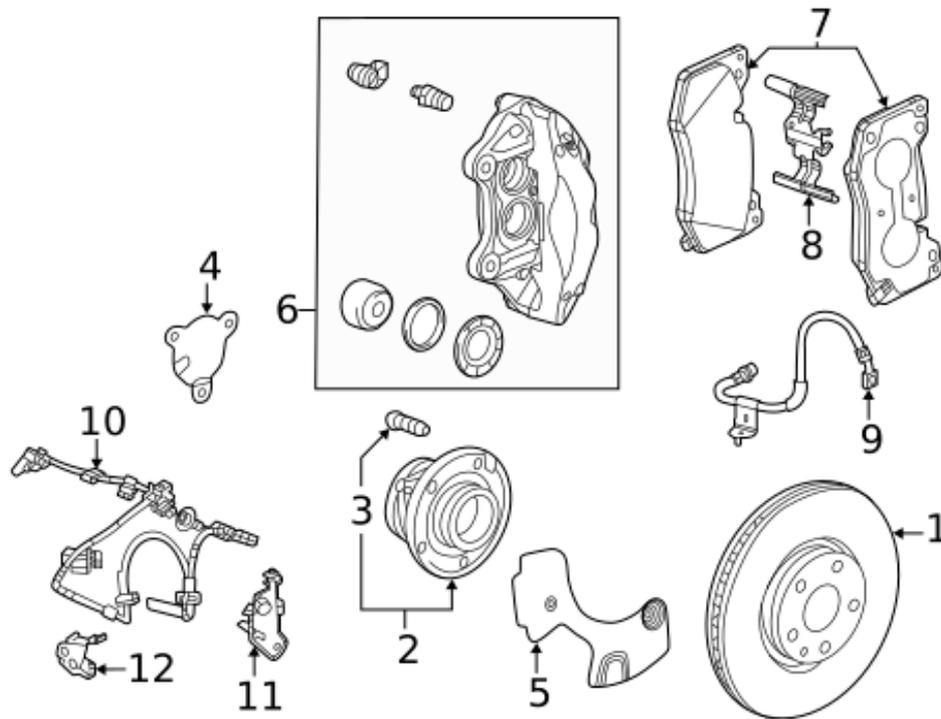

Part	Image	Part Name	Position	GM Number
1		Rotor - 4 piston caliper, without z51 package. Corvette. Without z06. Without heavy duty brakes.	Left	85114492
2		Hub Assembly - Corvette. With z06. Without carbon fiber wheels.	Left	84992878
3		M14x1.5x58 Wheel Stud - With awd. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	12451948
5		Front Brake Shield - Without z51 package. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84035693
6		Front Driver Side Disc Brake Caliper without Pads or Bracket - Corvette. Left. Without heavy duty brakes. Black. Helps stop the vehicle when the brakes are applied	Left	84733227
6		Front Passenger Side Disc Brake Caliper Assembly without Pads or Bracket - Corvette. Right. Without heavy duty brakes. Black. Helps stop the vehicle when the brakes are applied	Right	84733228
6		Front Driver Side Disc Brake Caliper without Pads or Bracket - Corvette. Left. Without heavy duty brakes. Yellow. Helps stop the vehicle when the brakes are applied	Left	84733229

Part	Image	Part Name	Position	GM Number
6		Front Passenger Side Disc Brake Caliper Assembly without Pads or Bracket - Corvette. Right. Without heavy duty brakes. Yellow. Helps stop the vehicle when the brakes are applied	Right	84733230
6		Front Driver Side Disc Brake Caliper without Pads or Bracket - Corvette. Left. Without heavy duty brakes. Red. Helps stop the vehicle when the brakes are applied	Left	84733231
6		Front Passenger Side Disc Brake Caliper Assembly without Pads or Bracket - Corvette. Right. Without heavy duty brakes. Red. Helps stop the vehicle when the brakes are applied	Right	84733232
6		Front Driver Side Disc Brake Caliper without Pads or Bracket - Corvette. Left. Without heavy duty brakes. Red. Helps stop the vehicle when the brakes are applied	Left	84733233
6		Front Passenger Side Disc Brake Caliper Assembly without Pads or Bracket - Corvette. Right. Without heavy duty brakes. Red. Helps stop the vehicle when the brakes are applied	Right	84733234
7		Pin Kit, Frt Disc Brk Pad - Incl.Disc Brake Pad Pin. Exc.Heavy Duty Brakes. Incl.Disc Brake Anti-Rattle Clip. With awd. Stingray, with z51. Exc.For Red Painted Caliper. Brembo Front Brakes. Without z51 package. Performance Brakes. 4 Piston Caliper.	Left	22813180
8		Brake Pads - 4 piston caliper, without z51 package. Corvette. Without z06. Without heavy duty brakes.		85142725
9		F (S)Hose - Corvette. Without z06. With extra ground clearance. Right. 4 piston caliper, without z51 package, with ground clearance control, with ground clearance control.	Right	86538568
9		Brake Hose 4 piston caliper, without z51 package, without ground clearance control, without ground clearance control.	Right	85029664
10		Front Passenger Side Wheel Speed Sensor - With z51 package. Corvette. Right. Restores ABS function and performance caused by failed wheel speed sensor	Right	84685109
11		Driver Side Wheel Speed Sensor Bracket - With z51 package, #1. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84359627
11		Passenger Side Wheel Speed Sensor Bracket - With z51 package, #1. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84359628

Part	Image	Part Name	Position	GM Number
12		Driver Side Wheel Speed Sensor Bracket - Without z51 package, #2. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84359625

## 1.2.Anti-Lock Brakes

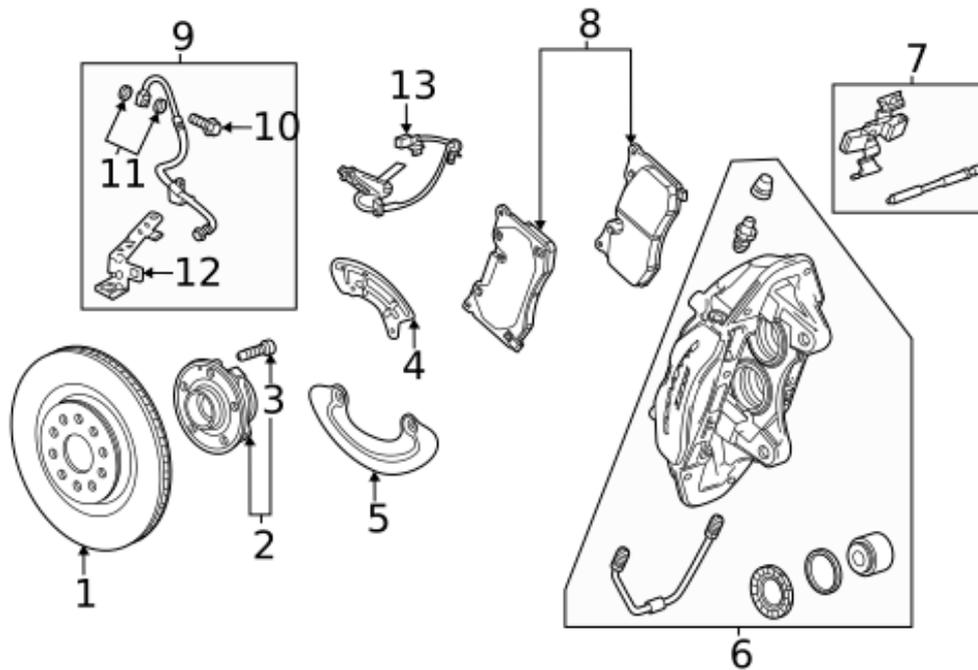

Part	Image	Part Name	Position	GM Number
1	 <small>Simulated parts shown. Actual parts may vary.</small>	Front Disc Brake Rotor - With z51 package. Corvette. With heavy duty brakes. Most GM OE brake rotors sold in the U S are Ferritic Nitro-Carburized, or FNC rotor These rotors typically last two times longer, compared to non-FNC rotors, due to improved pad wear behavior OE brake components are specifically designed to work with your GM vehicle safety systems This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84714265
4		Front Brake Bearing Shield - Without z51 package. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	23429527
5		Front Driver Side Brake Shield - With z51 package. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84876464
5		Front Passenger Side Brake Shield - With z51 package. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84876465

Part	Image	Part Name	Position	GM Number
6		Front Driver Side Disc Brake Caliper without Pads or Bracket - Corvette. Left. With heavy duty brakes. Black. Helps stop the vehicle when the brakes are applied This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors	Left	84733235
6		Front Passenger Side Disc Brake Caliper Assembly without Pads or Bracket - Corvette. Right. With heavy duty brakes. Black. Helps stop the vehicle when the brakes are applied This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors	Right	84733236
6		Front Driver Side Disc Brake Caliper without Pads or Bracket - Corvette. Left. With heavy duty brakes. Yellow. Helps stop the vehicle when the brakes are applied This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors	Left	84733237
6		Front Passenger Side Disc Brake Caliper Assembly without Pads or Bracket - Corvette. Right. With heavy duty brakes. Yellow. Helps stop the vehicle when the brakes are applied This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors	Right	84733238
6		Front Driver Side Disc Brake Caliper without Pads or Bracket - Corvette. Left. With heavy duty brakes. Red. Helps stop the vehicle when the brakes are applied This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors	Left	84733239
6		Front Passenger Side Disc Brake Caliper Assembly without Pads or Bracket - Corvette. Right. With heavy duty brakes. Red. Helps stop the vehicle when the brakes are applied This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors	Right	84733240
6		Front Driver Side Disc Brake Caliper without Pads or Bracket - Corvette. Left. With heavy duty brakes. Edge red. Helps stop the vehicle when the brakes are applied This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors	Left	84733241

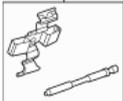

Part	Image	Part Name	Position	GM Number
6		Front Passenger Side Disc Brake Caliper Assembly without Pads or Bracket - Corvette. Right. With heavy duty brakes. Edge red. Helps stop the vehicle when the brakes are applied This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors	Right	84733242
7		Pad Kit - 4 piston caliper, with z51 package. Corvette. Without z06. With heavy duty brakes. Performance Brake Lining. Incl.Shims. Optional. Vendor #84779269.		85614851
8		Front Disc Brake Pad Retaining Spring - With z51 package. Manufactured with GM Original Equipment specification for fit, form, and function		13535096
9		Brake Hydraulic Hose - Corvette. Without z06. With extra ground clearance. Left. 4 piston caliper, with z51 package, with ground clearance control, with ground clearance control.	Left	86538567
9		Brake Hose - 4 piston caliper, with z51 package, without ground clearance control, without ground clearance control.	Left	85029663
10		Front Driver Side Wheel Speed Sensor - Without z51 package. Corvette. Left. Restores ABS function and performance caused by failed wheel speed sensor	Left	84685108
12		Passenger Side Wheel Speed Sensor Bracket - With z51 package, #2. This GM Genuine Part is designed, engineered, and tested	Right	84359626

### 1.3.Anti-Lock Brakes

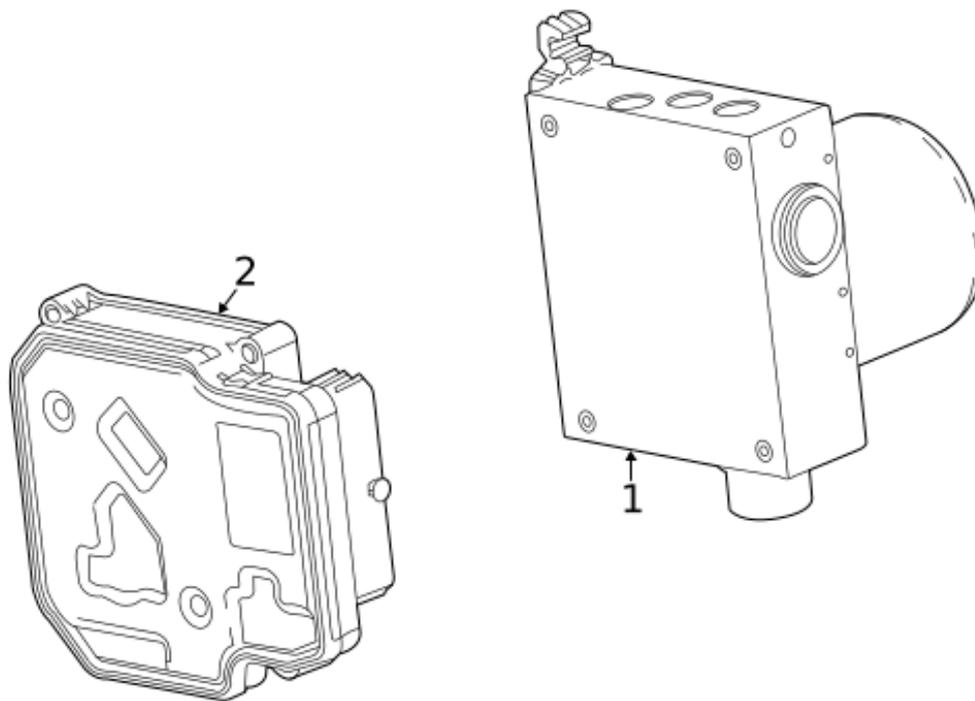

Part	Image	Part Name	Position	GM Number
1		Rotor Corvette. Without heavy duty brakes. Without z06, without z51 package.	Left	85114493
2		Rear Wheel Hub and Bearing Assembly - Supports the vehicle while allowing the wheel to rotate. Maximum lateral stiffness for optimum ride, handling, and driving dynamics. GM OE parts are built to help withstand potholes and designed to maximize seal life. GM OE bearing designs are dimensionally optimized to work with their mating parts. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Left	85120534
4		Rear Brake Shield - Without z51 package, upper. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Left	84035690
5		Rear Brake Lower Shield - Without z51 package, lower. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Left	84035688

Part	Image	Part Name	Position	GM Number
6		Rear Driver Side Brake Caliper without Pads or Bracket - Corvette. Left. Without heavy duty brakes. Black. Helps stop the vehicle when the brakes are applied. This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors.	Left	84733247
6		Rear Passenger Side Disc Brake Caliper Assembly without Pads or Bracket - Corvette. Right. Without heavy duty brakes. Black. Helps stop the vehicle when the brakes are applied. This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors.	Right	84733248
6		Rear Driver Side Brake Caliper without Pads or Bracket - Corvette. Left. Without heavy duty brakes. Yellow. Helps stop the vehicle when the brakes are applied. This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors.	Left	84733249
6		Rear Passenger Side Disc Brake Caliper Assembly without Pads or Bracket - Corvette. Right. Without heavy duty brakes. Yellow. Helps stop the vehicle when the brakes are applied. This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors.	Right	84733250
6		Rear Driver Side Brake Caliper without Pads or Bracket - Corvette. Left. Without heavy duty brakes. Red. Helps stop the vehicle when the brakes are applied. This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors.	Left	84733251
6		Rear Passenger Side Disc Brake Caliper Assembly without Pads or Bracket - Corvette. Right. Without heavy duty brakes. Red. Helps stop the vehicle when the brakes are applied. This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors.	Right	84733252
6		Rear Driver Side Brake Caliper without Pads or Bracket - Corvette. Left. Without heavy duty brakes. Edge red. Helps stop the vehicle when the brakes are applied. This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors.	Left	84733253

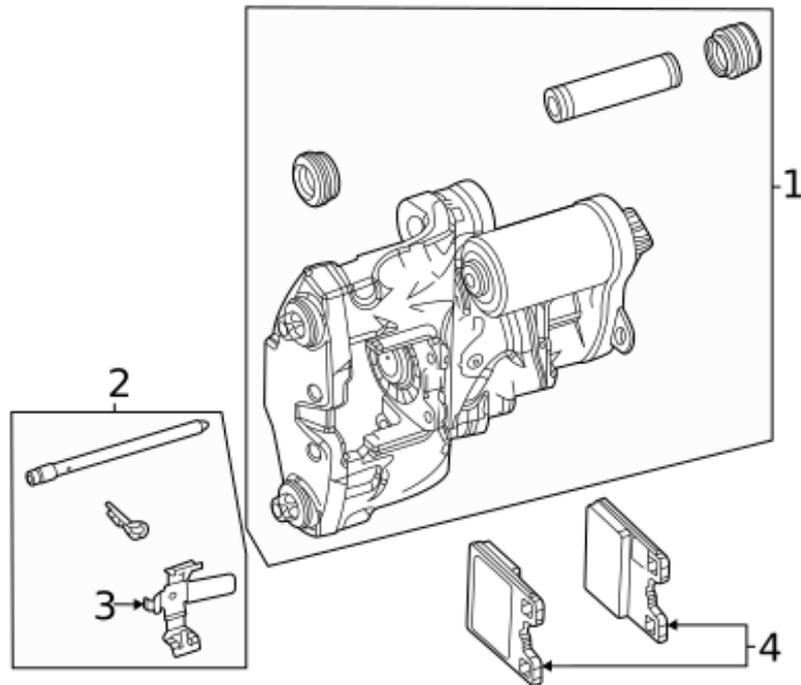

Part	Image	Part Name	Position	GM Number
6		Rear Passenger Side Disc Brake Caliper Assembly without Pads or Bracket - Corvette. Right. Without heavy duty brakes. Edge red. Helps stop the vehicle when the brakes are applied. This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors.	Right	84733254
7		Rear Disc Brake Pad Pin Kit - Without z51 package. Manufactured with GM Original Equipment specification for fit, form, and function.	Left	84862000
8		Rear Disc Brake Pad Set - Without z51 package. Corvette. Without heavy duty brakes. Integrally molded - friction material molded to backing plate for bond integrity. Premium shims, slots, and chamfers help to diminish noise, vibration, and braking harshness. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.		84197898
9		F (S)Hose - Corvette. Right. Without z06, without z51 package. With z06, with carbon ceramic.	Right	85826408
9		F (S)Hose - Corvette. Left. Without z06, without z51 package. With z06, with carbon ceramic.	Left	86538588
10		Bolt,Rr Brk Hose - 2wd. 4wd. With z51 package. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Left	11569590
11		Copper Brake Hose Washer - These are Sold Individually. 2wd. 4wd. Without awd. Fwd. With z51 package. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Left	21012386
13		Rear Wheel Speed Sensor - Without z51 package. Corvette. Restores ABS function and performance caused by failed wheel speed sensor.	Right	84685110

## 1.4.Control Modules

Part	Image	Part Name	Position	GM Number
2		Electronic Brake Control Module		86779255

## 1.5.Parking Brake

Part	Image	Part Name	Position	GM Number
1		Actuator - Corvette. Without z06. With heavy duty brakes. Right.	Right	13555027
1		F (S) Caliper - Corvette. With heavy duty brakes. Left. Without z06, with z51 pkg. Caliper Parking Brake. Incl. Parking Brake Actuator. Optional.	Left	13546332
1		Passenger Side Parking Brake Caliper - Without z51 pkg. Corvette. Without heavy duty brakes. Right.	Right	84862009
1		Driver Side Parking Brake Caliper - Without z51 pkg. Corvette. Without heavy duty brakes. Left. This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors	Left	84862002
2		Parking Brake Pin Lock - For Parking Brake Caliper. Incl. Disc Brake Pad Pin. With v blackwing.	Right	13553891
4		Brake Pads - With v blackwing. Performance Package. For Parking Brake Caliper. Optional.	Left	13553895
4		Parking Brake Caliper Pad Set - Without z51 pkg. This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors	Left	84935102

10		Water Pump Gasket - Description: Sierra, silverado. Tahoe, Yukon, Escalade. CTS-v. Large round gasket.		12619770
10		Acdelco™ Engine Water Pump Gasket - Discontinued		2512065
11		Water Pump - Description: Corvette. 6.2L.		12725188
12		F (S)Pump - Includes: Water Pump, Thermostat, Thermostat Housing, Coolant Temperature Sensor, & Gaskets. Description: 6.2L. Corvette.		12725190

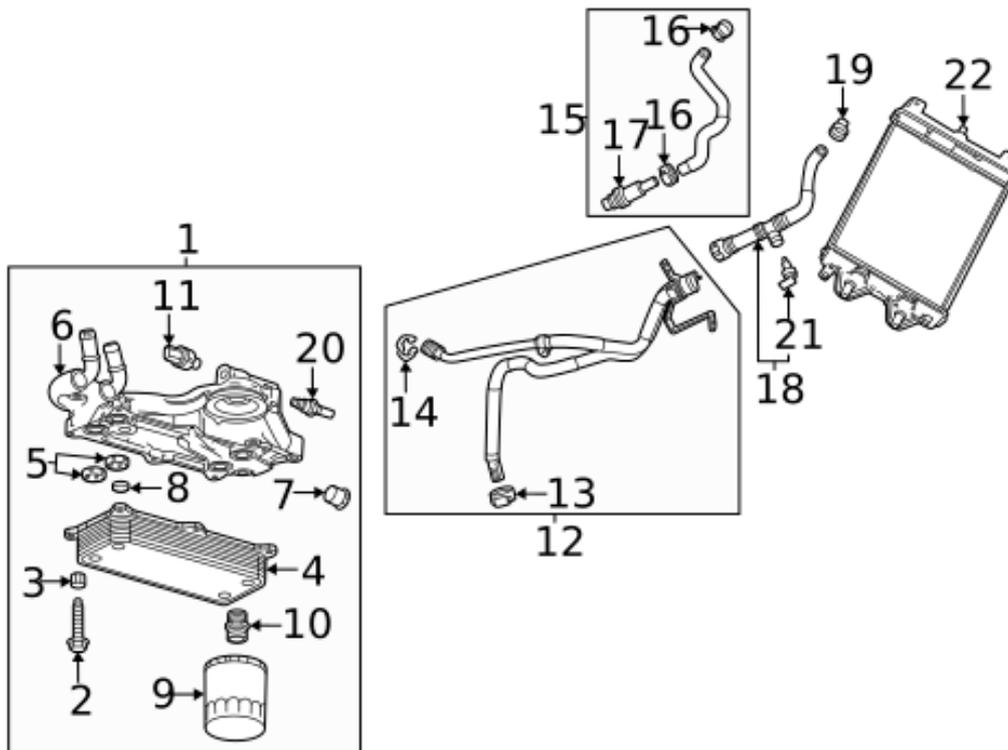

### 1.3.Oil Cooler

Part	Image	Part Name	Position	GM Number
2		M8x1.25x50 Multi-Purpose Bolt - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11588728
3		Multi-Purpose Clip - 2018-20. 6.6L gas. 1.6L. 2.7L turbo. 4.3L. 6.2L supercharged. Without powertrain cooling. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11588327
4		Engine Oil Cooler - With powertrain cooling. Helps maintain proper engine oil operating temperatures		12666088
5		Seal - Part included with cooler assembly		12733672
7		Oil Cooler Plug - 2.7L turbo, rwd. Camaro. At engine(m18x1.5x15). Without hybrid. Side.		11602946
8		Multi-Purpose Plug - Location-Cylinder Head. Without powertrain cooling, lower. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		9427695

Part	Image	Part Name	Position	GM Number
9		Filter - Part included with cooler assembly		25206966
9		Acdelco™ Oil Filter - Part included with cooler assembly (Discontinued)		PF64
10		Engine Oil Filter Connector - 6.6L diesel, lower components. 3.6l. 1.5L. 2.5L. 1.2L turbo. Without powertrain cooling. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		12582654
12		Engine Oil Temperature Sensor - This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors		55494665
13		Inlet Pipe - Coolant. Corvette. Feed. 6.2L, without powertrain cooling.		84660333
14		Radiator Inlet Hose Clamp - With powertrain cooling. Easy to install or remove This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11603171

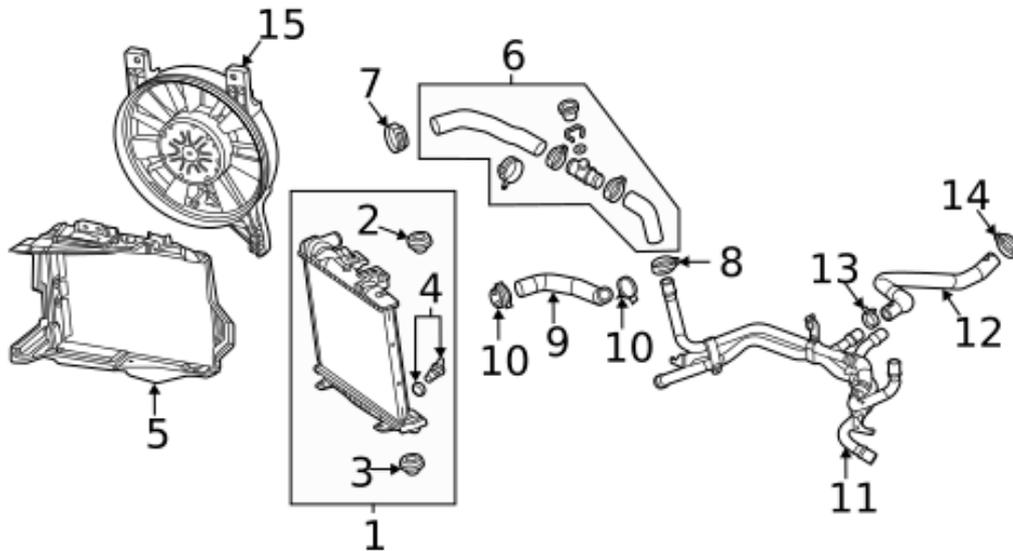

### 1.3.1.Oil Cooler

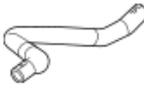

Part	Image	Part Name	Position	GM Number
1		Adapter - Description: 6.2L, with powertrain cooling. Corvette.		12740654
2		M8x1.25x45 Multi-Purpose Bolt - Description: This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11610074
11		Oil Pressure Sensor - Description: Equinox, Terrain. 1.5l. Suburban. 3.0l diesel. Tahoe. 3.0l diesel. Escalade. 3.0l diesel.		12727099
12		Inlet Pipe - Description: 6.2L with powertrain cooling. Inlet pipe.		86819913
14		Inlet Pipe Retainer Clip - Description: 6.2L, with powertrain cooling. 7.0L.		88996648
15		Radiator Inlet Hose - Description: With powertrain cooling. Manufactured to GM OE specification for fit, form, and function		84768363

Part	Image	Part Name	Position	GM Number
16		Radiator Inlet Hose Clamp - Description: With powertrain cooling. Easy to install or remove This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11603171
17		Engine Coolant Thermostat - Description: Corvette. Oil cooler inlet. 6.2L, with auxiliary radiator. 6.2L, with powertrain cooling. Auxiliary Radiator Loop.		85542462
18		F (S)Hose - Description: 5.5L, rear cooling, convertible. Corvette. Rear radiators. Left. 6.2L with powertrain cooling. Outlet hose.		85136690
19		Reservoir Hose Clamp		90572593
21		Engine Coolant Temperature Sensor - Description: Helps keep engine running at proper temperature Alerts vehicle operator of high engine temperature conditions		55497116

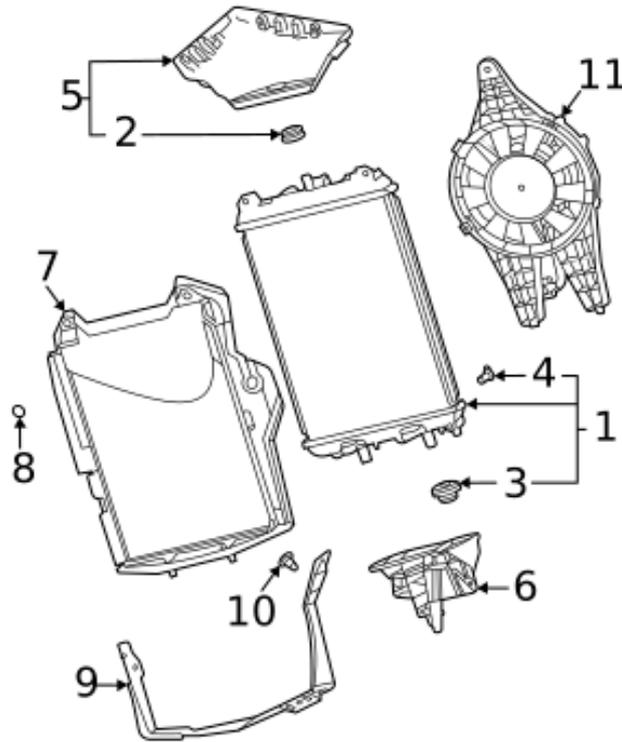

## 1.4.Radiator & Components

Part	Image	Part Name	Position	GM Number
1		Outer Radiator - 6.2L, front cooling, with z51 pkg. Corvette. With performance package. Right. 5.5L, front cooling, outer.	Right	85559349
1		Outer Radiator - 6.2L, front cooling, without z51 pkg. Corvette. Without performance package. Right. Front cooling, outer.	Right	85559348
1		Outer Radiator - 6.2L, front cooling, with z51 pkg. Corvette. With performance package. Left. 5.5L, front cooling, outer.	Left	85559347
1		Outer Radiator - 6.2L, front cooling, without z51 pkg. Corvette. Without performance package. Left. Front cooling, outer.	Left	85559346
2		Radiator Upper Insulator - 2.0L turbo. 2.7L turbo, main. 1.3l turbo. 3.6L. 1.2L. Rear cooling, without auxiliary radiator. Front cooling.	Left	23182177
3		Radiator Lower Insulator - Rear cooling, without auxiliary radiator. Front cooling.	Left	84321978
4		Radiator Drain Petcock - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	22790134

Part	Image	Part Name	Position	GM Number
5		Air Inlet Duct - 6.2L front cooling. 5.5L front cooling, outer.	Left	86533694
5		Air Inlet Duct - 6.2L front cooling. 5.5L front cooling, outer.	Right	84657667
6		F (S)Hose - Corvette. With heavy duty cooling. Outlet. 6.2L, with auxiliary radiator, #3. 6.2L front cooling. with z51 pkg.	Right	85147477
6		Upper Hose - Corvette. Auxiliary radiator. Without heavy duty cooling. Outlet. 6.2L, front cooling, without z51 pkg. Front cooling, outer. Front radiators. Outer radiator. Right. Upper.	Right	85147462
6		Upper Hose - Corvette. Auxiliary radiator. Without heavy duty cooling. Outlet. Left. 6.2L, front cooling, with z51 pkg. Front cooling, outer.	Left	85147461
7		Clamp,Rad Inl Hose Rad Black - Helps prevent leaks This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	13162312
8		Radiator Hose Clamp - Front cooling, front. Front cooling, rear. Helps create a leak-resistant seal Helps to secure and attach hose to connection points	Right	11602210
9		Lower Hose - Corvette. Auxiliary radiator. Without heavy duty cooling. Inlet. Front radiators. Outer radiator. Right. Lower.	Right	85147464
9		Lower Hose - Front cooling, outer. Corvette. Auxiliary radiator. Without heavy duty cooling. Inlet. Front radiators. Outer radiator. Left. Lower.	Left	85147463
11		Inlet Pipe - 6.2L front cooling.	Left	85545954
12		Rear Hose - 6.2L front cooling. 5.5L, front cooling, outer.	Right	85136662
12		F (S)Hose - 5.5L, front cooling, outer.	Left	85049242
15		Fan Assembly - Corvette. Main. Left. Front.	Left	87828582
15		Fan Assembly - Corvette. Main. Right. Front.	Right	87828583

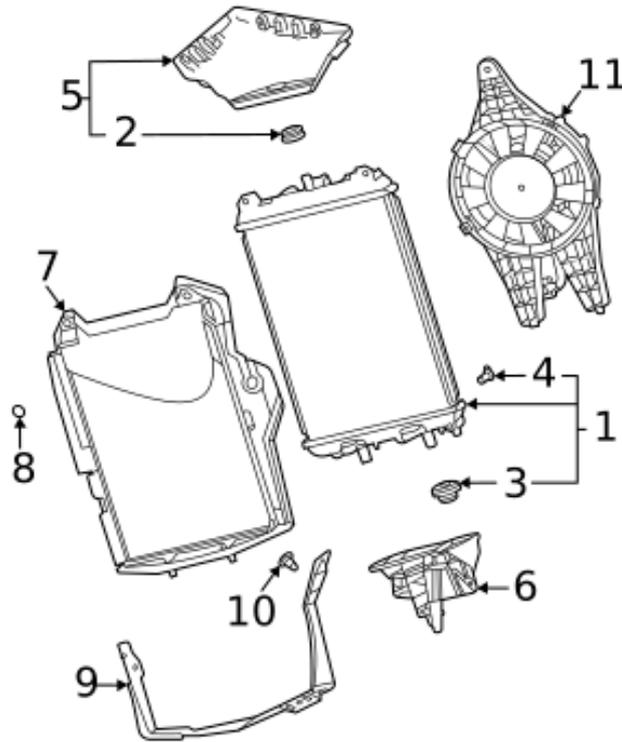

## 1.4.1.Radiator & Components

Part	Image	Part Name	Position	GM Number
1		Engine Auxiliary Radiator - Rear cooling, with auxiliary radiator. Corvette. Lightweight; the radiators have a positive heat transfer to weight ratio Corrosion-resistant aluminum designed core helps optimize the radiators long lasting	Left	23429489
2		Radiator Upper Insulator - 2.0L turbo. 2.7L turbo, main. 1.3l turbo. 3.6L. 1.2L. Rear cooling, without auxiliary radiator. Front cooling. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	23182177
3		Radiator Lower Insulator - Rear cooling, without auxiliary radiator. Front cooling. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84321978
4		Radiator Drain Petcock - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	22790134

Part	Image	Part Name	Position	GM Number
5		Driver Side Auxiliary Radiator Bracket - Helps align and secure your vehicle's radiator mount. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84230534
5		Passenger Side Auxiliary Radiator Bracket - Rear cooling, without auxiliary radiator. Helps align and secure your vehicle's radiator mount. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	23321734
6		Passenger Side Radiator Lower Bracket - Rear cooling, without auxiliary radiator. Helps align and secure your vehicle's radiator mount. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84168885
6		Driver Side Radiator Lower Bracket - Rear cooling, without auxiliary radiator. Helps align and secure your vehicle's radiator mount. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84168884
7		F Duct - 5.5L rear cooling.	Right	87854294
8		Push-Pin - These are Sold Individually. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	11612035
9		Passenger Side Radiator Air Lower Seal - Rear cooling, without auxiliary radiator. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84280869
9		Driver Side Radiator Air Lower Seal - Rear cooling, with auxiliary radiator. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84280868
10		Push-Pin - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	11589289

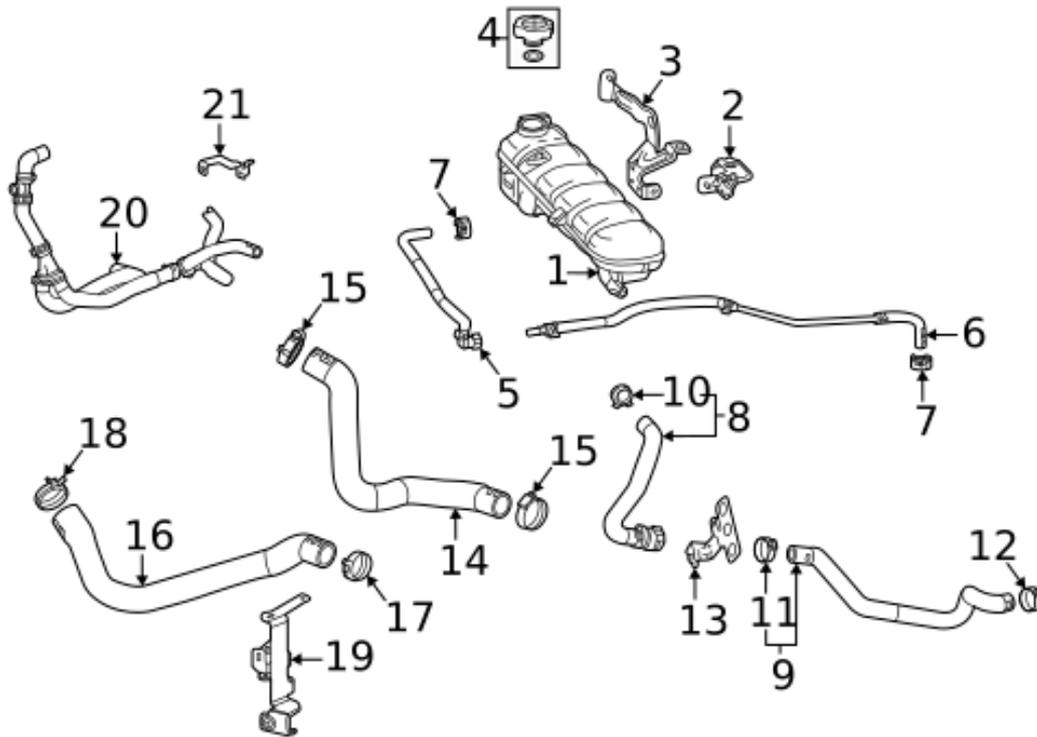

## 1.4.2.Radiator & Components

Part	Image	Part Name	Position	GM Number
1		Engine Auxiliary Radiator - Rear cooling, with auxiliary radiator. Corvette. Lightweight; the radiators have a positive heat transfer to weight ratio Corrosion-resistant aluminum designed core helps optimize the radiators long lasting	Left	23429489
2		Radiator Upper Insulator - 2.0L turbo. 2.7L turbo, main. 1.3l turbo. 3.6L. 1.2L. Rear cooling, without auxiliary radiator. Front cooling. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	23182177
3		Radiator Lower Insulator - Rear cooling, without auxiliary radiator. Front cooling. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84321978
4		Radiator Drain Petcock - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	22790134

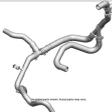

Part	Image	Part Name	Position	GM Number
5		Driver Side Auxiliary Radiator Bracket - Helps align and secure your vehicle's radiator mount. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84230534
5		Passenger Side Auxiliary Radiator Bracket - Rear cooling, without auxiliary radiator. Helps align and secure your vehicle's radiator mount. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	23321734
6		Passenger Side Radiator Lower Bracket - Rear cooling, without auxiliary radiator. Helps align and secure your vehicle's radiator mount. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84168885
6		Driver Side Radiator Lower Bracket - Rear cooling, without auxiliary radiator. Helps align and secure your vehicle's radiator mount. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84168884
7		F Duct - 5.5L rear cooling.	Right	87854294
8		Push-Pin - These are Sold Individually. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	11612035
9		Passenger Side Radiator Air Lower Seal - Rear cooling, without auxiliary radiator. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84280869
9		Driver Side Radiator Air Lower Seal - Rear cooling, with auxiliary radiator. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84280868
10		Push-Pin - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	11589289

## 1.5.Radiator Hoses

Part	Image	Part Name	Position	GM Number
1		Radiator Surge Tank - Designed to maintain optimal temperatures; stores heated coolant and reintroduces when cooled. GM Genuine Part.		84889158
1		Radiator Surge Tank - Designed to maintain optimal temperatures; stores heated coolant and reintroduces when cooled. GM Genuine Part.		84889157
2		Radiator Surge Tank Bracket - Rear cooling. Aligns and secures the engine coolant reservoir. GM Genuine Part.		84652022
2		Radiator Surge Tank Bracket - Aligns and secures the engine coolant reservoir. GM Genuine Part.		84238791
3		Radiator Surge Tank Bracket - Rear cooling. Aligns and secures the engine coolant reservoir. GM Genuine Part.		84529996
3		Radiator Surge Tank Bracket - Aligns and secures the engine coolant reservoir. GM Genuine Part.		84529994
4		Radiator Surge Tank Cap - GM Genuine Parts Radiator Surge Tank Caps designed, engineered, and tested to rigorous standards.		13545896

Part	Image	Part Name	Position	GM Number
5		F (S)Hose - 6.2L, rear cooling, upper, convertible.		85573528
5		Radiator Surge Tank Inlet Hose - Rear cooling, upper. GM Genuine Part.		84369143
6		Overflow Hose - Rear cooling, convertible.		85136688
6		Radiator Surge Tank Inlet Hose - Rear cooling, lower. GM Genuine Part.		84369162
7		Multi-Purpose Clamp - Sold individually. GM Genuine Part.		90530642
8		Reservoir Hose - 6.2L rear cooling upper. 5.5L rear cooling coupe upper.		85136682
9		Water Pump Inlet Hose - Rear cooling, lower, standard cooling. Manufactured to GM OE specification.		84369166
9		Driver Side Transmission Fluid Cooler Engine Coolant Hose - Rear cooling, lower, hd cooling. GM Genuine Part.		84660338
11		Multi-Purpose Clamp - Rear cooling, upper hose. GM Genuine Part.		11611503
12		Engine Coolant Reservoir Hose Clamp - 6.2L supercharger, rear cooling, coupe, lower.		11601968
13		Bracket - 6.2L rear cooling convertible/coupe.		84852801
14		Radiator Inlet Hose - Designed for a variety of uses. GM Genuine Part.		85163342
15		Radiator Inlet Hose Clamp - With powertrain cooling. GM Genuine Part.		11603171
16		F (S)Hose - Corvette. Main radiator. 6.2L rear cooling. Outlet hose.		85136666
17		Radiator Hose Clamp - Helps prevent leaks. GM Genuine Part.		11601882
18		Lower Hose Clamp - GM Genuine Part.		11548976

Part	Image	Part Name	Position	GM Number
19		Radiator Outlet Pipe Bracket - Rear cooling. Aligns and secures coolant hose. GM Genuine Part.		85112819
20		Water Hose Assembly - Coolant. Corvette. Return. 6.2L rear cooling.		85136674
21		Radiator Outlet Hose Bracket - Rear cooling. Aligns and secures coolant hose. GM Genuine Part.		84238786

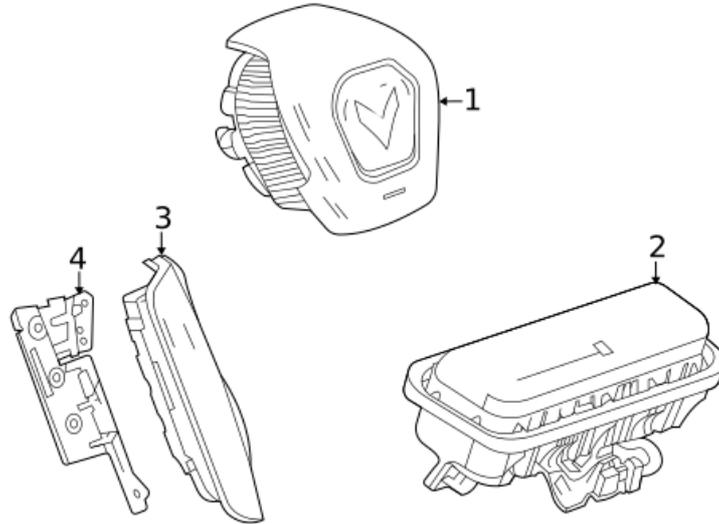

# Driveline & Axles

## 1. Air Bag Components

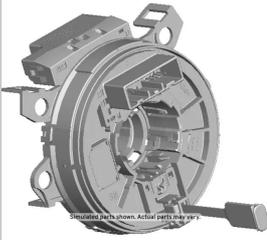

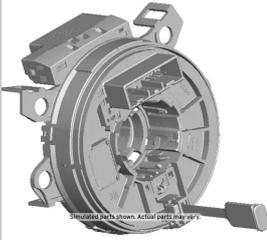

Part	Image	Part Name	Position	GM Number
1		Driver Air Bag 2 - Corvette. Without dual stage. Black/gray. From 01/05/23. AIR BAGS. leather black.		85637029
1		Driver Air Bag 2 - Corvette. Without dual stage. Black/red stitching. AIR BAGS. leather black/red.		85637030
1		Driver Air Bag 2 - Corvette. Without dual stage. Black/neutral. AIR BAGS. leather black/tan.		85637031
1		Driver Air Bag 2 - Corvette. Without dual stage. AIR BAGS. leather black/blue.		85637032
1		Driver Air Bag 2 - Corvette. Without dual stage. Black/yellow stitching. AIR BAGS. leather black/yellow.		85637033
1		Driver Air Bag 2 - Corvette. Without dual stage. Black/gray. AIR BAGS. suede black.		85637043
1		Driver Air Bag 2 - Corvette. Without dual stage. Suede. Black/red. To 01/04/23.		85637044
1		Driver Air Bag 2 - Corvette. Without dual stage. Black/neutral. From 01/05/23. AIR BAGS. suede black/tan.		85637045

Part	Image	Part Name	Position	GM Number
1		Driver Air Bag 2 - Corvette. Without dual stage. Black/neutral. From 01/05/23. AIR BAGS. suede black/tan.		85637045
1		Driver Air Bag 2 - Corvette. With dual stage. With yellow stitching. AIR BAGS. suede black/yellow.		85637046
1		Driver Air Bag 2 - Corvette. With dual stage. Without yellow stitching. Air bags, tpo.		85637051
2		Passenger Inflator Module 2 - Air bags. Corvette.		84960642
3		Ft Seat Air Bag 2 - Air bags. Corvette. Left.	Left	85634051
3		Ft Seat Air Bag 2 - Air bags. Corvette. Right.	Right	85634052
4		Ft Seat Air Bag Bracket - Air bags.	Right	84682838
4		Seat Air Bag Bracket - Air bags.	Left	84892339

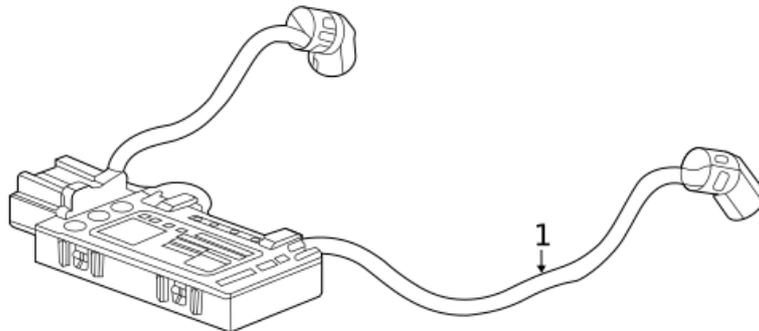

## 1.1.Air Bag Components

Part	Image	Part Name	Position	GM Number
1		Clock Spring - Electrical: Clock Spring for Cadillac: CT4, CT5, Escalade, Escalade ESV   Chevrolet: Corvette, Silverado 1500, Silverado 1500 LTD, Silverado 2500 HD, Silverado 3500 HD, Suburban, Tahoe   GMC: Sierra 1500, Sierra 1500 Limited, Sierra 2500 HD, Sierra 3500 HD, Yukon, Yukon XL		86773960
1		Clock Spring - Electrical: Clock Spring for Cadillac: CT4, CT5, Escalade, Escalade ESV   Chevrolet: Silverado 1500, Silverado 1500 LTD, Silverado 2500 HD, Suburban, Tahoe   GMC: Sierra 1500, Sierra 1500 Limited, Sierra 2500 HD, Sierra 3500 HD, Yukon, Yukon XL. Description: Silverado, Sierra 2500 HD. With auto steering wheel heat. With keyless engine start. Silverado, Sierra 3500 HD. Corvette. CT5. Sensors & modules, with htd strng wheel. CT4. With heated steering wheel. Labeled 86773961.		86507598
2		Module - Electrical: Diagnostic Unit for Chevrolet: Corvette. Description: Modules & sensors. Corvette.		13542685

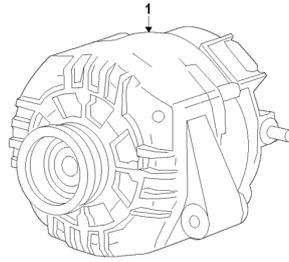

Part	Image	Part Name	Position	GM Number
3		Side Impact Sens - Electrical: Ft Impact Sensor for Buick: Enclave, Envision   Cadillac: CT4, CT5, Escalade, Escalade ESV, LYRIQ, OPTIQ, XT4   Chevrolet: Blazer EV, Colorado, Corvette, Equinox, Equinox EV, Silverado 1500, Silverado 1500 LTD, Silverado 2500 HD, Silverado 3500 HD, Suburban, Tahoe, Traverse   GMC: Acadia, Canyon, Hummer EV Pickup, Hummer EV SUV, Sierra 1500, Sierra 1500 Limited, Sierra 2500 HD, Sierra 3500 HD, Sierra EV, Terrain, Yukon, Yukon XL	Left	13525283
4		Airbag Side Impact Sensor - Electrical: Side Impact Sens for Chevrolet: Corvette. Description: Modules & sensors. Corvette. Sends a signal to your vehicle's airbag sensing and diagnostic module during sudden deceleration Helps the control module determine whether or not to deploy the airbags This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair	Left	13534064

## 2. Alarm System

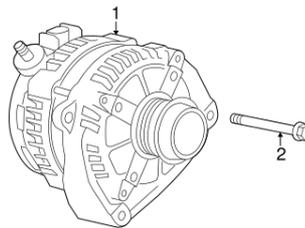

Part	Image	Part Name	Position	GM Number
1		Content Theft Deterrent Sensor Corvette. Helps to detect and trigger the anti-theft alarm system		23271609

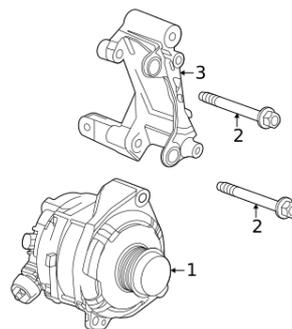

### 3. Alternator

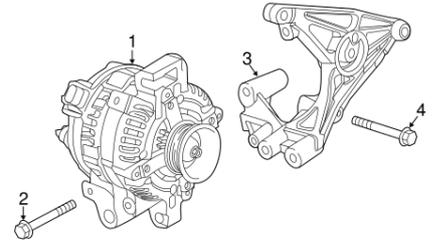

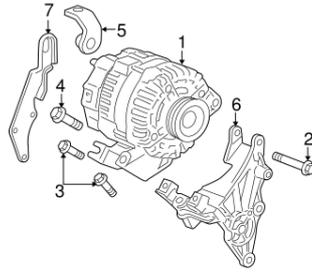

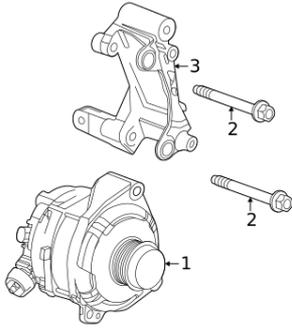

Part	Image	Part Name	Position	GM Number
1		Alternator		13561041

Part	Image	Part Name	Position	GM Number
2		Front Reinforced Bolt		11546413

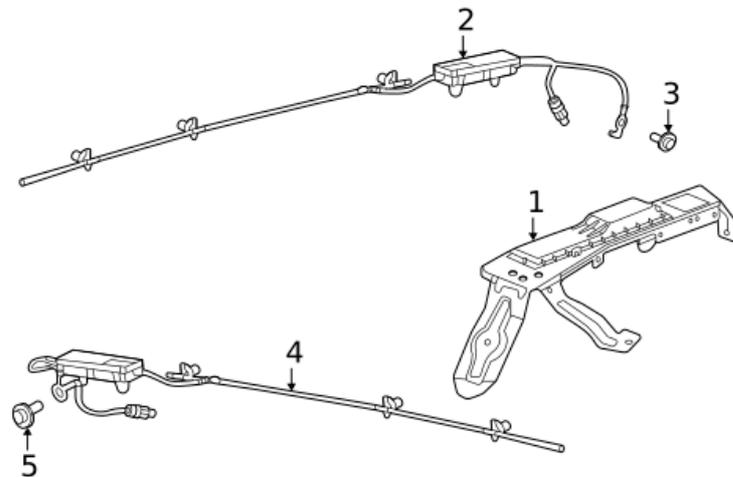

Part	Image	Part Name	Position	GM Number
2		Belt Tensioner Upper Bolt		11588756

Part	Image	Part Name	Position	GM Number
2 - 4		Front Reinforced Bolt		11546413

## 4. Antenna & Radio

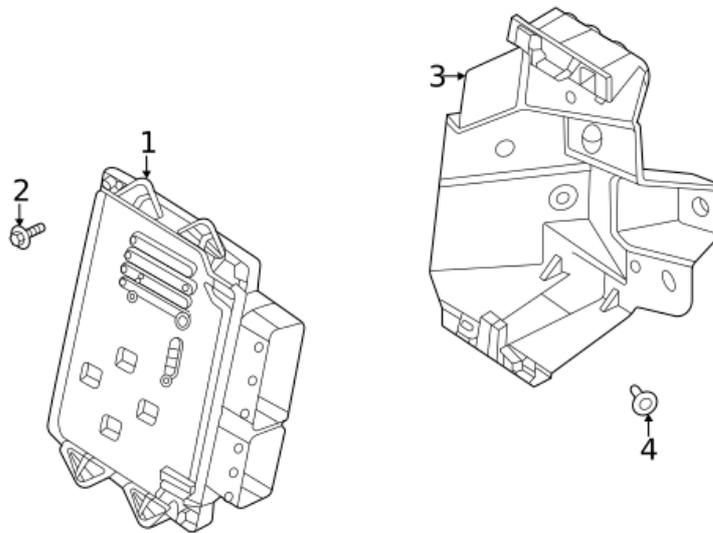

Part	Image	Part Name	Position	GM Number
1		Radio Antenna Assembly - Corvette. High frequency. Right.	Right	85547218
1		Radio Antenna Assembly - Corvette. High frequency. Left.	Left	85547220
2		Radio Amplifier		85621130
3		Saturn Standard Part - On fender. Emission reduction system, 3.0L diesel. Fuel filler pipe. Air bags, 6x21mm. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11609585
4		Radio Antenna Module - This part requires programming and/or special setup procedures GM Service Information describes the procedures and special tools needed to ensure proper operation in the vehicle		23291976
5		M8x1.25x25 Multi-Purpose Bolt - High voltage. Filler pipe components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11570961

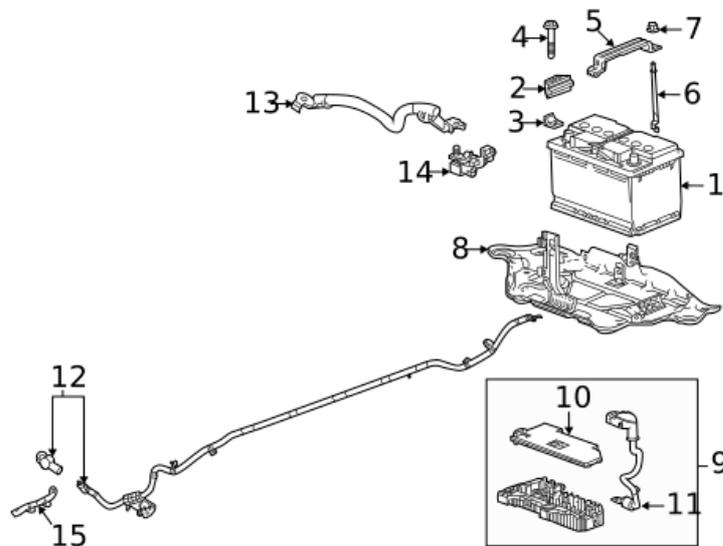

Part	Image	Part Name	Position	GM Number
7		F Harness	Right	86784641
8		Inlet Hose	Left	84776065
8		Inlet Hose	Right	84776066
9		Inlet Pipe	Right	86782655
9		Inlet Pipe	Left	86782654

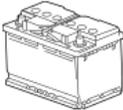

## 6. Automatic Transaxle

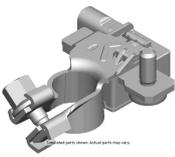

Part	Image	Part Name	Position	GM Number
1		Module		24050532
3		Transmission Control Module Bracket		84406070
4		M6x1x30 Multi-Purpose Bolt		11610199

## 7. Battery

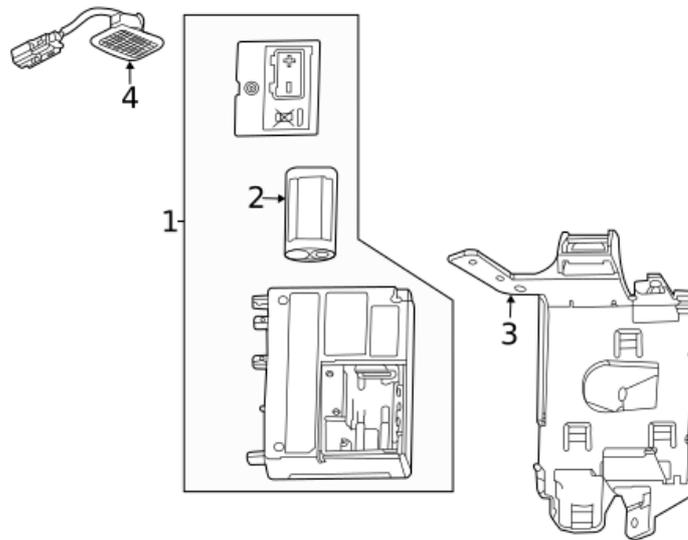

Part	Image	Part Name	Position	GM Number
1		ACDelco™ Vehicle Battery - Electrical: ACDelco Vehicle Battery for Buick, Cadillac, Chevrolet, GMC, Hummer, Saturn. Discontinued		48GHRA
1		Vehicle Battery 2 - Electrical: Vehicle Battery for Buick, Cadillac, Chevrolet, GMC, Hummer, Saturn. Not For Sale		88866309
2		Multi-Purpose Retainer - Electrical: Hold Down Clamp for Buick, Cadillac, Chevrolet, GMC, Hummer, Oldsmobile, Pontiac, Saturn. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84109393
3		Multi-Purpose Bracket - Electrical: Hold Down Clamp Retainer for Buick, Cadillac, Chevrolet, GMC. Main battery, 2014-2017. Conventional 2.5L. Wagon,. 2016-2018. Coupe, 2016-19. Conventional, with hybrid. 3.6L. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		25844065

Part	Image	Part Name	Position	GM Number
4		8x1.25x59.05 Front Compartment Side Rail Bolt - Electrical: Hold Down Clamp Bolt for Buick, Cadillac, Chevrolet, GMC, Pontiac, Saturn. 6.6L diesel, main battery. Auxiliary. Storage tray, 2nd design. Primary. 4.2L twin-turbo. Fuel tank & pump, 8x59mm. Main battery, 2014-2017. 2009 2nd design, 2010. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11562133
5		Hold Down Strap - Electrical: Hold Down Strap for Chevrolet: Corvette. Hold down strap.		86516066
6		Battery Hold Down Stud - Electrical: Hold Down Strap Rod for Buick, Cadillac, Chevrolet, GMC. 2.0L turbo. 2021-25. Conventional.		26402167
7		Multi-Purpose Nut - Electrical: Hold Down Strap Nut for Buick, Cadillac, Chevrolet, GMC. #2. Bumper support. Under hood. 3.6L. 2020. Helps align and secure various components This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11546456
8		Battery Tray - Electrical: Battery Tray for Chevrolet: Corvette. Conventional.		84959675
9		Block - Electrical: Junction Block for Chevrolet: Corvette		85687705
10		Power Distributor Fuse Block Cover - Electrical: Cover for Chevrolet: Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84483580
11		Battery Positive Junction Block Cable - Electrical: Positive Cable for Chevrolet: Corvette. Corvette. Battery junction block. Front, labeled 84767924. Manufactured to GM OE specification for fit, form, and function		84767924
12		Battery Positive Cable - Electrical: Positive Cable for Chevrolet: Corvette. Corvette. Starter/alternator. Rear. Powers vital electrical components by transferring electrical current Offering the quality, reliability, and durability of General Motors Manufactured to GM Original Equipment specifications for fit, form, and function		84737990

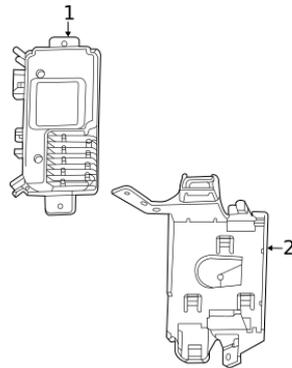

Part	Image	Part Name	Position	GM Number
13		Negative Cable - Electrical: Negative Cable for Chevrolet: Corvette. Corvette. Without hybrid.		86544676
14		Battery Monitor Module - Electrical: Sensor for Cadillac, Chevrolet, GMC. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		13542820
15		Battery Positive Junction Block Cable - Electrical: Battery Cable for Chevrolet: Corvette. Starter solenoid. Durable insulation helps protect from moisture and contaminants		84660329

## 8. Communication System Components

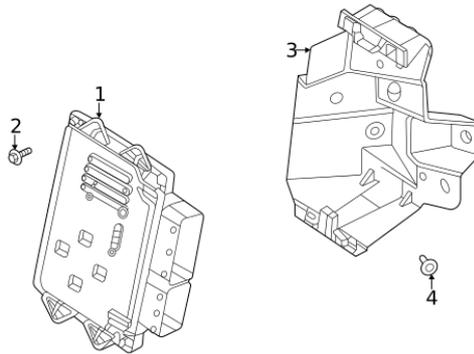

Part	Image	Part Name	Position	GM Number
1		Receiver		84946160
1		Receiver		84961362
2		<u>Battery 2</u>		52170693
3		Communication Interface Module Bracket		84580898

## 9. Electrical Components

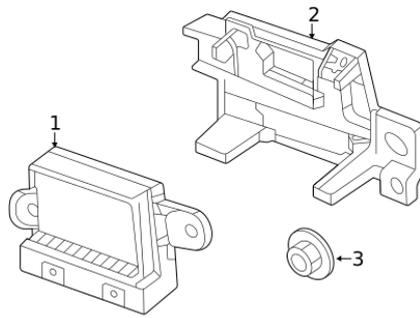

Part	Image	Part Name	Position	GM Number
1		Module		84808600
1		Video Processing Module		85510260

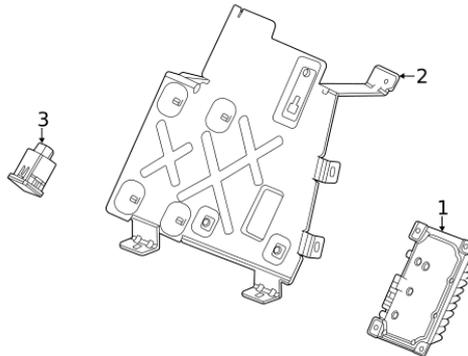

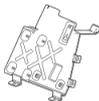

Part	Image	Part Name	Position	GM Number
1		Module		24050532
3		Transmission Control Module Bracket		84406070
4		M6x1x30 Multi-Purpose Bolt		11610199

## 9.1.Electrical Components

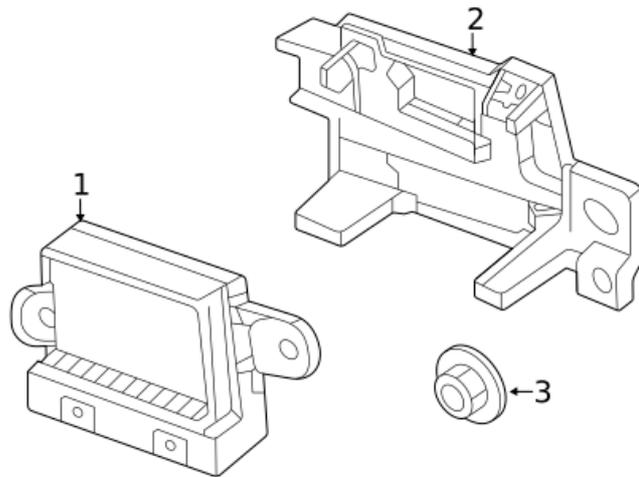

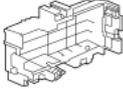

Part	Image	Part Name	Position	GM Number
1		Parking Assist Control Module		84761800
2		Parking Assist Control Module Bracket		84419515

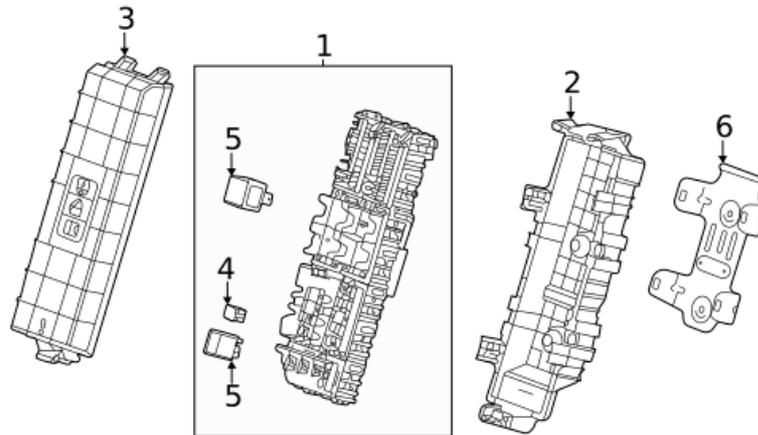

Part	Image	Part Name	Position	GM Number
1		Vehicle Performance Data Recorder		85004976
2		Vehicle Performance Data Recorder Bracket		84951749

## 10.Fuse & Relay

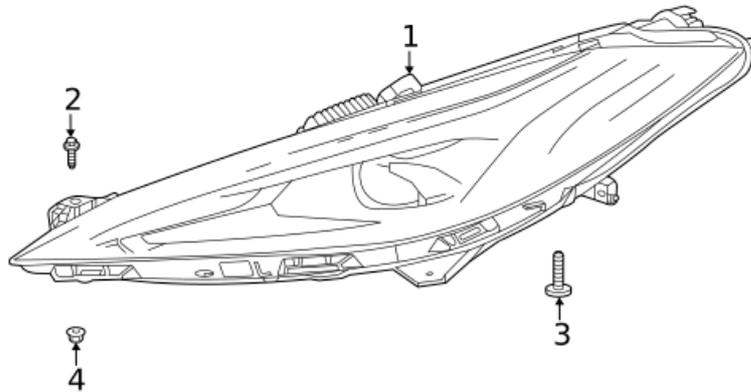

Part	Image	Part Name	Position	GM Number
1		Instrument Panel Wiring Harness Junction Block - Instrument panel. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84719292
2		Accessory Wiring Junction Block Cover - Instrument panel. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84609879
3		Accessory Wiring Junction Block Cover - Body. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84716380
5		Multi-Purpose Relay - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		13500113
5		Multi-Purpose Relay - Helps connect or disconnect power to vehicle accessories This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		96484304
6		Body Wiring Harness Fuse Block Bracket - Instrument panel. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84607565

## 10.1.Fuse & Relay

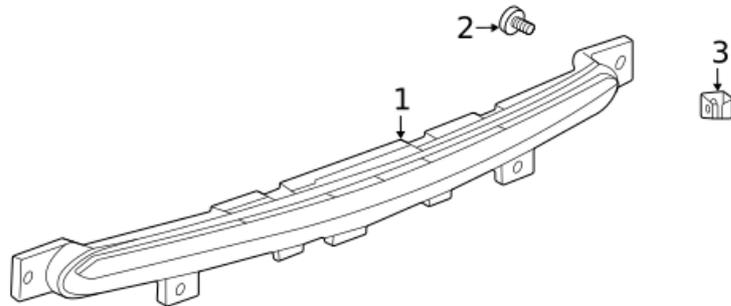

Part	Image	Part Name	Position	GM Number
1		Body Wiring Harness Junction Block - Body. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84716378
2		Accessory Wiring Junction Block Cover - Body. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84716379
5		Multi-Purpose Relay - Trax. Without gray color. Sonic. Body, rear defogger. Corvette. Helps connect or disconnect power to vehicle accessories This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84095363
5		Relay - Engine compartment. Ac & dc pwr. Body, ecm. This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors		84095364
6		Rear Body Fuse Block Bracket - Body. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84173167

# 11.Headlamp Components

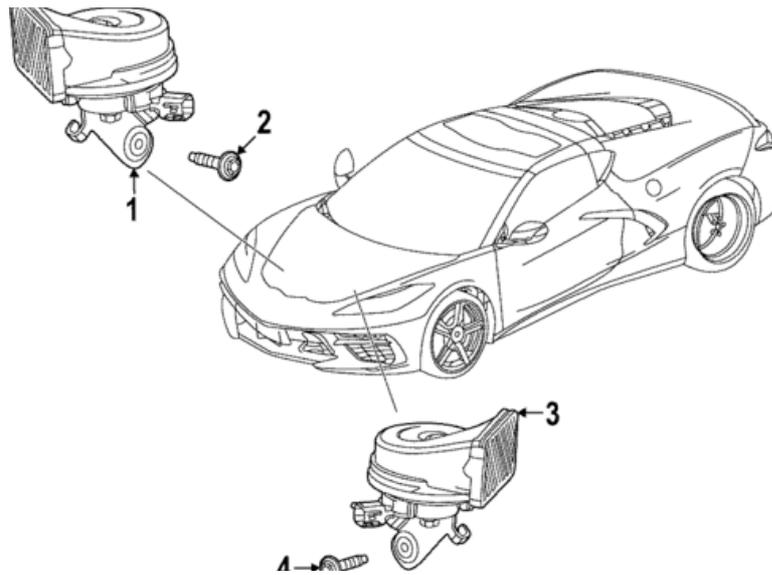

Part	Image	Part Name	Position	GM Number
1		F Headlamp 1 - With ground clearance control, with ground clearance control. Corvette. From 05/15/20. With leveling. Left. With ground clr ctrl.	Left	86516572
1		F Headlamp 1 - With ground clearance control, with ground clearance control. Corvette. From 05/15/20. With leveling. Right. With ground clr ctrl.	Right	86516581
1		Headlight Assembly 1 - Corvette. To 05/14/20. Without leveling. Left. Without ground clearance control, to 05/14/2020.	Left	86516602
1		Headlamp 1 - Corvette. To 05/14/20. Without leveling. Right. Without ground clearance control, to 05/14/2020.	Right	85816263
2		M4.2x1.41x25 Multi-Purpose Bolt - Sold Individually. Fastens vehicle's components together. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Left	11547421
3		Multi-Purpose Bolt - Lid side. Long. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Left	11570301
4		Upper Center Pillar Trim Retainer Nut - Headlamp Retainer Nut.	Left	11570654

## 12. High Mounted Stop Lamp

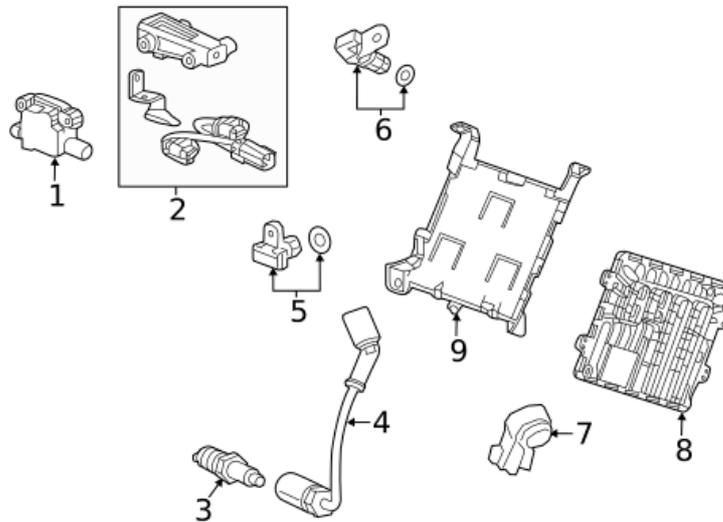

Part	Image	Part Name	Position	GM Number
1		Lamp - Electrical: High Mount Lamp for Chevrolet: Corvette. Lamp. GM Genuine Part.		86532509
2		M4.2x1.41x20.8 Multi-Purpose Bolt - Electrical: High Mount Lamp Bolt for multiple GM models. Fastens vehicle's components together. GM Genuine Part.		11547420
3		Multi-Purpose Nut - Electrical: High Mount Lamp Retainer Nut for multiple GM models. GM Genuine Part.		11610157
		M4.2x1.41x25 Multi-Purpose Bolt		11547421

## 13. Horn

Part	Image	Part Name	Position	GM Number
1		Low Note Horn		85115666
2		M6x1x23 Multi-Purpose Bolt		11519376
3		High-Note Horn		84406168

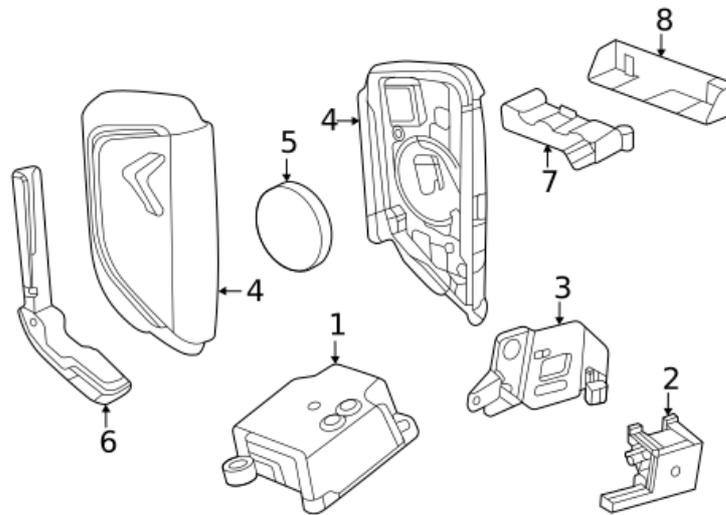

## 14. Ignition System

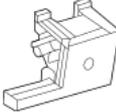

Part	Image	Part Name	Position	GM Number
1		Ignition Coil - GM Genuine Parts Ignition Coils are designed, engineered, and tested to rigorous standards, and are backed by General Motors. It increases electrical system voltage to help ignite the air/fuel mixture as the starting and charging system starts the engine.		12723610
1		Ignition Coil - GM Genuine Parts Ignition Coils are designed, engineered, and tested to rigorous standards, and are backed by General Motors. These coils increase electrical system voltage to help ignite the air/fuel mixture as the starting and charging system starts the engine.		12726023
2		Ignition Coil Bracket - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.		12688063
3		Iridium Spark Plug - These are Sold Individually. Iridium is the latest in spark plug technology and is an exact replacement for vehicles' original components Iridium composition provides a high melting point and great strength, helps to provide excellent wear resistance.		12622442
3		Acdelco™ Spark Plug - 6.2L. Discontinued.		41149
4		Spark Plug Wire - 6.2L.		12716290
4		Acdelco™ Spark Plug Wire - Price Listed Is For One Cable. 6.2L. Discontinued.		358F
5		Sensor - Encore GX. 1.2l. Exhaust. Trailblazer. 1.2l. Envista. 1.2l. Rear. Corvette. Trax. 1.2l. 6.2L. 5.5L. Backordered.		12732025

Part	Image	Part Name	Position	GM Number
6		Engine Crankshaft Position Sensor - This part requires programming and/or special setup procedures GM Service Information describes the procedures and special tools needed to ensure proper operation in the vehicle Helps keep engine timing and fuel injection running in sync Helps provide proper alignment, positioning, and spacing for easy installation Synchronizes engine valves and pistons for excellent engine performance.		12669636
7		Ignition Knock (Detonation) Sensor - Sends signals to the engine control module (ECM) to adjust timing Helps prevent damage to the engine caused by pre-ignition.		12623095
8		Module - CT5. 3.0l. Corvette. 6.2l. 3.6L turbo. CT4. 3.6l. CT5. 6.2l. With supercharger. Escalade. 6.2l.		12740833
9		Engine Control Module Bracket - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.		84102826

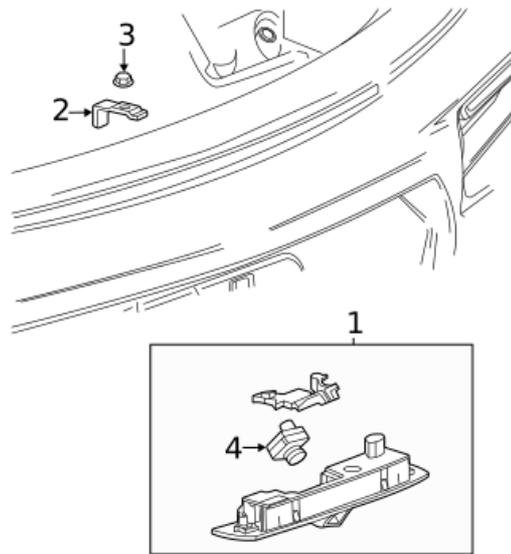

## 15. Keyless Entry Components

Part	Image	Part Name	Position	GM Number
1		Heated Steering Wheel Module - With heated. Versatile interface for accurate component communication. Designed for plug and play installation. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84757868
2		Tire Pressure Monitoring System (TPMS) Receiver - Tahoe. With extended range. Suburban. Escalade. 315 mhz. CT5. With long distance 315mhz. Yukon XL. XT4. 315 mhz. Remote Control Door Lock Receiver Module. 315 MHz.		13535097
3		Bracket - Coupe, rear compartment, lock receiver. Convertible lower rear compartment. lock receiver.		84419516
4		Remote Control Door Lock and Theft Deterrent Transmitter - Helps transmit signal to vehicle to engage door locks or anti-theft alarm system. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		13538854
4		Remote Control Door Lock and Theft Deterrent Auxiliary Transmitter - Helps transmit signal to vehicle to engage door locks or anti-theft alarm system. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		13538855
4		Remote Control Door Lock and Theft Deterrent Transmitter - Helps transmit signal to vehicle to engage door locks or anti-theft alarm system. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		13538856
4		Remote Control Door Lock and Theft Deterrent Auxiliary Transmitter - Helps transmit signal to vehicle to engage door locks or anti-theft alarm system. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		13538857

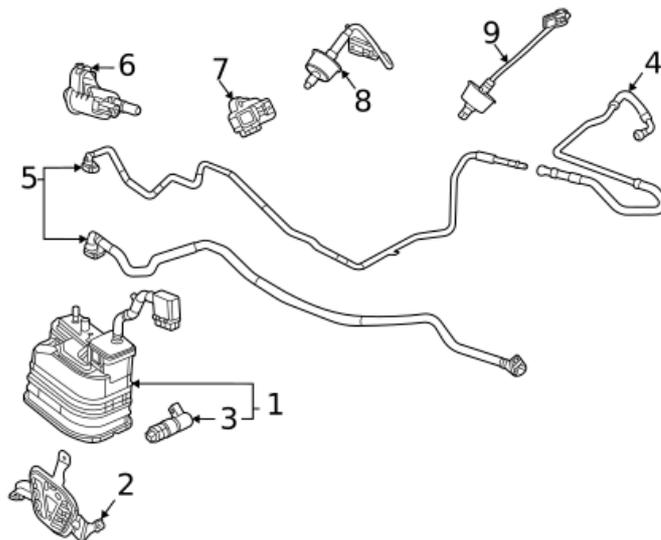

Part	Image	Part Name	Position	GM Number
4		Transmitter - Coupe, labeled 13545161. Coupe, labeled 13547764.		13547764
4		Transmitter - Corvette. Without convertible. With long distance. Coupe, labeled 13545163. Coupe, labeled 13547765.		13547765
4		Keyless Entry Transmitter - Corvette. With convertible. With long distance. Convertible, labeled 13547767. Enhanced Security System. 315 MHz.		13547767
4		Transmitter - Corvette. Without convertible. Without black and chrome.		13561652
4		Transmitter - Corvette. Without convertible. Without long distance. With black and chrome. Coupe, labeled 13538851. Coupe, labeled 13554500.		13561653
4		Transmitter - Corvette. With convertible. Without long distance. With black and chrome. Convertible, labeled 13545159. Convertible, labeled 13554501.		13554501
4		Keyless Entry Transmitter - Exc.Enhanced Security System. 315 MHz. Vendor:acdelco. Vendor #13547766.		13547766
5		Keyless Entry Transmitter Battery 2 - 2022-25, redesign. Without passive entry.		19333114
6		Door Lock and Ignition Key - Coded. This part requires programming and/or special setup procedures. GM Service Information describes the procedures and special tools needed to ensure proper operation in the vehicle. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		13536118
6		Door Lock and Ignition Lock Key - Uncoded. This part requires programming and/or special setup procedures. GM Service Information describes the procedures and special tools needed to ensure proper operation in the vehicle. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		13536119
7		Keyless Entry Antenna - Yukon. Rear body. Without rear console, front, labeled: 13545328. Front bumper. Rear bumper.	Left	13545328
7		Keyless Entry Antenna - CT4. LYRIQ. 2022-25 REDESIGN. instrument panel. 2022-25 REDESIGN. rear bumper. With PASSIVE ENTRY. console bucket seats. With passive entry. rear bumper. Console, rear.		13545326
8		Ignition Lock Key Transmitter Antenna Bracket - Coupe, rear compartment, antenna. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		23158753

## 16. License Lamps

Part	Image	Part Name	Position	GM Number
1		Engine Wiring Harness - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84117419
1		Module - With curb view camera.		86563711
2		Rear License Plate Lamp Bracket - Helps secure your vehicle's license plate light This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair		84677970
3		Multi-Purpose Nut - Without led. 2016-18. Without CTS V. 2017-19. Coupe,. Sedan, on trunk lid. 2019-20 on quarter. 2019-20 on trunk lid. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11546446
4		Rearview Driver Information Camera - Helps assist driver awareness Read the vehicle owner's manual for important feature limitations and information This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84676845
4		Rearview Driver Information Camera - 5.8 ft box, with power assist, without 360 view, with hd camera. With surround view. Helps assist driver awareness Read the vehicle owner's manual for important feature limitations and information This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84884484

## 17. Powertrain Control

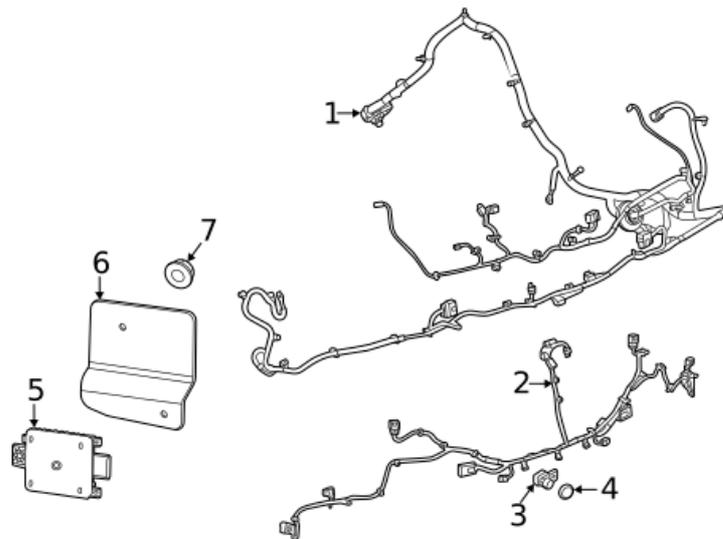

**See on this chapter section 9.1 for other components**

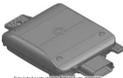

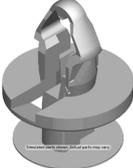

Part	Image	Part Name	Position	GM Number
1		Vapor Canister - Corvette. 5.5L. 6.2L.		86798371
2		Vapor Canister Bracket - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		23428447
3		Vapor Canister Vent Solenoid - PARTS: Part included with vapor canister.		85123399
4		Vapor Canister Purge Front Pipe - Front. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84715834
4		Vapor Canister Purge Front Pipe - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84694034
5		Evaporator Tube - 6.2L, rear, coupe. 5.5L, rear, coupe.		84910481
5		F (S)Pipe - 6.2L, rear, convertible. 5.5L, rear, convertible.		84836032

Part	Image	Part Name	Position	GM Number
6		Vapor Canister Vent Valve - The purge valve controls the flow of fuel vapor from the vapor canister to the intake manifold. GM Original Equipment Vapor Canister Purge Valves are GM-recommended replacements for your vehicle's original components.		12630282
7		MAP SENSOR - Without diesel, 4.8, 5.3 & 6.0L. Without diesel, 4.3L.		12711681
8		Heated Oxygen Sensor - Corvette. Upstream. This part requires programming and/or special setup procedures. Detects oxygen content in the exhaust gases to help optimize emissions. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	12703967
9		Heated Oxygen Sensor - Corvette. Downstream. This part requires programming and/or special setup procedures. Detects oxygen content in the exhaust gases to help optimize emissions. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	12670254

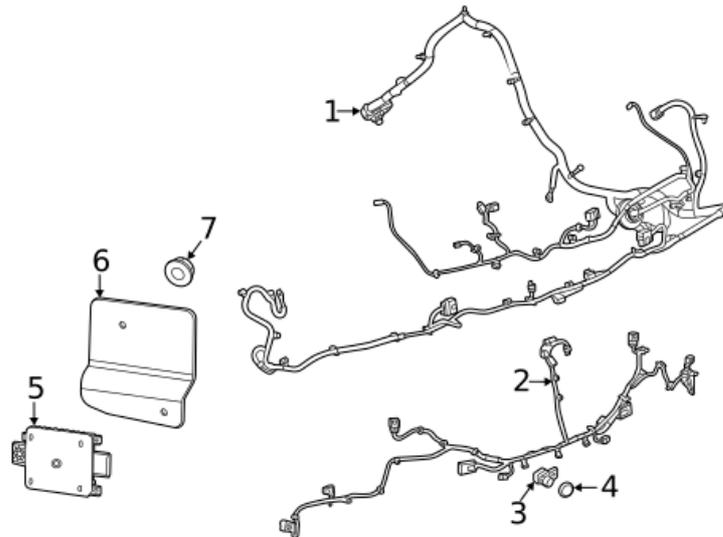

## 18. Parking Aid

Part	Image	Part Name	Position	GM Number
1		Harness - Body: Harness for Chevrolet: Corvette. Notes: Order by VIN. Without z06, chassis ctrl, without performance exhaust, with blind spot. GM Genuine Part.		85528897
1		Harness - Body: Harness for Chevrolet: Corvette. Notes: Order by VIN. Without z06, chassis ctrl, with performance exhaust, with blind spot. GM Genuine Part. Discontinued.		84853749
1		Chassis Rear Wiring Harness - Body: Harness for Chevrolet: Corvette. Notes: Order by VIN. GM Genuine Part.		84948515
1		Harness - Body: Harness for Chevrolet: Corvette. Notes: Order by VIN. Without z06, chassis ctrl, with performance exhaust, without blind spot. GM Genuine Part. Backordered.		85528891
2		Rear Object Alarm Sensor Wiring Harness - Body: Harness for Chevrolet: Corvette. GM Genuine Part.		85522964
2		Rear Object Alarm Sensor Wiring Harness - Body: Harness for Chevrolet: Corvette. Park distance control, with blind spot. GM Genuine Part.		84933918

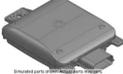

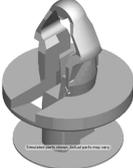

Part	Image	Part Name	Position	GM Number
3		Park Assist Alarm Sensor - Body: Reverse Sensor for multiple GM models. Measures distance between vehicle and objects; alerts driver. GM Genuine Part.		84586217
4		Auto Park Sensor Retainer Ring - Body: Reverse Sensor Retainer for multiple GM models. GM Genuine Part.		13598576
5		Passenger Side Obstacle Detection Control Module - Body: Object Sensor for Buick Envision, Cadillac CT4 CT5, Chevrolet Corvette. Positions: Right. GM Genuine Part. Backordered.	Right	84883511
5		Object Sensor - Body: Object Sensor for multiple GM models. Positions: Left. Electrical components. Envision. Side obstacle detection. Left. 2021-23. Without zr2, at4x. With v blackwing. With z06. GM Genuine Part. Backordered.	Left	84883512
6		Shield - Body: Shield for Chevrolet: Corvette. Positions: Right. Without z06. GM Genuine Part.	Right	84582767
6		Shield - Body: Shield for Chevrolet: Corvette. Positions: Left. Without z06. GM Genuine Part.	Left	84582766
7		Multi-Purpose Retainer - Body: Shield Retainer for multiple GM models. Positions: Right. #2. Tahoe & Yukon. Coupe. Sedan. Used to secure multiple components. GM Genuine Part.	Right	11609417

## 19. Parking Aid

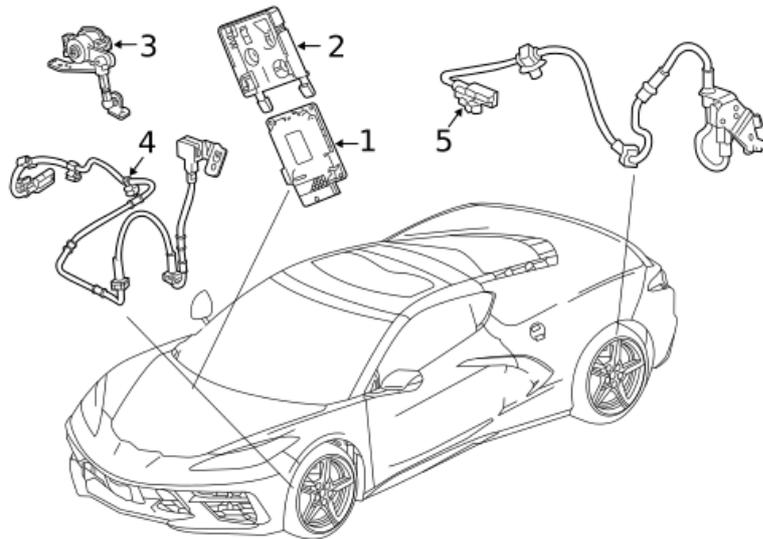

**See 14 Ignition System on this section**

Part	Image	Part Name	Position	GM Number
1		Harness - Body: Harness for Chevrolet: Corvette. Notes: Order by VIN. Without z06, chassis ctrl, without performance exhaust, with blind spot. GM Genuine Part.		85528897
1		Harness - Body: Harness for Chevrolet: Corvette. Notes: Order by VIN. Without z06, chassis ctrl, with performance exhaust, with blind spot. GM Genuine Part. Discontinued.		84853749
1		Chassis Rear Wiring Harness - Body: Harness for Chevrolet: Corvette. Notes: Order by VIN. GM Genuine Part.		84948515
1		Harness - Body: Harness for Chevrolet: Corvette. Notes: Order by VIN. Without z06, chassis ctrl, with performance exhaust, without blind spot. GM Genuine Part. Backordered.		85528891
2		Rear Object Alarm Sensor Wiring Harness - Body: Harness for Chevrolet: Corvette. GM Genuine Part.		85522964
2		Rear Object Alarm Sensor Wiring Harness - Body: Harness for Chevrolet: Corvette. Park distance control, with blind spot. GM Genuine Part.		84933918

Part	Image	Part Name	Position	GM Number
3		Park Assist Alarm Sensor - Body: Reverse Sensor for multiple GM models. Measures distance between vehicle and objects; alerts driver. GM Genuine Part.		84586217
4		Auto Park Sensor Retainer Ring - Body: Reverse Sensor Retainer for multiple GM models. GM Genuine Part.		13598576
5		Passenger Side Obstacle Detection Control Module - Body: Object Sensor for Buick Envision, Cadillac CT4 CT5, Chevrolet Corvette. Positions: Right. GM Genuine Part. Backordered.	Right	84883511
5		Object Sensor - Body: Object Sensor for multiple GM models. Positions: Left. Electrical components. Envision. Side obstacle detection. Left. 2021-23. Without zr2, at4x. With v blackwing. With z06. GM Genuine Part. Backordered.	Left	84883512
6		Shield - Body: Shield for Chevrolet: Corvette. Positions: Right. Without z06. GM Genuine Part.	Right	84582767
6		Shield - Body: Shield for Chevrolet: Corvette. Positions: Left. Without z06. GM Genuine Part.	Left	84582766
7		Multi-Purpose Retainer - Body: Shield Retainer for multiple GM models. Positions: Right. #2. Tahoe & Yukon. Coupe. Sedan. Used to secure multiple components. GM Genuine Part.	Right	11609417

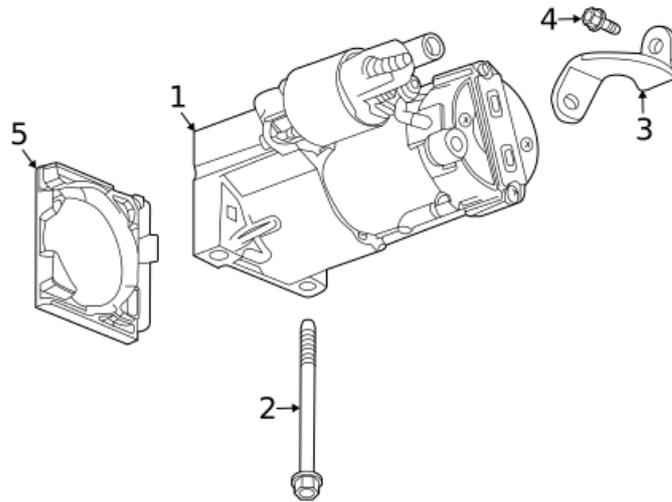

## 20. Ride Control Components

Part	Image	Part Name	Position	GM Number
1		Suspension Control Module - Labeled: 84956234. Helps control the vertical movement of your vehicle's wheels relative to the chassis or vehicle body with an onboard system Relays accurate sensor readings to control the vehicle ride This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84956234
2		Electronic Suspension Control Module Bracket - Magnetic ride control. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84037109
3		Front Passenger Side Suspension 4 Corner Leveling System Position Sensor - Magnetic ride control. Corvette. Measures the distance between your vehicle's chassis and body This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84526252
3		Front Driver Side Suspension Automatic Forward Lighting Position Sensor - Magnetic ride control. Corvette. Helps determine if your vehicle is tilted forward or back and adjusts your vehicle's headlamp beam accordingly for added visibility This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84526253

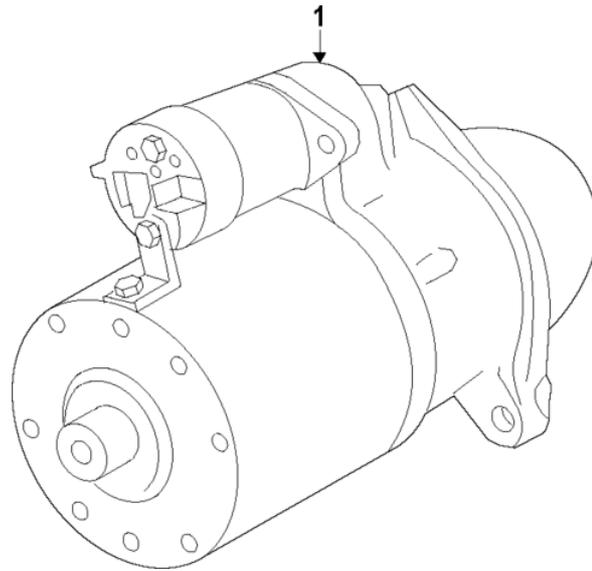

Part	Image	Part Name	Position	GM Number
4		Front Driver Side Electronic Suspension Wheel Vertical Accelerometer - Helps measure vehicle movement and acceleration This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	85116131
4		Passenger Side Electronic Suspension Wheel Front Vertical Accelerometer - Helps measure vehicle movement and acceleration This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	85116132
5		Rear Driver Side Active Suspension Vertical Accelerometer - Magnetic ride control, rear. Corvette. Left. Helps measure vehicle movement and acceleration This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84842054
5		Rear Passenger Side Active Suspension Vertical Accelerometer - Magnetic ride control, rear. Corvette. Right. Helps measure vehicle movement and acceleration This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84842055

## 21. Starter

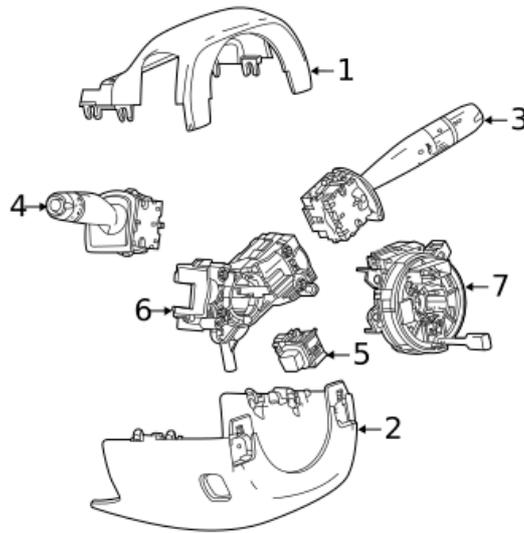

Part	Image	Part Name	Position	GM Number
2		Starter Bolt - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11610633
3		Starter Bracket - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		12698629
4		Multi-Purpose Bolt - 6.6L gas, 8x20mm. 5.3, 6.2L. 4.3L. 3.0L diesel. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11588722
5		Rear Cover - 6.2L.		24043473

## 21.1.Starter

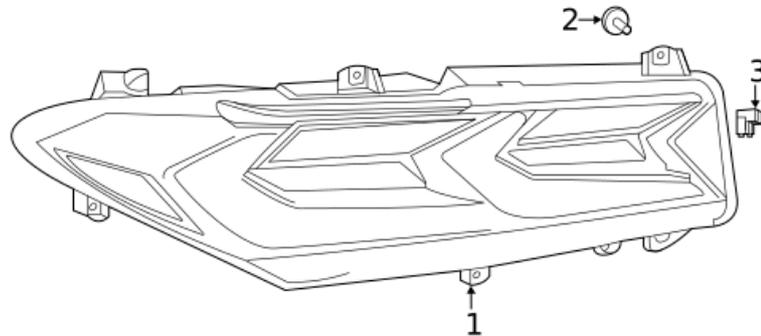

Part	Image	Part Name	Position	GM Number
		Multi-Purpose Relay - Helps connect or disconnect power to vehicle accessories This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		96484304
1		Starter - Corvette. Newly manufactured as an exact replacement for your GM vehicle's original starter This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		12696743

## 22. Switches Steering Wheel

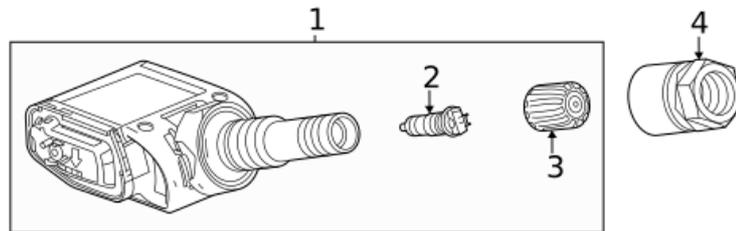

Part	Image	Part Name	Position	GM Number
1		Steering Column Cover - Description: Corvette. Upper.		84838919
2		Lower Column Cover - Description: Corvette. Lower.		84838911
3		Windshield Wiper and Windshield Washer Switch - Description: This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		13545934
4		Signal Switch - Description: Corvette. Labeled 13539720. Dimmer, Headlight, Turn Signal.		13555285
5		Switch - Description: Corvette. Power tilt, tilt & telescopic. Acadia.		84158389
6		Turn Signal Switch Bracket - Description: With keyless start. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84483956

## 23. Tail Lamps

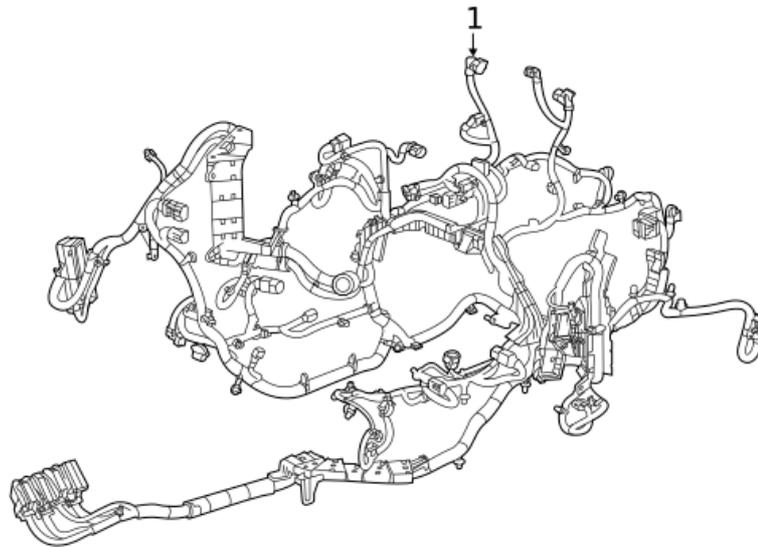

Part	Image	Part Name	Position	GM Number
1		Tail Lamp 1	Left	85108376
1		Tail Lamp 1	Right	85108377
2		M4.2x1.41x20.8 Multi-Purpose Bolt		11547420
3		Multi-Purpose Nut		11610157
		M4.2x1.41x25 Multi-Purpose Bolt		11547421

## 24. Tire Pressure Monitor Components

Part	Image	Part Name	Position	GM Number
1		Wheel, Tire Pressure Monitor (XL8 - 433MHz)		84977020
1		Tire Pressure Monitoring System (TPMS) Sensor		13554170
4		Nut-Tire Press Ind Sen		13581557

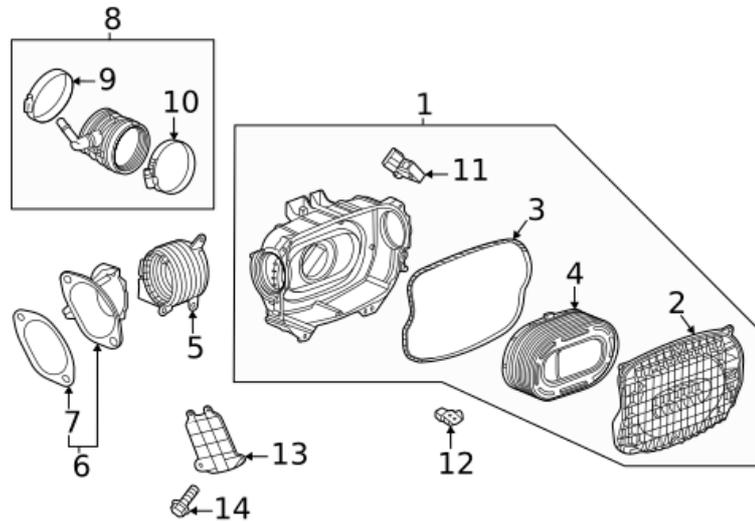

## 25. Wiring Harness

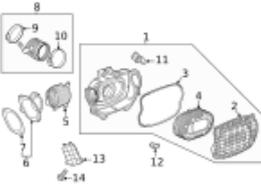

Part	Image	Part Name	Position	GM Number
1		Engine Harness - Description: 6.2L, fe3 suspension.		85165334
1		Engine Harness - Description: 6.2L, fe2 suspension.		85165335
1		Engine Harness - Description: 6.2L, fe4 suspension.		85165336
1		Engine Harness - Description: 6.2L, fe1 suspension.		85165338

# Engine

## 1. Air Cleaner.

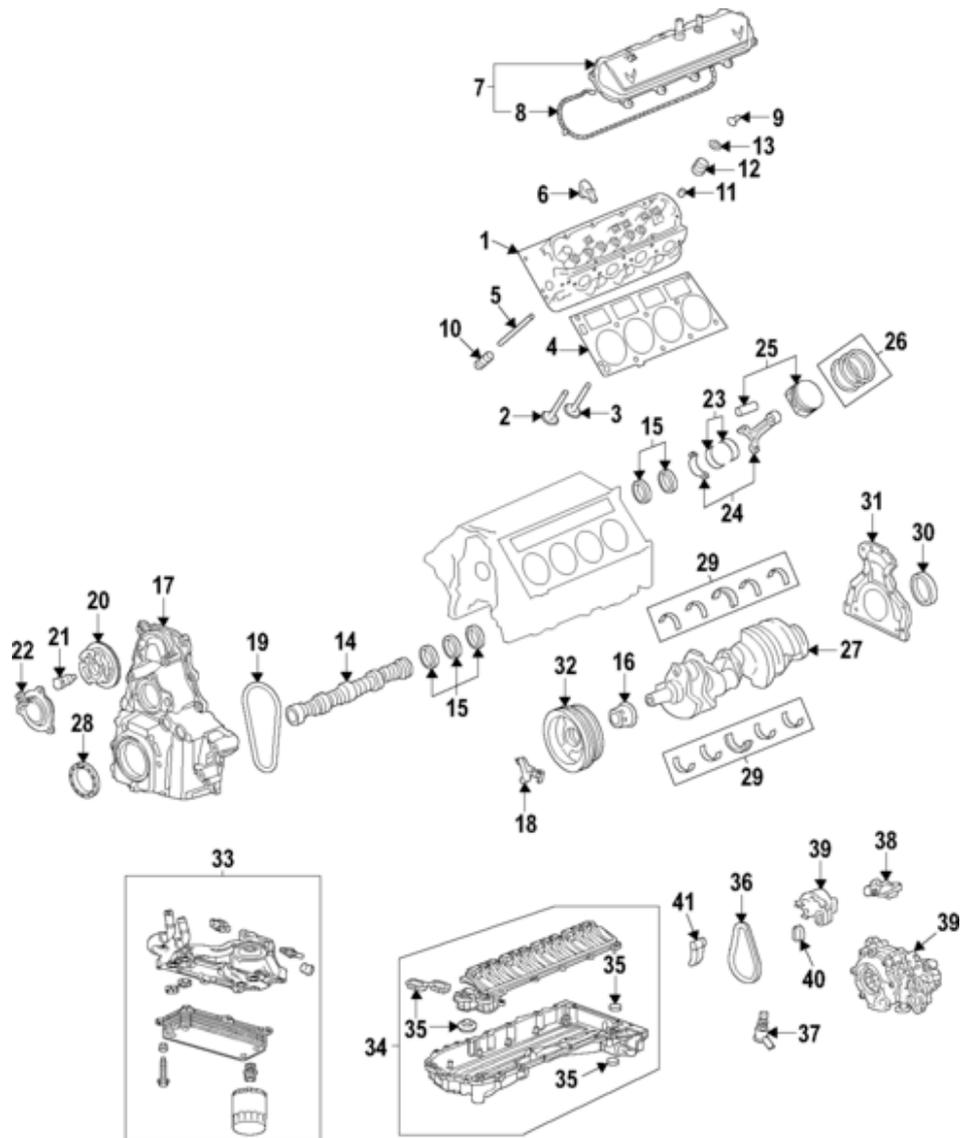

Part	Image	Part Name	Position	GM Number
1		Air Filter And Housing Assembly		85122239
4		Acdelco™ Air Filter - Description: 6.2L. Discontinued		A3239C
4		Air Filter - Description: Corvette. Enhances the performance and efficiency of the engine to extend its life Excellent filter capacity, efficiency, and flow management for superior performance Supplies the cleanest possible air with the least airflow restriction to the engine for enhanced performance Equipped with tight seals to keep unfiltered air from entering the combustion chamber This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors		84321605
5		Driver Side Intake Air Duct - Description: Helps keep dirt and debris out of the vehicle's engine This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	23428422

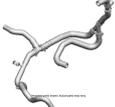

Part	Image	Part Name	Position	GM Number
5		Passenger Side Intake Air Duct - Description: Helps keep dirt and debris out of the vehicle's engine. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Right	84182609
6		Driver Side Intake Air Duct - Description: This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Left	84699556
6		Passenger Side Intake Air Duct - Description: Helps keep dirt and debris out of the vehicle's engine. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Right	84699557
8		Air Cleaner Outlet Duct - Description: Helps guide airflow to your vehicle's air filter. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.		23428421
9		Air Cleaner Outlet Duct Clamp - Description: Front. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.		84370899
10		Air Cleaner Outlet Duct Clamp - Description: Rear. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.		84468994
11		Mass Air Flow Sensor - Description: GM Genuine Parts Mass Air Flow (MAF) Sensors are designed, engineered, and tested to rigorous standards, and are backed by General Motors. The MAF sensor measures the amount of air entering the engine so that the engine control module can determine the amount of fuel to inject. This helps ensure the most efficient air/fuel mixture for the best fuel economy and power.		12711405
12		Ambient Air Temperature Sensor - Description: GM Original Equipment Ambient Air Temperature Sensors are used with automatic climate control systems. The sensors provide the HVAC system controller with outside air temperature, allowing the controller to modify the climate-control strategy.		13583411

Part	Image	Part Name	Position	GM Number
13		Resonator - Description: 6.2L.	Left	84196231
13		Resonator - Description: 6.2L.	Right	84196232
14		Bolt/Screw - Description: These are Sold Individually. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	11547755

## 2. Engine.

Part	Image	Part Name	Position	GM Number
		RTV Silicone Sealant - 300 mL		19369831
		6.2L 8-Cylinder Engine Assembly		12699328
		Inlet Pipe		84660333
		F (S)Mount		85550976
		Passenger Side Engine Mount		84675415

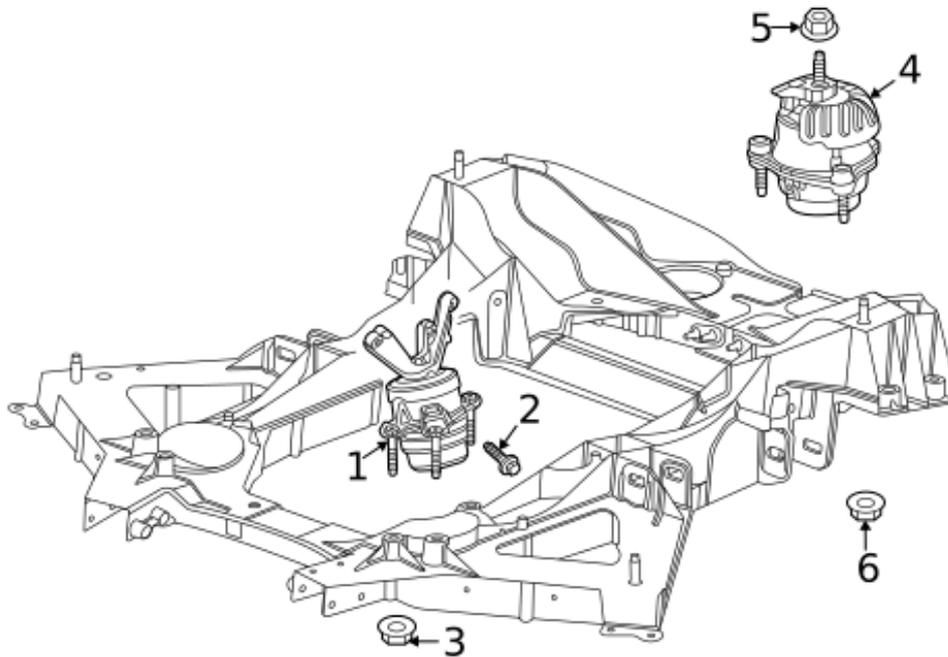

Part	Image	Part Name	Position	GM Number
		Water Hose Assembly		85136674
		Acdelco™ Engine Oil Pan Gasket		102030
1		Cylinder Head		12699617
2		Exhaust Valve		12678746
3		Intake Valve		12629513
4		Cylinder Head Gasket		12688943
5		Engine Valve Push Rod		12619828
6		Arm Asm-Vlv Rkr		12619829
7		Passenger Side Valve Rocker Arm Cover		12706989
7		Driver Side Valve Rocker Arm Cover		12706988
8		Valve Cover Gasket		12619787
9		Valve Lock		10166345
10		Engine Valve Lifter		12740071
10		Valve Lifters		12698945
11		Intake Valve Stem Oil Seal		12689007
11		Valve Seals		12689006

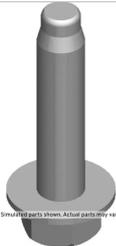

Part	Image	Part Name	Position	GM Number
12		Valve Springs		12691120
13		Valve Spring Cap		10166344
14		Engine Camshaft		12671007
15		Engine Camshaft Bearing		12686894
16		Crankshaft Sprocket		12670348
17		Engine Front Cover		12707629
18		Timing Chain Tensioner Kit with Bolt and Gasket		12630107
19		Timing Chain		12646387
20		Camshaft Phaser		12689341
21		Camshaft Position Actuator Solenoid Valve		12731637
22		Camshaft Phaser Magnet		12675031
23		Connecting Rod Bearing Kit		12735504
24		Connecting Rod		12714549
25		Engine Piston		12656874
25		Engine Piston		12656875
25		Engine Piston Kit		12658743

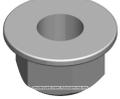

Part	Image	Part Name	Position	GM Number
25		Engine Piston Kit		12658744
26		Piston Rings		12685185
26		Piston Ring		12687779
27		Engine Crankshaft		12705121

36		Oil Pump Drive Chain - Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Engine : Chain	12666093

Part	Image	Part Name	Position	GM Number
38		Oil Pump Suction Pipe - Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Engine : Oil Pick-Up	12671161
39		Oil Pump - Corvette. Lower pump. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Engine : Oil Pump	12707324
39		Oil Pump - Corvette. Upper pump. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Engine : Oil Pump	12695661
40		Oil Pump Housing Gasket - Corvette. Lower pump. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Engine : Oil Seal	12694533
40		Oil Pump Housing Gasket - Corvette. Upper pump. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Engine : Oil Seal	12694532
41		Timing Chain Tensioner - Corvette. Provides consistent tension to help keep engine running in proper time	Engine : Tensioner	12673070

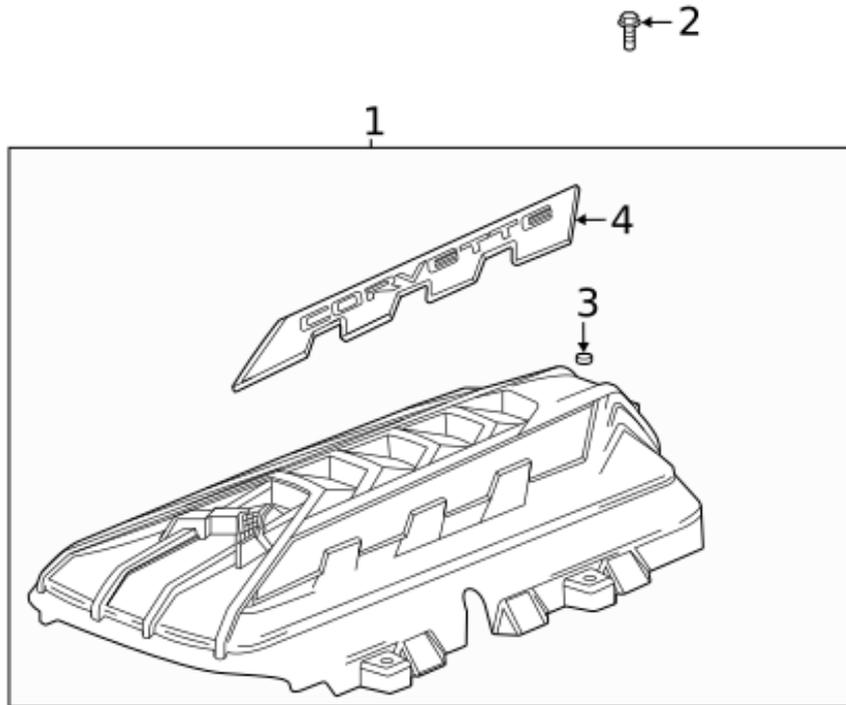

### 3. Engine & Trans Mounting

Part	Image	Part Name	Position	GM Number
1		F (S)Mount - Corvette. Left. 6.2L.	Left	85550976
1		Passenger Side Engine Mount - Corvette. Right. Lined with rubber to help reduce engine vibration. Designed to function with all surrounding components to help ensure that the mount bolts correctly and there is minimal interference with other parts on your vehicle.	Right	84675415
2		Multi-Purpose Bolt - 2.0L turbo. Bumper support. 2.7L turbo. 3.0L twin-turbo, awd. 10x45mm. Fastens vehicle's components together. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Left	11547742
3		Multi-Purpose Nut - 2.8L. 3.6L. With awd. Rwd. 1.4L, center and rear section, hatchback, to pipe, type 3. Fwd. 2.0L, front section, front. Lower. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.	Left	11546366

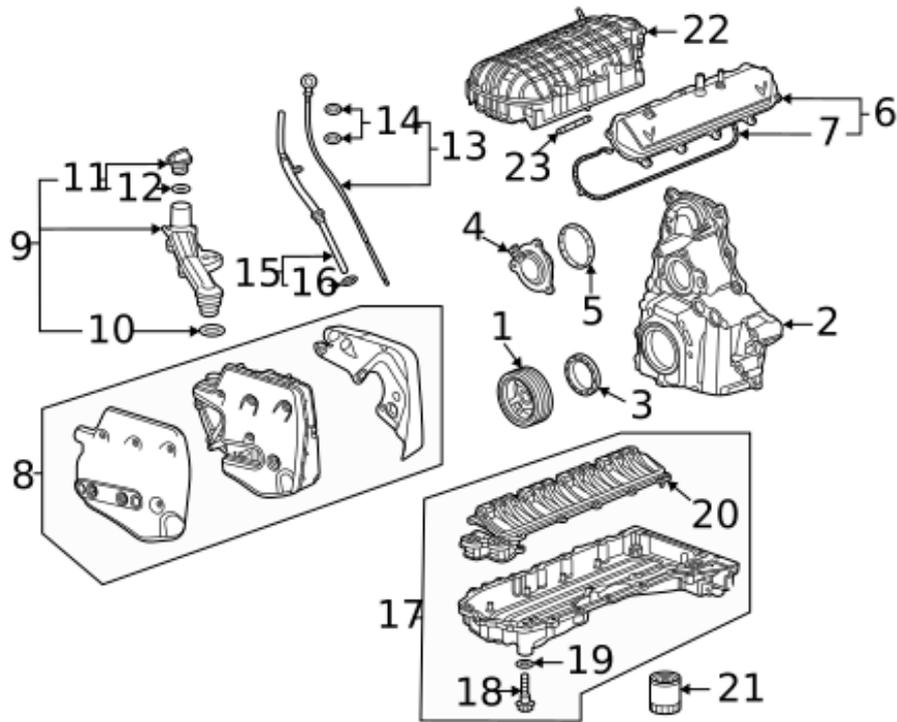

Part	Image	Part Name	Position	GM Number
4		Driver Side Transmission Mount - Corvette. Left side. Secures transmission Helps absorb drivetrain vibrations, helping to create a comfortable ride Designed to function with surrounding components	Left	84675416
4		Passenger Side Transmission Mount - Corvette. Right side. Secures transmission Helps absorb drivetrain vibrations, helping to create a comfortable ride Designed to function with surrounding components	Right	84675417
5		Tow Hook Nut	Left	11549169

## 4. Engine Appearance

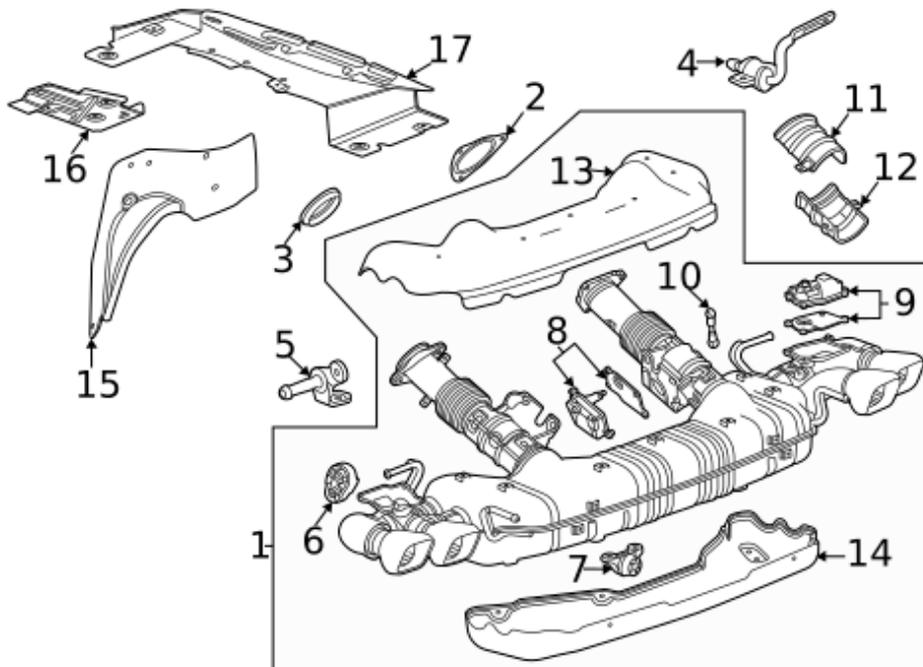

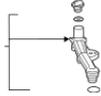

Part	Image	Part Name	Position	GM Number
1		Black Intake Manifold Cover - GM Genuine Parts Engine Intake Manifold Cover are designed, engineered, and tested to rigorous standards, and are backed by General Motors. GM Genuine Parts are the true OE parts installed during the production of or validated by General Motors for GM vehicles.2024-2026 Chevrolet Corvette		12731708
2		Intake Manifold Cover Bolt - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11602424
3		Side Cover Spacer - 6.2L.		12683488
4		Engine Cover Emblem - 6.2L.	Right	12693827
4		Engine Cover Emblem - 6.2L.	Left	12693828

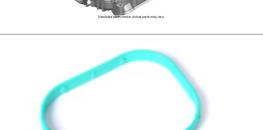

## 5. Engine Parts Intake

Part	Image	Part Name	Position	GM Number
1		Crankshaft Balancer - Connects to the crankshaft of your vehicle's engine to help reduce vibration		12688494
2		Engine Front Cover - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		12707629
3		Engine Front Cover Seal - Helps prevent leaks in various components of your vehicle		12585673
3		Acdelco™ Front Cover Oil Seal - Discontinued		29602
4		Camshaft Phaser Magnet - Helps ensure camshaft phasers are optimally positioned		12675031
5		Camshaft Position Actuator Magnet Gasket - Camshaft Position Actuator Cover. Without dry sump system.		12623437
6		Driver Side Valve Rocker Arm Cover - Corvette. Left	Left	12706988
6		Passenger Side Valve Rocker Arm Cover - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	12706989

Part	Image	Part Name	Position	GM Number
7		Valve Cover Gasket - GM Genuine Parts Engine Valve Cover Gasket are designed, engineered, and tested to rigorous standards, and are backed by General Motors	Left	12619787
8		Tank - 6.2L Oil tank.		12744538
9		F (S)Tube - 6.2L		12740020
10		Oil Filler Tube Seal - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		12701726
11		Acdelco™ Engine Oil Filler Cap - Incl.Gasket. 6.2L. Without dry sump system. Exc.Performance Package. Discontinued		FC265
11		Engine Oil Filler Cap - 6.2L. Without dry sump system.		12735356
12		Engine Oil Filler Cap O-Ring - GM Genuine Parts Multi-Purpose O-Ring are designed, engineered, and tested to rigorous standards, and are backed by General Motors		24100002

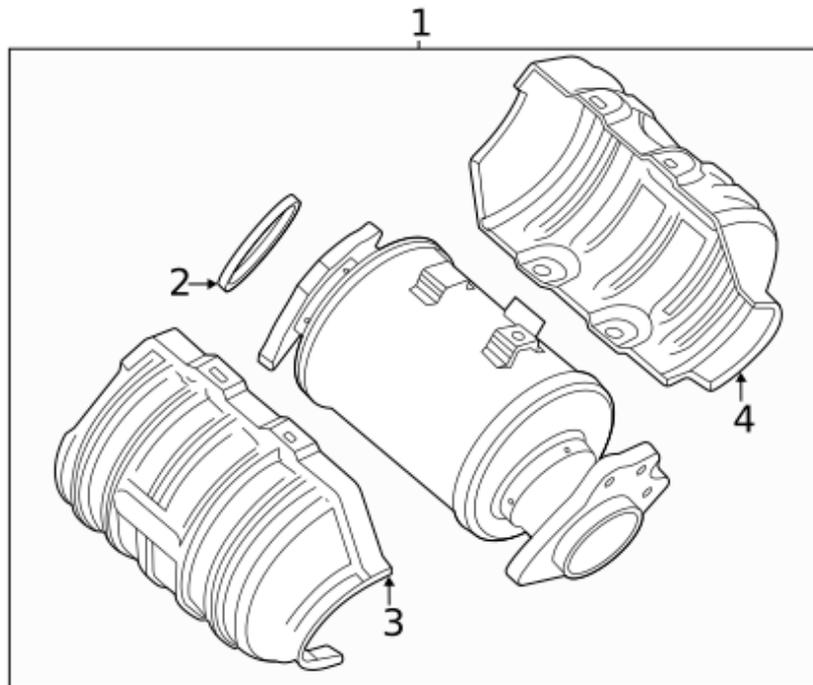

Part	Image	Part Name	Position	GM Number
13		Engine Oil Dipstick - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		12705824
14		Seal-Oil Lvl Ind (O Ring) Red - Helps prevent leaks in various components of your vehicle		24504031
15		Engine Oil Dipstick Tube - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		12693096
17		Oil Pan - Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		12695701
18		Oil Pan Drain Plug - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		12695699
19		Oil Pan Drain Plug Gasket - Manufactured to GM OE specification for fit, form, and function		12671740
19		Oil Pan Drain Plug Gasket - All Required. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		12695700
20		Crankshaft Oil Deflector - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		12691143
21		Acdelco™ Oil Filter - Discontinued		PF64
22		Intake Manifold - Evenly distributes the combustion mixture to each intake port in the cylinder head for proper function		12697714
23		Engine Intake Manifold Gasket - GM Genuine Parts Engine Intake Manifold Gaskets are designed, engineered, and tested to rigorous standards, and are backed by General Motors		12626354

# Exhaust

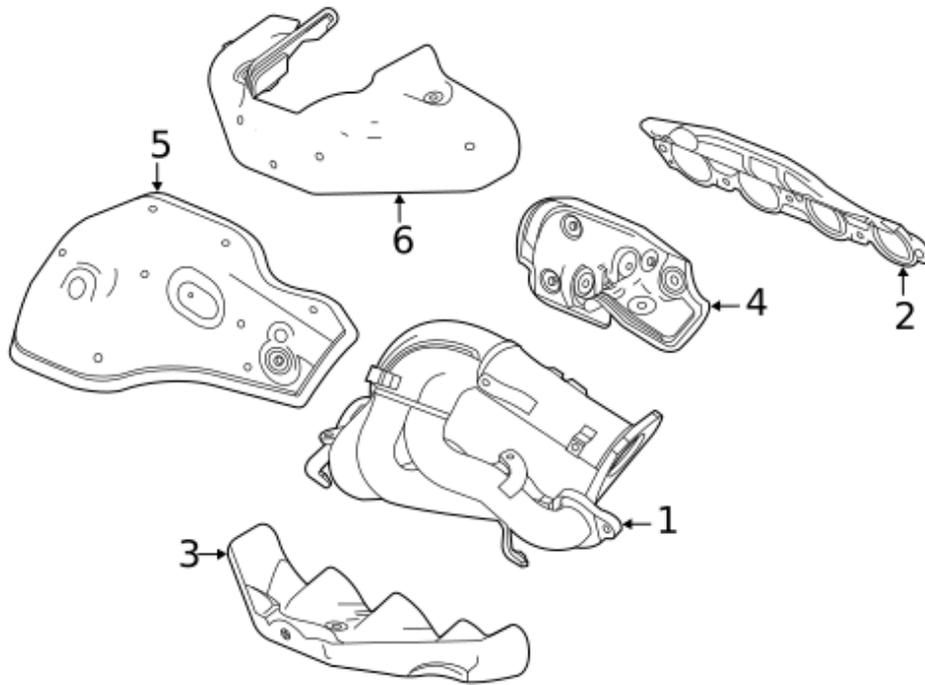

## 1. Brackets, Flanges & Hangers.

Part	Image	Part Name	Position	GM Number
1		Exhaust Heat Shield	Left	12672383
2		Exhaust Heat Shield	Right	84240171

## 2. Exhaust Components

Part	Image	Part Name	Position	GM Number
1		Muffler & Pipe Assembly - Description: 6.2L, muffler, with performance exh. Corvette. 6.2l. With performance exhaust. From 05/01/20. Muffler, to 10/2023. To 10/11/2023.		85047994
1		Muffler & Pipe - Description: Corvette. 6.2l. Without performance exhaust. From 02/10/20.		85047991
1		Exhaust Muffler with Exhaust Pipe - Description: Has the necessary components to service your vehicle's exhaust muffler. Helps diminish noise. Helps guide exhaust to exterior. GM Genuine Part tested to rigorous standards.		84950688
2		Catalytic Converter Gasket - Description: 2.0L turbo. 2.0L, front section. Muffler. Helps provide a tight seal for catalytic converter. GM Genuine Part.	Right	23194206
3		Intermediate Pipe Seal - Description: 7.0L. Corvette. Lower. Left. With supercharged. Muffler.	Left	10354707
4		Driver Side Exhaust Front Hanger - Description: Muffler. GM Genuine Part tested to rigorous standards.	Left	12690919
4		Passenger Side Exhaust Front Hanger - Description: Muffler. GM Genuine Part tested to rigorous standards.	Right	12690918

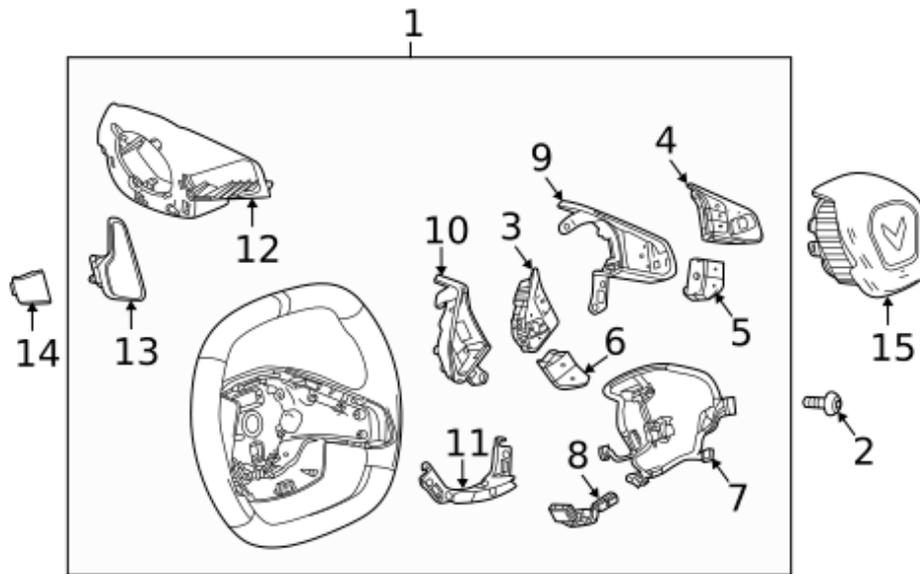

Part	Image	Part Name	Position	GM Number
5		Driver Side Exhaust Front Bracket - Description: Muffler. GM Genuine Part tested to rigorous standards.	Left	84794549
5		Exhaust Front Passenger Side Bracket - Description: Muffler. GM Genuine Part tested to rigorous standards.	Right	84794550
6		Exhaust System Hanger Insulator Sold Individually - Description: Helps secure and support your vehicle's exhaust pipe. Helps prevent vibration and noise. GM Genuine Part tested to rigorous standards.		25918352
7		Insulator - Description: 6.2L, muffler, rear. GM Genuine Part.		86820087
8		Exhaust Control Valve Actuator - Description: 5.5L, muffler. MUFFLER. exhaust pipe.		85151128
9		Exhaust Control Valve Actuator - Description: MUFFLER. tailpipe. 5.5L muffler.		85520525
10		Link Arm - Description: Muffler.		85530694
11		Driver Side Exhaust Pipe Heat Shield - Description: Muffler, exhaust pipe, upper. Prevents heat damage.	Left	84240178

Part	Image	Part Name	Position	GM Number
11		Passenger Side Exhaust Pipe Heat Shield - Description: Muffler, exhaust pipe, upper. Prevents heat damage.	Right	84240180
12		Passenger Side Exhaust Pipe Heat Shield - Description: Muffler, exhaust pipe, lower. Prevents heat damage.	Right	84240181
12		Driver Side Exhaust Pipe Heat Shield - Description: Muffler, exhaust pipe, lower. Prevents heat damage.	Left	84240179
13		Heat Shield - Description: MUFFLER. muffler upper.		84989252
14		Heat Shield - Description: 5.5L MUFFLER. muffler lower.		84989253
15		Rear Driver Side Underbody Exhaust Heat Shield - Description: Muffler, under body, front. Prevents heat damage.	Left	84579639
15		Rear Passenger Side Underbody Exhaust Heat Shield - Description: Muffler, under body, front. Prevents heat damage.	Right	84579638
16		Heat Shield - Description: 5.5L, muffler, under body, rear, outer. MUFFLER. under body, rear outer coupe.	Left	84926405
16		F Shield - Description: 6.2L, muffler, under body, rear outer, convertible.	Left	84918190
16		Passenger Side Underbody Intermediate Exhaust Heat Shield - Description: Prevents heat damage.	Right	84581410
16		Heat Shield - Description: 5.5L, muffler, under body, rear, outer. MUFFLER. under body, rear outer coupe.	Right	85583871
17		Exhaust Rear Underbody Inner Heat Shield - Description: Muffler, under body, rear, inner. Prevents heat damage.		84926404

3.

### 3.1. Exhaust Components

Part	Image	Part Name	Position	GM Number
1		Passenger Side Warm Up Three-Way Catalytic Converter - Converter. Corvette. Right side. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors. Collision parts are designed to help promote proper and safe repair	Right	12704808
1		Driver Side Warm Up Three-Way Catalytic Converter - Converter. Corvette. Left side. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors. Collision parts are designed to help promote proper and safe repair	Left	12704809
2		Catalytic Converter Gasket - Converter. Corvette. Upper. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	12672379

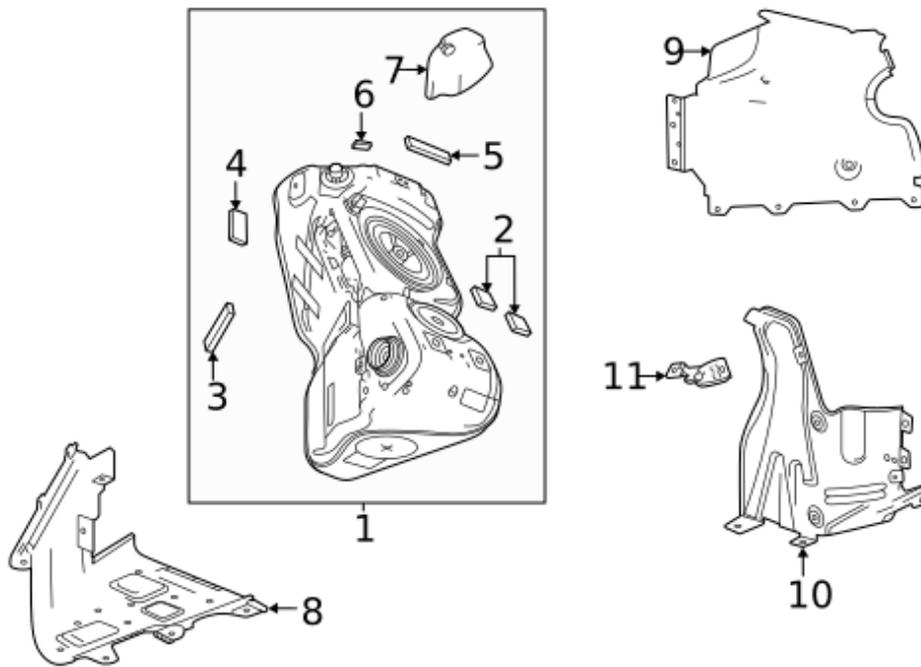

## 4. Exhaust Manifold.

Part	Image	Part Name	Position	GM Number
1		F (S)Manifold - Corvette. Left. 6.2l.	Left	12736957
1		F (S)Manifold - Corvette. Right. 6.2l.	Right	12736959
2		Exhaust Manifold Gasket - Corvette. Manufactured to GM OE specification for fit, form, and function	Right	12668562
3		Exhaust Manifold Lower Heat Shield - Lower. Corvette. Exhaust manifold. Outer. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	12673965
4		Passenger Side Exhaust Manifold Inner Heat Shield - Corvette. Exhaust manifold. Inner. Right. Helps absorb and deflect excess heat This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Original equipment parts are designed to work with your GM vehicle safety systems -- aftermarket replacement parts may not meet the same OE safety regulations, depending on the part type Collision parts are designed to help promote proper and safe repair	Right	12702514
4		Driver Side Exhaust Manifold Inner Heat Shield - Corvette. Exhaust manifold. Inner. Left. Helps absorb and deflect excess heat This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Original equipment parts are designed to work with your GM vehicle safety systems -- aftermarket replacement parts may not meet the same OE safety regulations, depending on the part type Collision parts are designed to help promote proper and safe repair	Left	12702513
5		Heat Shield - Corvette. Exhaust manifold. 6.2l. Outer. Left. Upper.	Left	12702508
5		Heat Shield - Corvette. Exhaust manifold. 6.2l. Outer. Right. Upper.	Right	12702509
6		Heat Shield - Corvette. Exhaust manifold. 6.2l. Outer. Center. Lower.	Right	12702510

# Fuel System

## 1. Cruise Control.

Part	Image	Part Name	Position	GM Number
1		Steering Wheel - Without z06, with heated, leather, black/blue		85521426
1		F Wheel - Without z06, with heated, leather, black/natural		86525298
1		F Wheel - Corvette. Without heated steering wheel. Leather wrap. With color stitching. Red stitching. Without z06, with heated, leather, black/red		86525297
1		F Wheel - Corvette. Without heated steering wheel. Suede wrap. With color stitching. Red stitching. Without z06, with heated, suede, black/red		86525290
1		F Wheel - Corvette. Without heated steering wheel. Leather wrap. With color stitching. Yellow stitching. Without z06, with heated, leather, black/yellow		85521427
1		Black Steering Wheel - Corvette. Without heated steering wheel. Suede wrap. With color stitching. Yellow stitching. Without z06, with heated, suede, black/yellow		85521421
1		F Wheel - Without z06, with heated, suede, black/natural		86525293
1		F Wheel - Corvette. Without heated steering wheel. Suede wrap. Without color stitching. Without z06, with heated, suede, black/gray		85521419
1		F Wheel - Corvette. Without heated steering wheel. Leather wrap. Without color stitching. Without z06, with heated, leather, black/gray		86525296
1		F Wheel - Without z06, with heated, suede, black/tan		85521418
3		Cruise Switch - Corvette. Labeled 13553397. With z06, with heated, 2nd design		86585592

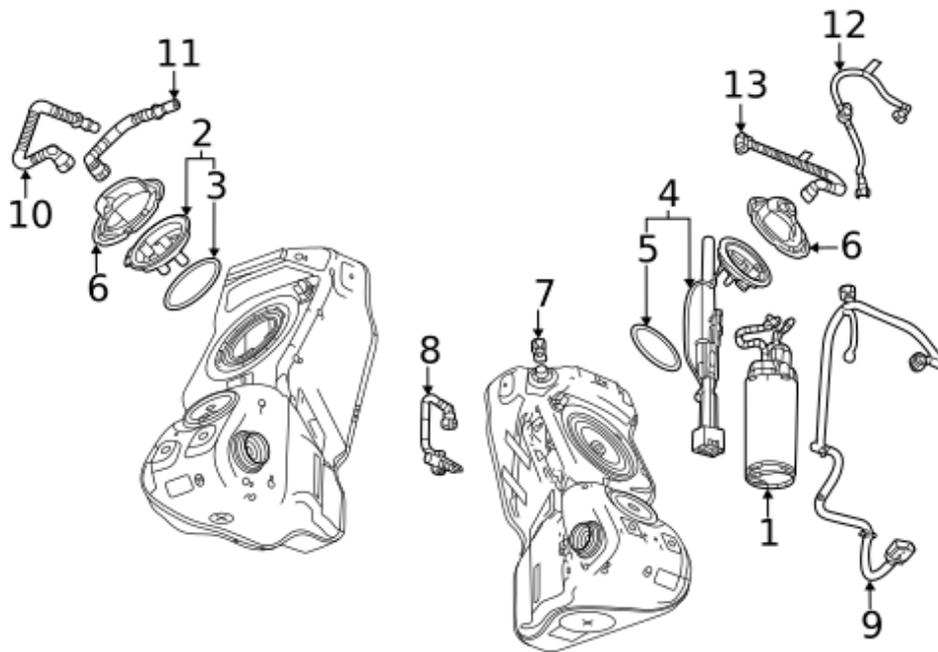

Part	Image	Part Name	Position	GM Number
4		Black Radio Control Switch (Right) - Without heated, labeled 13537281	Right	13541224
4		Radio Switch - With heated. Radio switch.		86585593
7		Horn Wire - With heated		85149145
8		Heated Steering Wheel Module - With heated		84757868
9		Switch Bezel - With heated	Right	84612650
11		Lower Trim - With heated		84707654
12		Steering Wheel Shroud - With heated. Corvette. Steering wheel/backing		84744423
13		Switch - Corvette. Trans shift. Right. Labeled 13546820. With z06, with heated, silver. Without heated.	Right	13546820
13		Switch - Corvette. Trans shift. Left. Labeled 13546819. With z06, with heated, silver. Without heated.	Left	13546819

Part	Image	Part Name	Position	GM Number
14		Access Cover - With heated	Left	84707653
14		Access Cover - With heated	Right	84707652

## 2. Fuel System Components Fuel Tank

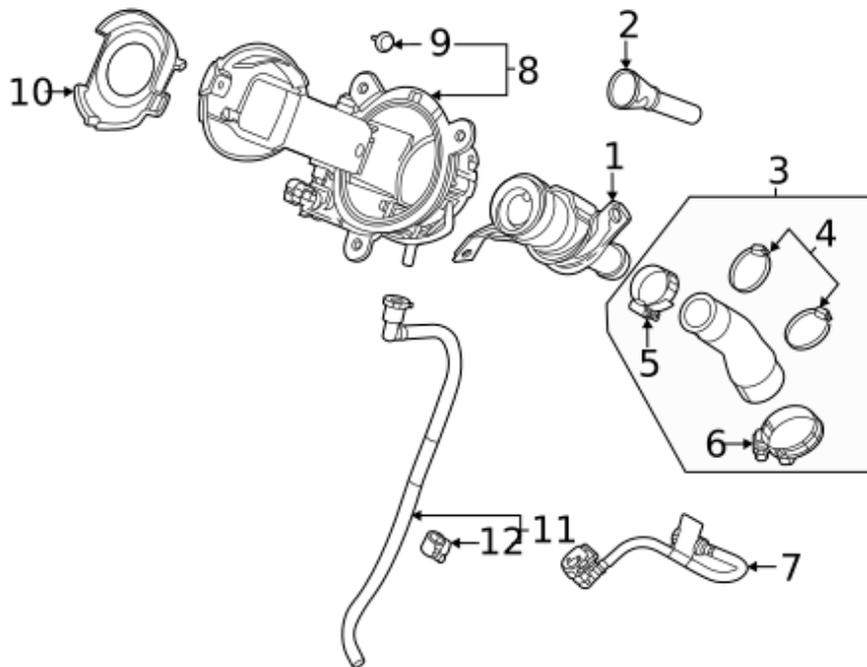

Part	Image	Part Name	Position	GM Number
1		Driver Side Fuel Tank - Fuel tank components. Corvette. Left. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors . Collision parts are designed to help promote proper and safe repair	Left	84843975
1		Fuel Tank - Fuel tank components. Corvette. Right.	Right	85162328
2		Fuel Tank Insulator - Fuel tank components. type 1.	Left	85162333
3		Fuel Tank Insulator - Fuel tank components, type 2. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84245769
4		Fuel Tank Insulator - Fuel tank components. type 3.	Left	85162330
5		Fuel Tank Insulator - Fuel tank components, type 4. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84352146
6		Driver Side Fuel Tank Insulator - Fuel tank components, type 5. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84529321
7		Driver Side Fuel Tank Shield - Fuel tank components, left side only. Protects the fuel tank This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair	Left	84352147
8		Driver Side Fuel Tank Strap - Fuel tank components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84754060
8		Passenger Side Fuel Tank Strap - Fuel tank components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84754061

Part	Image	Part Name	Position	GM Number
9		Passenger Side Auxiliary Fuel Tank Shield - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Original equipment parts are designed to work with your GM vehicle safety systems - aftermarket replacement parts may not meet the same OE safety regulations, depending on the part type	Right	84886061
9		Driver Side Auxiliary Fuel Tank Shield - Fuel tank components. Protects the fuel tank This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair	Left	84601513
9		Tank Shield - Fuel tank components.	Left	84601515
9		Tank Shield - Fuel tank components, convertible.	Right	84886062
10		Driver Side Fuel Tank Support - Fuel tank components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84665071

Part	Image	Part Name	Position	GM Number
10		Passenger Side Fuel Tank Support - Fuel tank components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84665070
11		Driver Side Fuel Tank Support Bracket - Fuel tank components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84665069
11		Passenger Side Fuel Tank Support Bracket - Fuel tank components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84665068

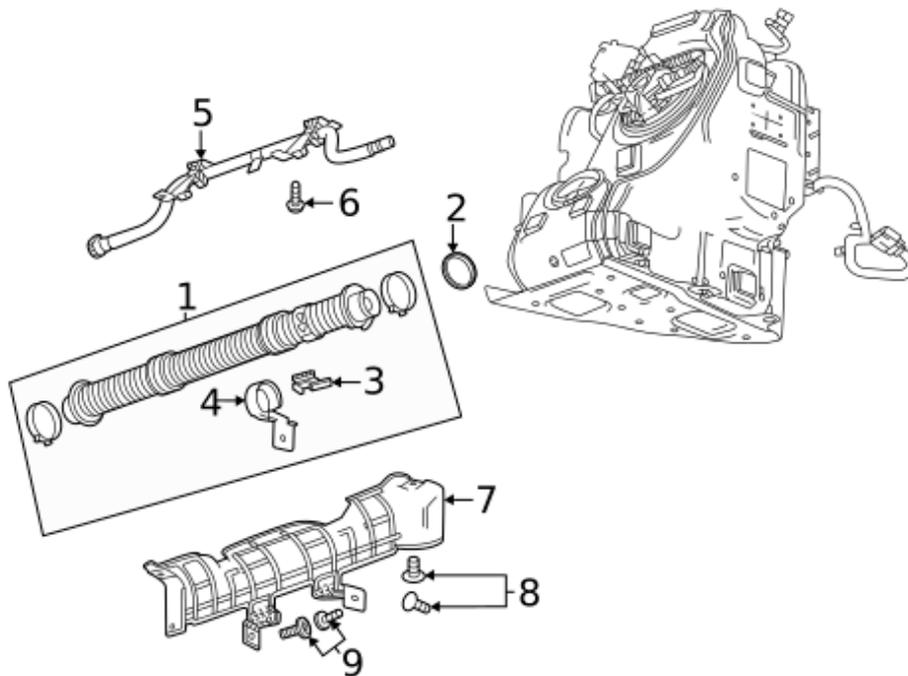

### 3. Fuel System Components Fuel Pump

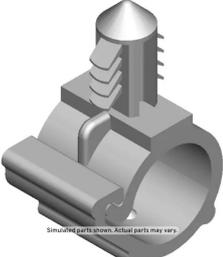

Part	Image	Part Name	Position	GM Number
1		Driver Side Fuel Pump Module - Helps provide a reliable fuel supply to your vehicle's engine.		84745183
2		Passenger Side Fuel Sender - Fuel pump components. Corvette. Right. Measures fuel level changes displayed on fuel gauge		84520346
3		Fuel Pump Seal - Fuel pump components. Help seal out contaminants Help protect fuel tank sending unit		94556450
4		Level Sensor - Fuel pump components.		85539049
6		Fuel Sender Cam - Fuel pump components. This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors	Right	84245775
7		Fuel Tank Pressure Sensor - Help measure pressure changes within fuel tank Help alert engine management computer if a leak occurs in fuel system		13502903
8		Driver Side Fuel Feed Pipe - Fuel pump components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84731984

Part	Image	Part Name	Position	GM Number
8		Passenger Side Fuel Feed Pipe - Fuel pump components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84731985
9		Fuel Pump Wiring Harness - Fuel pump components.		85146470
10		Passenger Side Fuel Feed and Evaporative Emission Pipe - Fuel pump components, right side, #1. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84245780
11		Passenger Side Fuel Feed and Evaporative Emission Pipe - Fuel pump components, right side, #2. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84352148
12		Driver Side Fuel Feed Hose - Fuel pump components, left side, #1. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84144036
13		Driver Side Fuel Feed and Evaporative Emission Pipe - Fuel pump components, left side, #2. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84245777

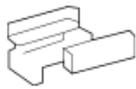

## 4. Fuel System Components Fuel Tank Filler Neck

Part	Image	Part Name	Position	GM Number
1		Fuel Tank Filler Neck - Filler pipe components. Corvette. Upper pipe.		85634009
2		Capless Fuel Funnel - Fwd. Trunk compartment. fuel filler. With hybrid. Without AWD. funnel. Fuel funnel. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		13580741
3		F Hose - Filler pipe components. Corvette. Lower hose.		84802225
4		Nylon Cable Tie - These are Sold Individually. California emissions. DeVille, without dhs or DTS, upper components. 3.4L. 1991-93, harness retaining. Filler pipe components. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		12337820
5		Hose Clamp - Large. Lower. Rwd. 2.2L, california. With awd. Wagon, upper. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11610236
7		Evaporator Tube - Filler pipe components. Evaporator tube.		84245774

Part	Image	Part Name	Position	GM Number
8		Filler Pocket - Filler pipe components.		86539361
9		Fuel Tank Filler Door Hinge Bumper - Filler pipe components. Helps prevent components of your vehicle's fuel tank filler door from contacting each other This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair		84771653
10		Fuel Tank Filler Door Hinge Housing Seal - Filler pipe components. Helps protect your fuel filler pipe from the elements This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair		84165189
11	 <small>Simulated parts shown. Actual parts may vary.</small>	Fuel Tank Drain Hose - Filler pipe components. Helps prevent liquid from sitting in pocket and possibly spilling onto paint This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair		84165192
12	 <small>Simulated parts shown. Actual parts may vary.</small>	Multi-Purpose Clip - Coupe, front lower. Sportback. 11mm dia. Tourx. Filler pipe components. Sedan, front lower. Rear drain hose. Helps align various vehicle components For proper installation, locate your nearest GM dealer, independent service center, or body shop Precise fit for ease of installation		22710775

## 5. Fuel System Components Fuel Feed

Part	Image	Part Name	Position	GM Number
1		Fuel Feed Hose - Cross over pipe. This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors		84519859
2		Seal-F/Tnk Fil Vent Pipe - Cross over pipe. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		22815196
3		Cross Over Pipe Clip - Cross over pipe.		84228408
4		Cross Over Pipe Bracket - Cross over pipe. (Part included with cross over pipe)	Left	84245782
4		Cross Over Pipe Bracket - Cross over pipe. (Part included with cross over pipe)	Right	84245781
5		Fuel Tank Vent Hose - Cross over pipe. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84665717
6		Fender Liner Bolt - (Qty 1) Sold Individually.		11519377
7		Protect Shield - Cross over pipe.		84852638
8		Push-Pin - These are Sold Individually. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11612035

## 6. Fuel System Throttle Body

Part	Image	Part Name	Position	GM Number
		Fuel Injection Throttle Body O-Ring		12639086

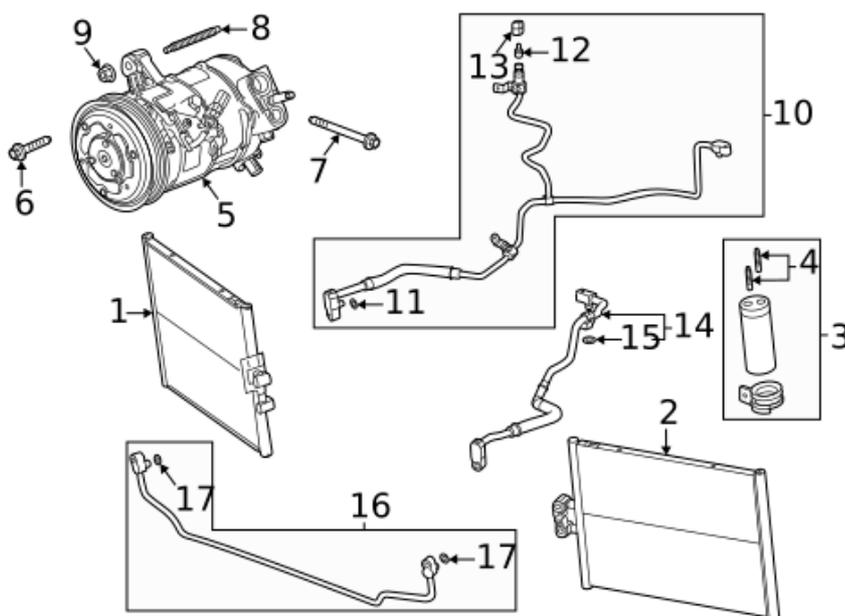

Part	Image	Part Name	Position	GM Number
	 A photograph of a throttle body, a mechanical component used in an engine's throttle system. It is a cast metal part with a central throttle cable attachment point and various ports and mounting tabs.	Throttle Body		12733469

# HVAC

## 1. A/C Clutch & Compressor

Part	Image	Part Name	Position	GM Number
		Air Conditioning Clutch Kit Restore A/C compressor clutch		84650875

## 2. A/C Flow Restrictors Condenser, Compressor & Lines

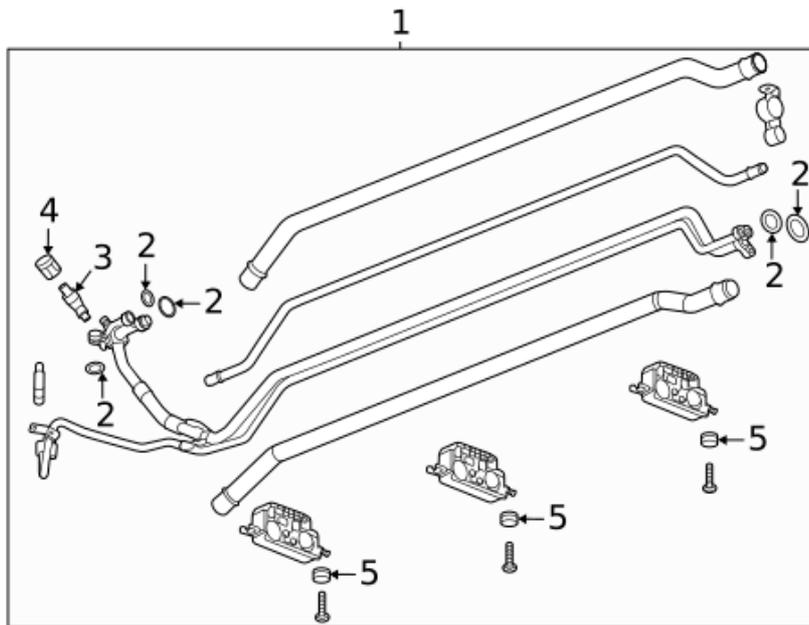

Part	Image	Part Name	Position	GM Number
1		Condenser - Corvette. Right.	Right	85601834
2		Condenser - Corvette. Left.	Left	85601833
3		Air Conditioning Receiver and Dehydrator - Corvette. Removes harmful moisture from the A/C refrigerant system		84789220
4		Multi-Purpose Stud - 6.6L diesel, short. Condenser & lines, 2.0L turbo. Condenser & lines, 2.7L turbo. 2.7L turbo, rwd.		11570205

Part	Image	Part Name	Position	GM Number
5		Compressor Kit - 6.2L.		85007067
6		Multi-Purpose Bolt - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11611102
7		M8x1.25x45 Multi-Purpose Bolt - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11610074
8		Air Conditioning Compressor Bracket Stud - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11612159
9		Multi-Purpose Nut - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11546365
10		Air Conditioning Condenser and Evaporator Hose - Corvette. Rh condenser to receiver. Repair leaking A/C system, restore A/C function		84834294
11		Air Conditioning Seal - Type 1. 2.5L. Condenser and components... Corvette. 5/8. 2.8L turbo diesel. 5/8".		13418807
11		Air Conditioning Compressor Hose Seal - 6.0L, large. 6.6L diesel, 2017-19, large... Corvette. 1/2.		13418809
12		Acdelco™ A/C Service Valve Core - PARTS: Part included with evaporator tube.		1551384
12		Air Conditioning High Pressure Service Valve - 4.3, 5.3, 6.2L. 3.6L. 2.8L turbo diesel. 2.5L. High side. 2.7L turbo, 3.0L diesel. Corvette. Repair leaking A/C system, restore A/C function		84253577
12		Acdelco™ A/C Service Valve Core - Discontinued		1563665
13		Acdelco™ A/C Service Valve Cap - PARTS: Part included with evaporator tube.		1533871
13		Air Conditioning Service Valve Fitting Cap - 4.3, 5.3, 6.2L. 3.6L. 2.8L turbo diesel. 2.5L. 6.6L diesel, #2. Condenser & lines. 2.7L turbo, 3.0L diesel.		25872391

Part	Image	Part Name	Position	GM Number
13		Acdelco™ A/C Service Valve Cap - Discontinued		1534541
14		Air Conditioning Compressor and Condenser Hose - Corvette. Tunnel lines to condenser. Repair leaking A/C system, restore A/C function		84678721
16		Air Conditioning Condenser Tube Connector - Corvette. Condenser to condenser. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84680829
17		Acdelco™ A/C Line O-Ring - PARTS: Part included with connector tube.		1534783

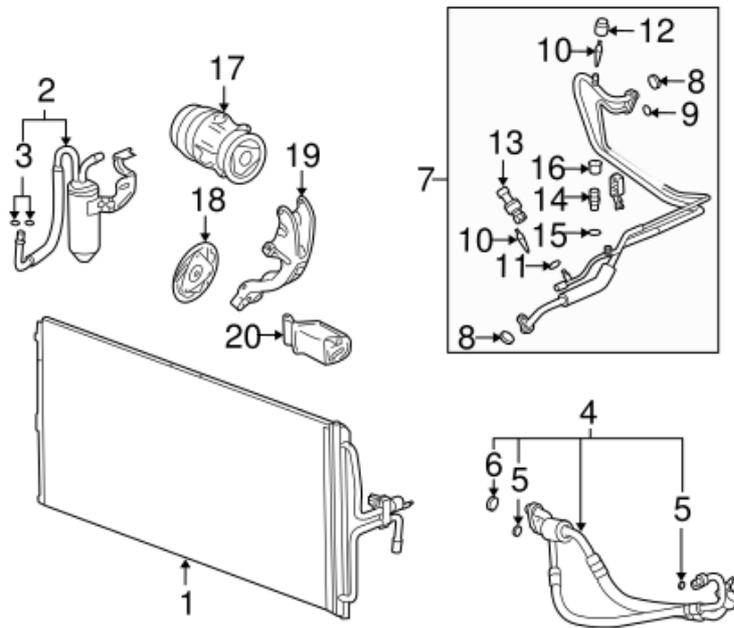

## 2.1. A/C Flow Restrictors Condenser, Compressor & Lines

Part	Image	Part Name	Position	GM Number
1		Suction & Discharge Hose Assembly - Corvette. Tunnel lines at evaporator.		85566434
2		Air Conditioning Seal - Type 1. 2.5L. Condenser and components, 1.2L turbo, small. Condenser and components, 1.3L turbo, small. With hybrid. 3.6L. 5/8". Corvette. 5/8. 2.8L turbo diesel. 5/8".		13418807
2		Air Conditioning Compressor Hose Seal - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.		13418808
2		Air Conditioning Compressor Hose Seal - 6.0L, large. 6.6L diesel, 2017-19, large. Type 1. 6.6L diesel, small. 6.6L gas, small. Condenser and components, 1.3L turbo. Condenser and components, 1.2L turbo. CT4. Corvette. 1/2.		13418809
2		Accelco™ A/C Line O-Ring - Discontinued.		1534833
2		Accelco™ A/C Line O-Ring - Discontinued.		1534783
3		Air Conditioning System Valve Core - Repairs leaking A/C system Restores A/C function.		25872392
3		Accelco™ A/C Service Valve Core - Discontinued.		1563665
4		Air Conditioning Service Valve Fitting Cap - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.		22883362

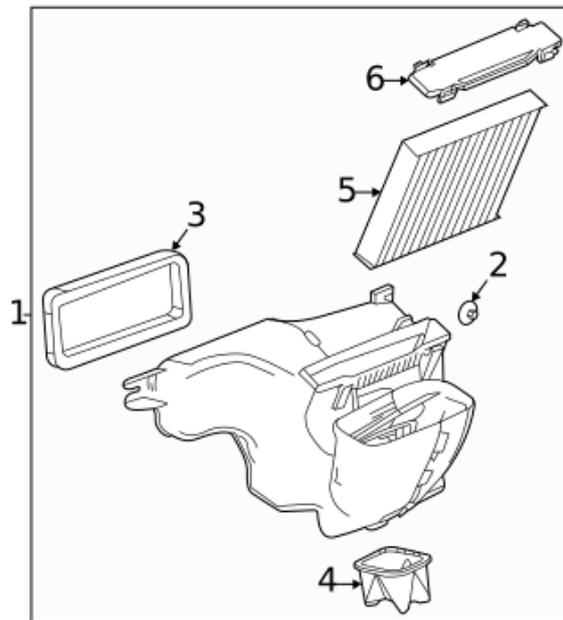

Part	Image	Part Name	Position	GM Number
4		Accelco™ A/C Service Valve Cap - Discontinued.		1534541
5		Center AC Tube Insulator - At tunnel.		84525732

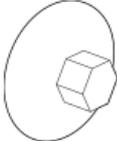

### 3. A/C Flow Restrictors

Part	Image	Part Name	Position	GM Number
1		Acdelco™ A/C Service Valve Cap		85601834153
2		Air Conditioning Service Valve Fitting Cap PARTS: Part included with evaporator tube.		22883362

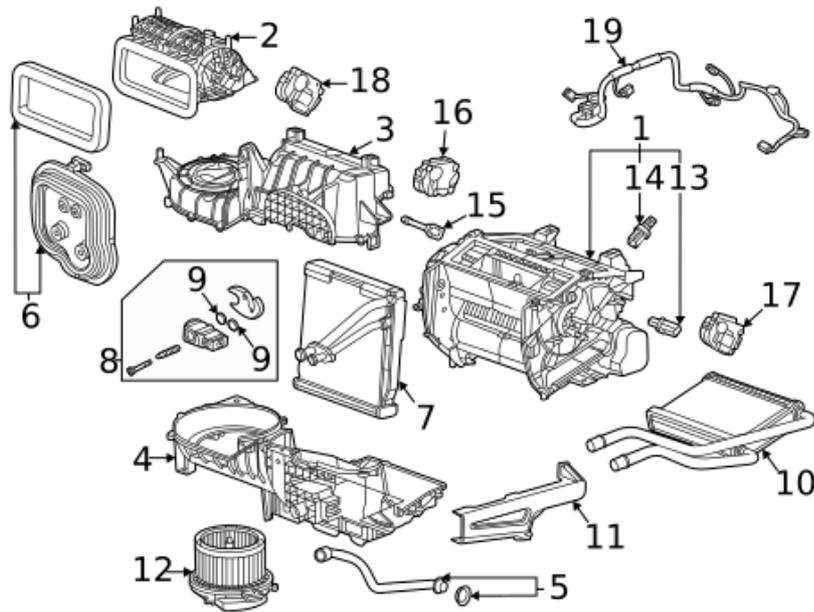

#### 4. Air Inlet + Filters.

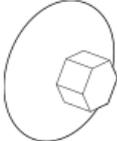

Part	Image	Part Name	Position	GM Number
1		Air Inlet Assembly		85598592
2		Multi-Purpose Nut - High voltage. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.		11546546
4		Cowl Panel Drain Valve - Opens to allow water to drain into your vehicle's plenum drain tube This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair		23352154
5		Cabin Air Filter - Equipped with long media in the non-woven material/compound media in order to capture particles while increasing air flow. It has a multi-layered construction that creates 'separated' media in order to contain particles. GM Original Equipment Cabin Air Filters are designed, engineered, and tested to rigorous standards, and are backed by General Motors.		13508023
5		Acdelco™ Cabin Air Filter (Discontinued)		CF185

Part	Image	Part Name	Position	GM Number
6		Passenger Compartment Air Filter Access Hole Cover - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84573310

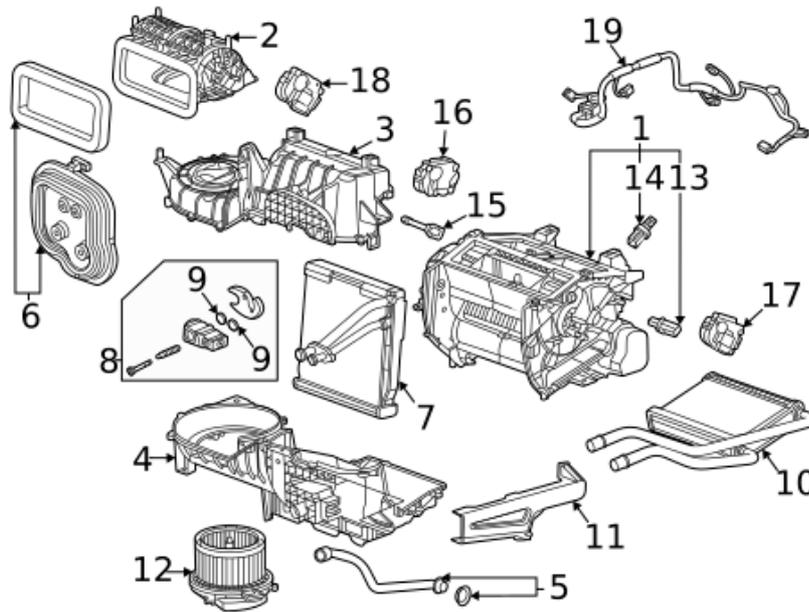

## 5. Automatic Temperature Controls

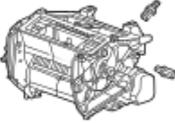

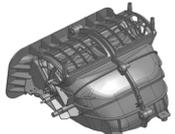

Part	Image	Part Name	Position	GM Number
1		Air Inlet Assembly		85598592
2		Multi-Purpose Nut - High voltage. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors.		11546546
4		Cowl Panel Drain Valve - Opens to allow water to drain into your vehicle's plenum drain tube This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Collision parts are designed to help promote proper and safe repair		23352154
5		Cabin Air Filter - Equipped with long media in the non-woven material/compound media in order to capture particles while increasing air flow. It has a multi-layered construction that creates 'separated' media in order to contain particles. GM Original Equipment Cabin Air Filters are designed, engineered, and tested to rigorous standards, and are backed by General Motors.		13508023
5		Acdelco™ Cabin Air Filter (Discontinued)		CF185

Part	Image	Part Name	Position	GM Number
6		Passenger Compartment Air Filter Access Hole Cover - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84573310

## 6. Blower Motor & Fan

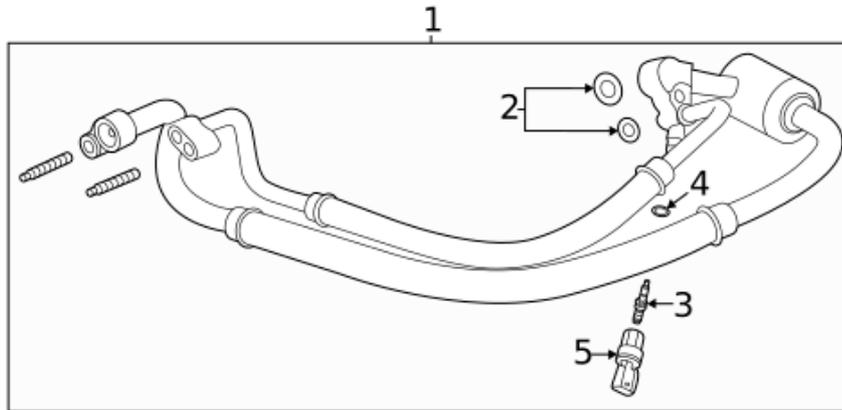

Part	Image	Part Name	Position	GM Number
1		Air Conditioning Evaporator and Blower Case - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Original equipment parts are designed to work with your GM vehicle safety systems -- aftermarket replacement parts may not meet the same OE safety regulations, depending on the part type		84893143
2	 <small>Simulated parts shown. Actual parts may vary.</small>	Air Inlet Housing - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Original equipment parts are designed to work with your GM vehicle safety systems -- aftermarket replacement parts may not meet the same OE safety regulations, depending on the part type		84580625
3		Air Conditioning Evaporator Upper Case - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Original equipment parts are designed to work with your GM vehicle safety systems -- aftermarket replacement parts may not meet the same OE safety regulations, depending on the part type		84228651
4		Air Conditioning Evaporator Lower Case - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Original equipment parts are designed to work with your GM vehicle safety systems -- aftermarket replacement parts may not meet the same OE safety regulations, depending on the part type		84711920
5		F (S) Tube		85543707

Part	Image	Part Name	Position	GM Number
6		Heater and Air Conditioning Evaporator and Blower Module Seal Kit - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84910810
7		Air Conditioning Evaporator Kit - Vacuum-brazed, corrosion-treated, and leak-tested Original equipment parts are designed to work with your GM vehicle safety systems -- aftermarket replacement parts may not meet the same OE safety regulations, depending on the part type		85105315
8		Air Conditioning Evaporator Thermal Expansion Valve - Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84651681
9		Expansion Valve Seal - CT4. Envision. Seal. All Required. Acadia. 2.5l. Front ac. Liquid & suction hose. 5/8.		13418806
9		Air Conditioning Compressor Hose Seal - 6.0L, large. 6.6L diesel, 2017-19, large. Type 1. 6.6L diesel, small. 6.6L gas, small. Condenser and components, 1.3L turbo. Condenser and components, 1.2L turbo. CT4. Corvette. 1/2. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Original equipment parts are designed to work with your GM vehicle safety systems -- aftermarket replacement parts may not meet the same OE safety regulations, depending on the part type		13418809
9		Accelco™ A/C Line O-Ring		1534783
10		Heater Core - Long-life alloys provide corrosion resistance High-strength brazed joints ensure durability		84228785
11		Heater Core Tube Cover - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84711922
12		Blower Motor - Corvette.		84910806
13		Air Temperature Sensor - Floor air. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84228769
15		Air Conditioning Evaporator Air Temperature Sensor - Front. CT4. Evaporator. Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84228770
16		Actuator - Tahoe. Left. Suburban. Yukon. CT5. Escalade ESV. CT4. Corvette. Mode. Temp.		13554363
17		Actuator	Right	13554362

Part	Image	Part Name	Position	GM Number
19	 A schematic diagram of an air conditioning wiring harness, showing a central control unit with several wires extending outwards to various components.	Air Conditioning Wiring Harness - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84815537

## 7. Gaskets & Sealing Systems

Part	Image	Part Name	Position	GM Number
1		Air Conditioning Compressor Hose - Description: At engine. Corvette. Compressor to tunnel lines. Repair leaking A/C system, restore A/C function		84525737
2		Air Conditioning Compressor Hose Seal - Description: 6.0L, large. 6.6L diesel, 2017-19, large. Type 1. 6.6L diesel, small. 6.6L gas, small. Condenser and components, 1.3L turbo. Condenser and components, 1.2L turbo. CT4. Corvette. 1/2. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Original equipment parts are designed to work with your GM vehicle safety systems -- aftermarket replacement parts may not meet the same OE safety regulations, depending on the part type		13418809
2		Air Conditioning Compressor Hose Seal - Description: This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Original equipment parts are designed to work with your GM vehicle safety systems -- aftermarket replacement parts may not meet the same OE safety regulations, depending on the part type		13418808
2		Accelco™ A/C Line O-Ring		1534783
2		Accelco™ A/C Line O-Ring		1534833
3		Accelco™ A/C Service Valve Core		1563665

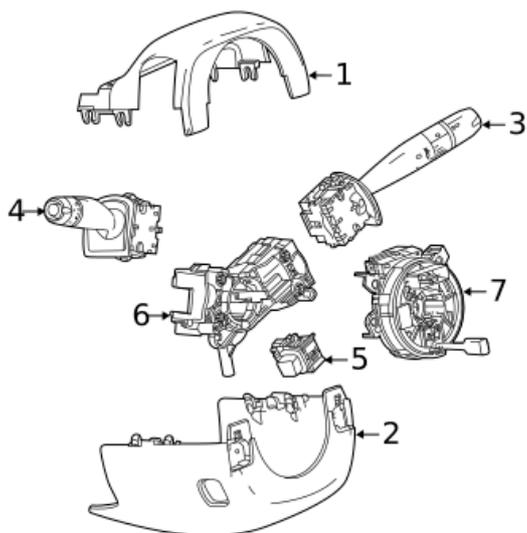

Part	Image	Part Name	Position	GM Number
3		Air Conditioning System Valve Core - Description: Repairs leaking A/C system Restores A/C function This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors Original equipment parts are designed to work with your GM vehicle safety systems -- aftermarket replacement parts may not meet the same OE safety regulations, depending on the part type		25872392
4		Air Conditioning Compressor Refrigerant Pressure Switch Seal (O-Ring) - Description: This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		90381761
5		Accelco™ Pressure Sensor		1551388
5		Air Conditioning Evaporator Air Temperature Sensor - Description: This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		13511536

## 8. Hoses & Pipes

Part	Image	Part Name	Position	GM Number
		F (S)Hose		85049242

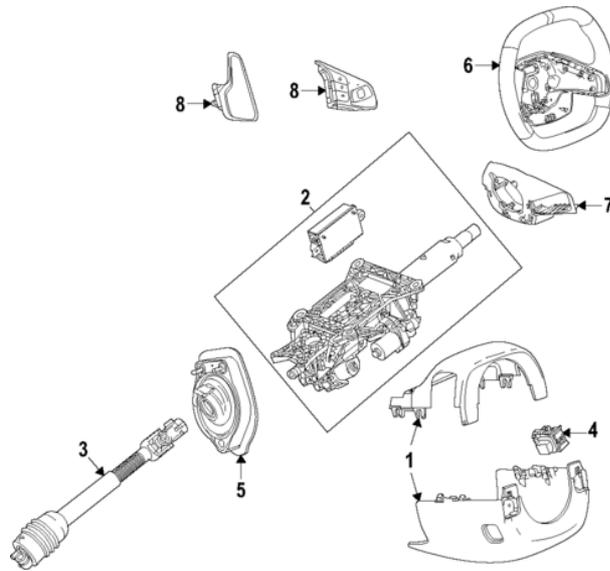

# Steering

## 1. Shroud, Switches & Levers

Part	Image	Part Name	Position	GM Number
1		Steering Column Cover - Description: Corvette. Upper.		84838919
2		Lower Column Cover - Description: Corvette. Lower.		84838911
3		Windshield Wiper and Windshield Washer Switch - Description: This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		13545934
4		Signal Switch - Description: Corvette. Labeled 13539720. Dimmer, Headlight, Turn Signal.		13555285
5		Switch - Description: Corvette. Power tilt, tilt & telescopic. Acadia.		84158389
6		Turn Signal Switch Bracket - Description: With keyless start. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84483956

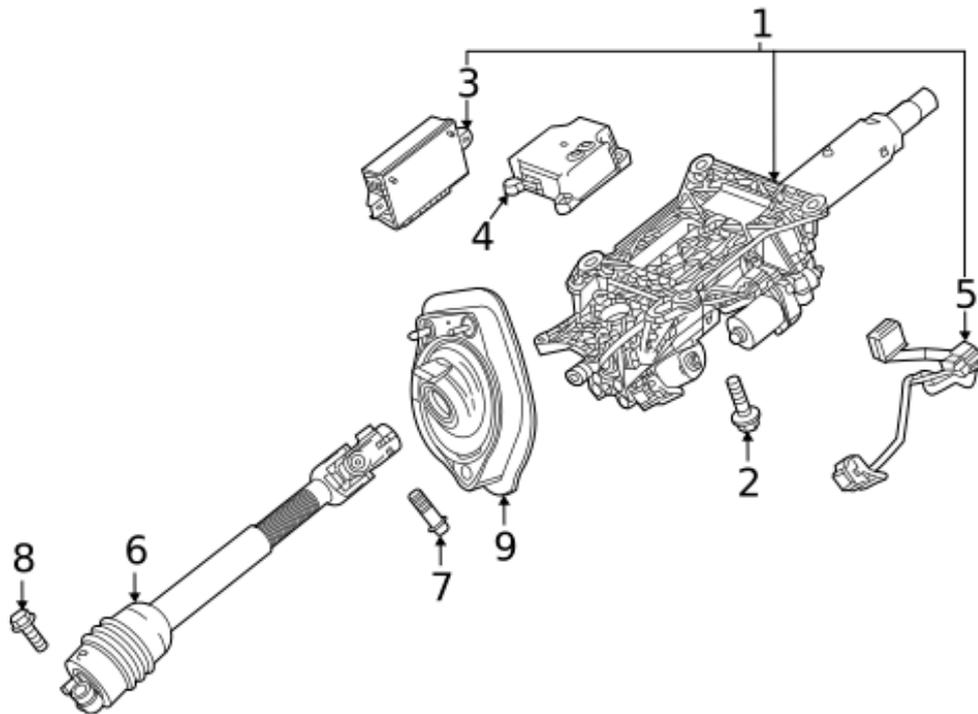

## 2. Steering Column

Part	Image	Part Name	Position	GM Number
		Black Radio Control Switch (Right) - Corvette. Radio controls. Labeled 13537280. Designed for plug and play installation		13541223
		Galvano Silver Automatic Transmission Manual Shift Auxiliary Position Switch (Left) - Corvette. Trans manual shift. Left. Labeled 13537282.		13541226
		Galvano Silver Automatic Transmission Manual Shift Auxiliary Position Switch (Right) - Corvette. Trans manual shift. Right. Labeled 13537283.		13541228
		Switch - Corvette. Trans shift. Left. Labeled 13541229. With heated.		13546821
1		Lower Column Cover - Corvette. Lower.		84838911
1		Steering Column Cover - Corvette. Upper.		84838919
2		Steering Column - Corvette.		85512741
3		Intermediate Steering Shaft - Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84789279
4		Switch - Corvette. Power tilt, tilt & telescopic. Acadia.		84158389

Part	Image	Part Name	Position	GM Number
6		F Wheel - Corvette. Without heated steering wheel. Leather wrap. With color stitching. Red stitching. Without z06, with heated, leather, black/red.		86525297
6		F Wheel - Corvette. Without heated steering wheel. Suede wrap. With color stitching. Red stitching. Without z06, with heated, suede, black/red.		86525290
6		F Wheel - Corvette. With heated steering wheel. Leather wrap. Black/red interior.		86525247
6		Steering Wheel - Corvette. With heated steering wheel. Leather wrap. Black/gray interior. Without z06, without heated, leather, black/gray.		84914774
6		F Wheel - Corvette. Without heated steering wheel. Leather wrap. With color stitching. Yellow stitching. Without z06, with heated, leather, black/yellow.		85521427
6		Black Steering Wheel - Corvette. Without heated steering wheel. Suede wrap. With color stitching. Yellow stitching. Without z06, with heated, suede, black/yellow.		85521421
6		F Wheel - Corvette. Without heated steering wheel. Suede wrap. Without color stitching. Without z06, with heated, suede, black/gray.		85521419
6		F Wheel - Corvette. Without heated steering wheel. Leather wrap. Without color stitching. Without z06, with heated, leather, black/gray.		86525296

### 3. Steering Column Assembly

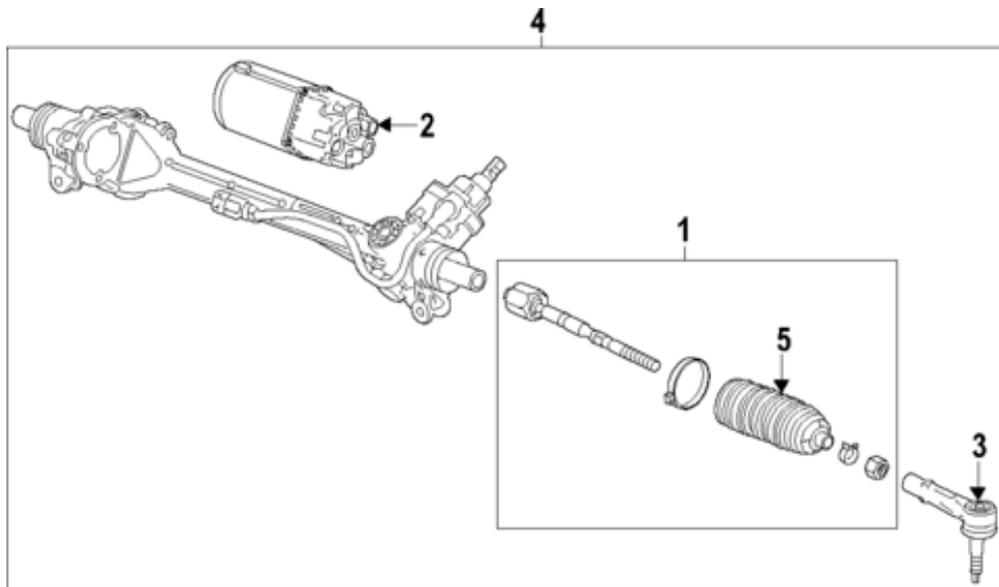

Part	Image	Part Name	Position	GM Number
1		Steering Column - Corvette		85512741
2		Steering Column Bolt - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11548828
3		Steering Column Tilt Wheel and Telescope Control Module - Tilt/telescoping. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84605904
4		Column Lock Module - Lock control. CT5. This part requires programming and/or special setup procedures GM Service Information describes the procedures and special tools needed to ensure proper operation in the vehicle. This GM Genuine part is designed, engineered and tested to rigorous standards, and are backed by General Motors		13534627
5		Steering Column Tilt and Telescope Wheel Actuator Motor Harness - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		23188723
6		Intermediate Steering Shaft - Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		84789279

Part	Image	Part Name	Position	GM Number
7		M10x1.5x39 Multi-Purpose Bolt - 2.4L. 2014-17. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11609752
8		Bolt,S/Gr Cplg - Awd. With tilt wheel. M10x1.5x31. Rwd. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11610555

Part	Image	Part Name	Position	GM Number
8		Tow Hook Nut	Right	11549169
9		Power Steering Assist Motor Kit - Corvette.		85108994
10		Power Steering Wiring Harness - Corvette.		84587038

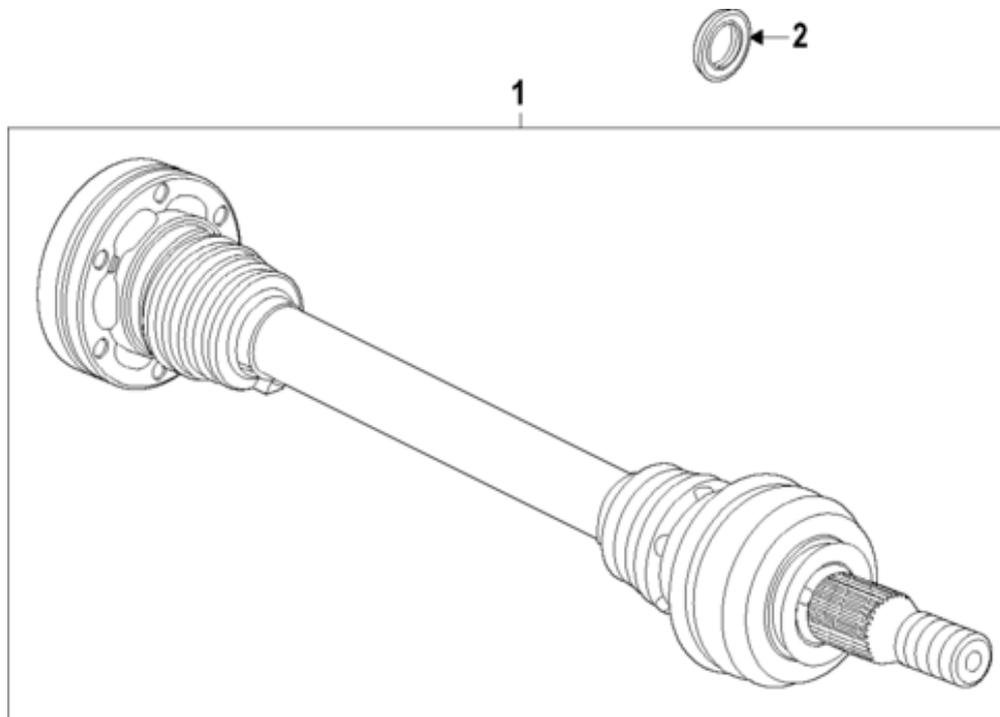

## 4.1. Steering Gear & Linkage

Part	Image	Part Name	Position	GM Number
1		Front Steering Linkage Inner Tie Rod - Corvette. Designed to transfer movement from the steering wheel to your vehicle's tires to help turn. The tie rods are engineered to provide alignment adjustment. Includes: Tie Rod Boot.		84421866
2		Power Steering Assist Motor Kit - Corvette.		85108995
3		Steering Linkage Outer Tie Rod - Corvette. Designed to transfer movement from the steering wheel to your vehicle's tires to help turn. The tie rods are engineered to provide alignment adjustment.		84736469
4		Gear Assembly - Corvette.		86807405
5		Rack and Pinion Boot Kit with Clamps and Nut - Corvette.		22913284

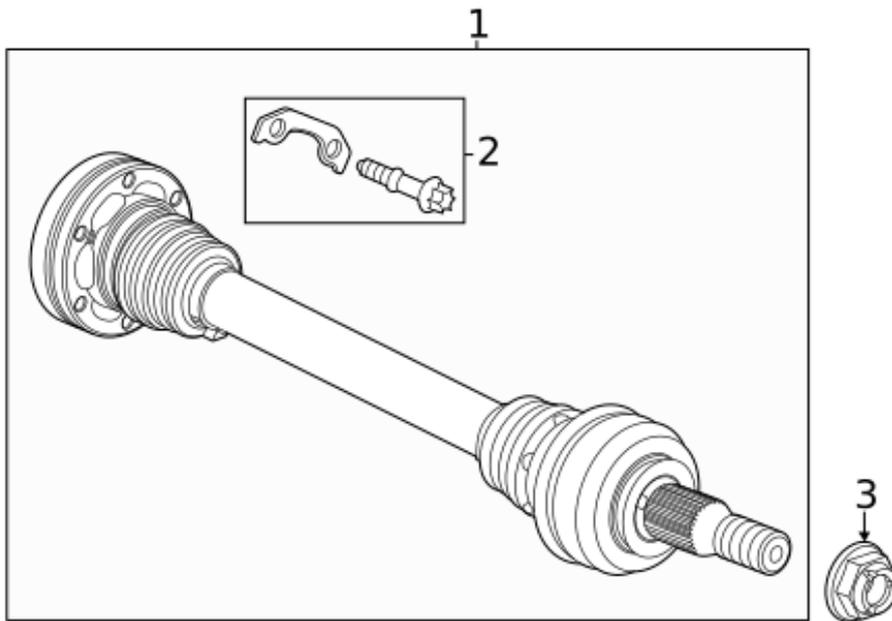

# Suspension

## 1. Axle Shaft & Rear Axle

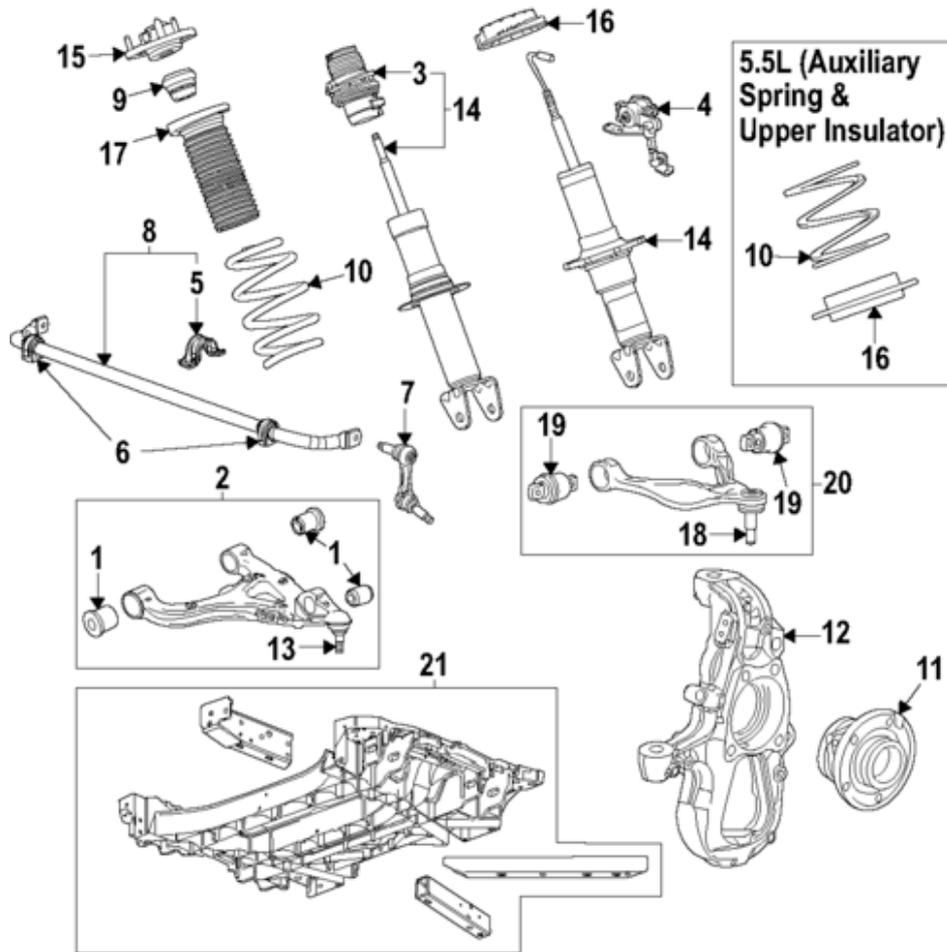

Part	Image	Part Name	Position	GM Number
		Axle Seals - Corvette. Left.		24299318
		Axle Seals - Corvette. Right.		24299321
1		Axle Assembly - Corvette. Without performance package. Without z06, without z51 pkg.		85642686
1		Axle Assembly - Corvette. With performance package. Without z06, with z51 pkg.		85113611

## 1.1. Axle Shaft & Rear Axle

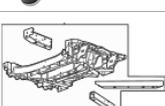

Part	Image	Part Name	Position	GM Number
1		Axle Assembly - Corvette. Without performance package. Without z06, without z51 pkg.	Left	85642686
1		Axle Assembly - Corvette. With performance package. Without z06, with z51 pkg.	Left	85113611
2		Rear Half-Shaft Bolt Retainer - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	11546938
3		Multi-Purpose Nut - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	11612295

## 2. Front Suspension

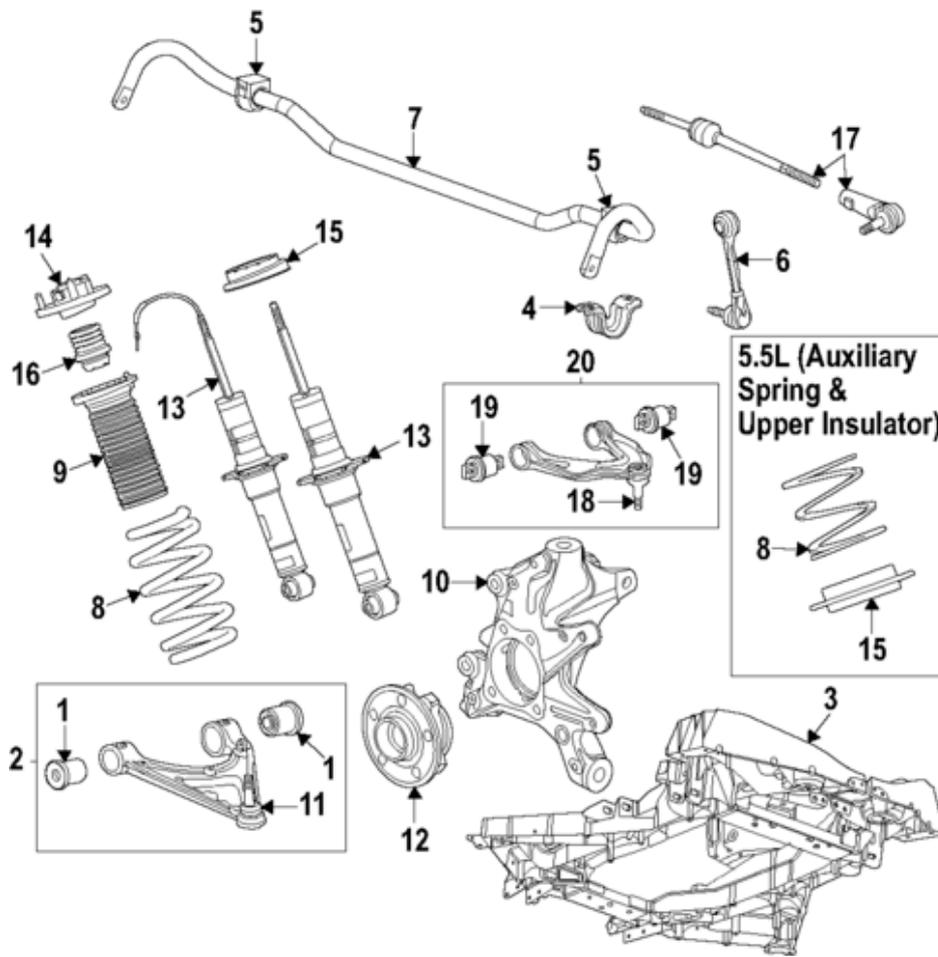

Part	Image	Part Name	Position	GM Number
2		W (S)Arm - Corvette. Left. Without z06.		86546939
2		W (S)Arm - Corvette. Right. Without z06.		86546940
4		Front Passenger Side Suspension 4 Corner Leveling System Position Sensor - Magnetic ride control. Corvette. Measures the distance between your vehicle's chassis and body		84526252
5		Stabilizer Shaft Clamp - Corvette. Helps secure the stabilizer bar bushing to your vehicle's suspension		23428468
7		Link Asm-Frt Stab Shf - Corvette. Connects your vehicle's stabilizer bar to the control arm or strut Provides roll stiffness to vehicle		22945601

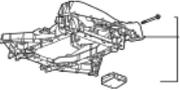

Part	Image	Part Name	Position	GM Number
8		Front Stabilizer Shaft - Corvette. Helps keep your vehicle's body level during cornering or maneuvering		23428455
9		Front Shock Absorber Upper Bumper - With magnetic ride, without ground clearance package. Corvette.		84948171
10		Coil Spring - Corvette. Ride & handling. Without convertible. With magnetic ride, with ground clearance package, without z06, without z51 pkg, coupe.		84371397
10		Coil Spring - Corvette. Ride & handling. With magnetic ride, with ground clearance package, without z06, without z51 pkg, convertible.		84829203
10		Front Coil Spring - With magnetic ride, without ground clearance package. Corvette. Special ride & handling.		84747903
10		Front Coil Spring - Without magnetic ride, with ground clearance control, fe3 suspension. Corvette. Sport.		84747902
10		Front Coil Spring - Without magnetic ride, without ground clearance control, fe1 suspension. Corvette. Soft ride.		84747901
11		Hub Assembly - Corvette. With z06. Without carbon fiber wheels.		84992878
12		Steering Knuckle - Corvette. Right.		86556641
12		Steering Knuckle - Corvette. Left.		86556640
14		Front Passenger Side Shock Absorber - Superseded to 85644577. Corvette. With extra ground clearance. Special ride & handling. Right.		84884799
14		B (S) Absorber - Corvette. Without z06. With extra ground clearance. Sport. Right.		85056635
14		Front Driver Side Shock Absorber - With magnetic ride, with ground clearance package. Corvette. With extra ground clearance. Sport. Left.		84878823
14		W (S) Absorber - Corvette. With extra ground clearance. Special ride & handling. Left. With magnetic ride, with ground clearance package, without z06.		85056636
14		Strut - With magnetic ride, without ground clearance package. Corvette. Without extra gnd. clearance. Special ride & handling. With z06.		85644938
14		Strut - Exc. Magnetic Ride Control. Exc. Front Axle Lifting System. Performance Package.		86806222

Part	Image	Part Name	Position	GM Number
14		B (S)Absorber - Corvette. Without z06. With extra ground clearance. Soft ride. Right. Exc.Magnetic Ride Control. Front Axle Lifting System. Exc.Performance Package.		85056633
14		Shock - Corvette. Without z06. With extra ground clearance. Soft ride. Left.		85056632
14		B (S)Absorber - Corvette. Without z06. Without extra gnd. clearance. Soft ride.		86806220
15		Shock Mount - Without magnetic ride, without ground clearance control.		87827438
15		Front Shock Absorber Mount - With magnetic ride, with ground clearance package. Corvette.		84746060
16		Lower Insulator - Corvette. Without z06. Without soft ride. Without ground clearance package. Without ground clearance control without magnetic ride. sport. Without magnetic ride. with z51 pkg.		84949374
16		Coil Spring Lower Insulator - Without magnetic ride, without ground clearance control, fe1 suspension.		84645621
17		Upper Insulator - Corvette. Without extra ground clearance. Without ground clearance package. Without ground clearance control without magnetic ride.		84840611
17		Front Coil Spring Insulator - With magnetic ride, with ground clearance package. Corvette.		84661110
20		W (S)Arm - Corvette. Right. Without z06.		86546921
20		Front Driver Side Upper Control Arm - Corvette. Left.		84831805
21		Suspension Cross-Member - Corvette.		85636781

### 3. Rear Suspension

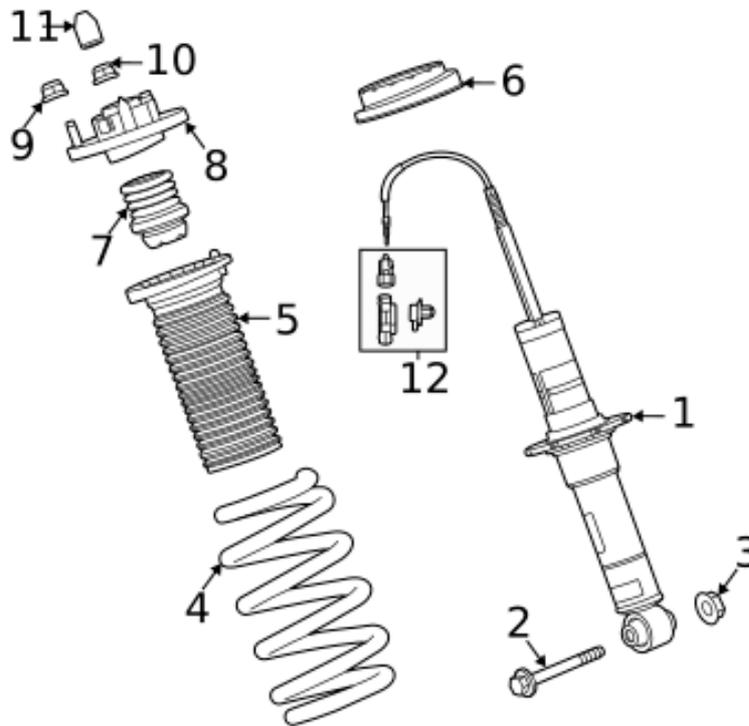

Part	Image	Part Name	Position	GM Number
		Active Suspension Fluid Reservoir		86781937
		Black Ride Control Switch		84505157
		Rear Driver Side Active Suspension Vertical Accelerometer		84842054
		Rear Passenger Side Active Suspension Vertical Accelerometer		84842055
		Front Suspension Leveling Module		84923536
		Suspension Control Module		84956234

Part	Image	Part Name	Position	GM Number
2		F (S)Arm - Right Lower Control Arm (Includes Bushings)		86546938
2		F (S)Arm - Left Lower Control Arm (Includes Bushings)		85081630
3		Cross-Member		85608797
4		Stabilizer Shaft Clamp		23428468
6		Rear Passenger Side Stabilizer Shaft Link		84821500
6		Rear Driver Side Stabilizer Shaft Link		84821501
7		Rear Stabilizer Shaft Fe3/Fe4 Sport (Includes Brackets & Bushings)		84808976
7		Rear Stabilizer Shaft Fe1 Soft Ride (Includes Brackets & Bushings)		23428465
8		Rear Coil Spring Without Magnetic Ride Fe1 Soft Ride		84747904
8		Rear Coil Spring		84825095
8		Rear Coil Spring		84825096
8		Rear Coil Spring		84825097
8		Coil Spring With Magnetic Ride Without Z06 Without Z51 Pkg Convertible		84829204
8		Coil Spring With Magnetic Ride Without Z06 Without Z51 Pkg Coupe		84371399
9		Upper Insulator (Dust Shield)		84840611
10		Rear Driver Side Suspension Knuckle		23428469

Part	Image	Part Name	Position	GM Number
10		Rear Passenger Side Suspension Knuckle		23428470
12		Rear Wheel Hub and Bearing Assembly		85120534
13		Rear Shock Absorber Without Magnetic Ride Fe1 Soft Ride		84905754
13		Rear Shock Absorber Without Magnetic Ride Fe3 Sport		84905755
13		Strut With Magnetic Ride Special With Z06		85644946
14		Shock Mount Without Magnetic Ride Without Z06 Soft Ride		87827439
14		Shock Mount With Magnetic Ride Without Z06 Special		87827441
15		Lower Insulator Without Z06 Without Soft Ride Without Ground Clearance Package		84949374
15		Coil Spring Lower Insulator Without Magnetic Ride Fe1 Suspension		84645621
16		Rear Shock Absorber Bumper With Magnetic Ride		84776628
17		Rear Suspension Adjust Link Inner		84911266
17		Rear Suspension Adjust Link Outer End		84397019
20		Rear Passenger Side Suspension Upper Control Arm (Includes Ball Joint & Bushings)		84831808
20		F (S)Arm - Left Upper Control Arm Without Z06 (Includes Ball Joint & Bushings)		86546922

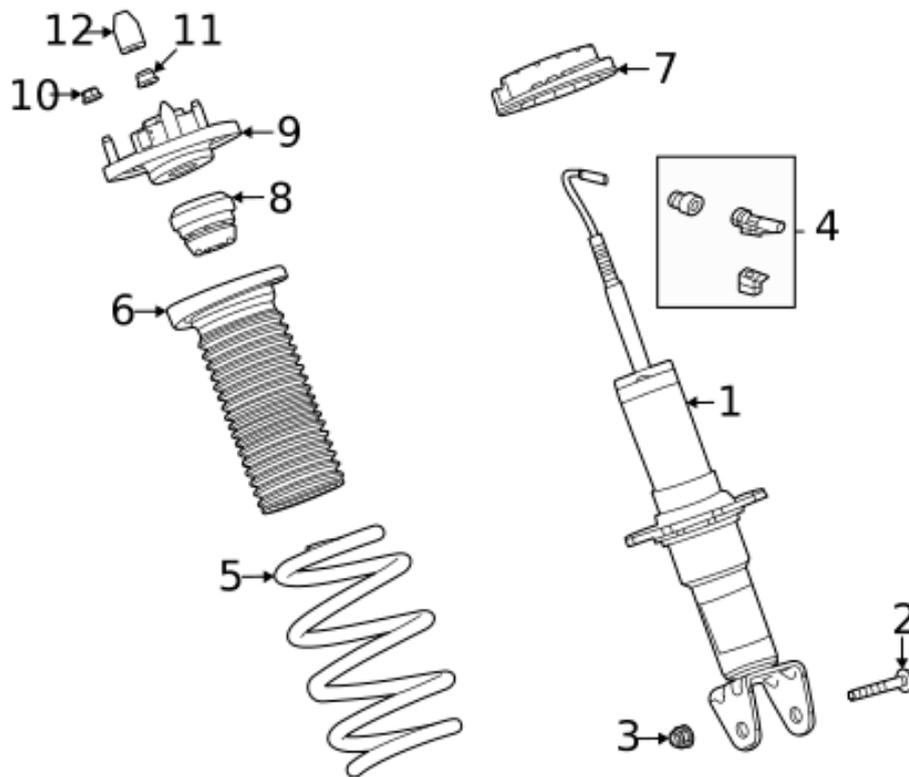

## 4. Shocks & Components

Part	Image	Part Name	Position	GM Number
1		Strut - With magnetic ride. Corvette. Special. To vin 5117337. Ride & handling. From vin 5117338. With z06.	Right	85644946
2		Rear Shock Absorber Lower Bracket Bolt - Without magnetic ride. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	11549422
3		Rear Shock Absorber Lower Bracket Nut - Without magnetic ride. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	11547103
4		Coil Spring - Corvette. Without convertible. Ride & handling. With magnetic ride, without z06, without z51 pkg, coupe.	Left	84371399
4		Rear Coil Spring - Helps provide a smooth and level ride This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84825097
4		Coil Spring - Corvette. Ride & handling. With magnetic ride. without z06, without z51 pkg all. With magnetic ride, without z06, without z51 pkg, convertible.	Left	84829204
5		Upper Insulator - Corvette. Without extra ground clearance. Without ground clearance package. Without ground clearance control without magnetic ride.	Right	84840611

Part	Image	Part Name	Position	GM Number
6		Lower Insulator - Corvette. Without z06. Without soft ride. Without ground clearance package. Without ground clearance control without magnetic ride. sport. Without magnetic ride. with z51 pkg.	Right	84949374
8		Shock Mount - Corvette. Special. With magnetic ride, without z06.	Right	87827441
9		Multi-Purpose Nut - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	11546365
10		Shock Absorber Shock Rod Mount Nut - Without magnetic ride. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	11601782
11		Top Cap - Without ground clearance package. With ground clearance package with magnetic ride.	Right	85122941
12		Connector Kit - Without ground clearance package. Sold individually	Left	84890547

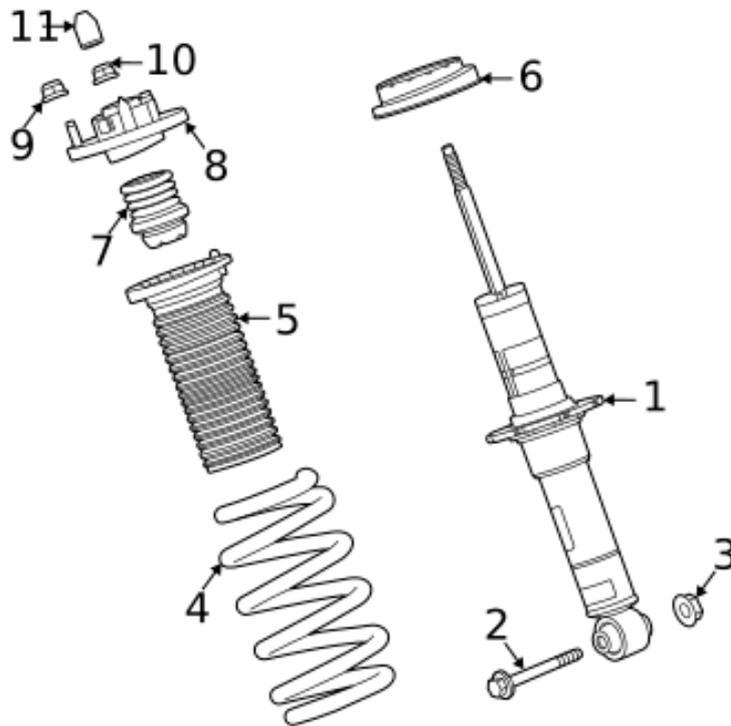

## 4.1. Shocks & Components

Part	Image	Part Name	Position	GM Number
1		Strut - With magnetic ride, without ground clearance package. Corvette. Without extra gnd. clearance. Special ride & handling. With z06. Without extra ground clearanc.	Left	85644938
1		Strut - Exc.Magnetic Ride Control. Exc.Front Axle Lifting System. Performance Package.	Front	86806222
2		Bolt - Hvy Hx Flg Hd Reduced Body - 4wd. 2wd. #1. Fwd, outer. With magnetic ride, with ground clearance package. Without magnetic ride, with ground clearance control. Without awd 4-link suspension. outer.	Right	11561300
4		Connector Kit - Without ground clearance package. Sold individually	Left	84890547
5		Coil Spring - Corvette. Ride & handling. Without convertible. With magnetic ride, with ground clearance package, without z06, without z51 pkg, coupe.		84371397
5		Front Coil Spring - With magnetic ride, without ground clearance package. Corvette. Special ride & handling. Helps provide a smooth and level ride		84747903
5		Coil Spring - Corvette. Ride & handling. With magnetic ride, with ground clearance package, without z06, without z51 pkg, convertible.		84829203

Part	Image	Part Name	Position	GM Number
6		Upper Insulator - Corvette. Without extra ground clearance. Without ground clearance package. Without ground clearance control without magnetic ride.	Left	84840611
7		Lower Insulator - Corvette. Without z06. Without soft ride. Without ground clearance package. Without ground clearance control without magnetic ride. sport. Without magnetic ride. with z51 pkg.	Left	84949374
8		Front Shock Absorber Upper Bumper - With magnetic ride, without ground clearance package. Corvette.	Left	84948171
10		Multi-Purpose Nut - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	11546365
11		Shock Absorber Shock Rod Mount Nut - Without magnetic ride.	Left	11601782
12		Top Cap - Without ground clearance package. With ground clearance package with magnetic ride.	Right	85122941

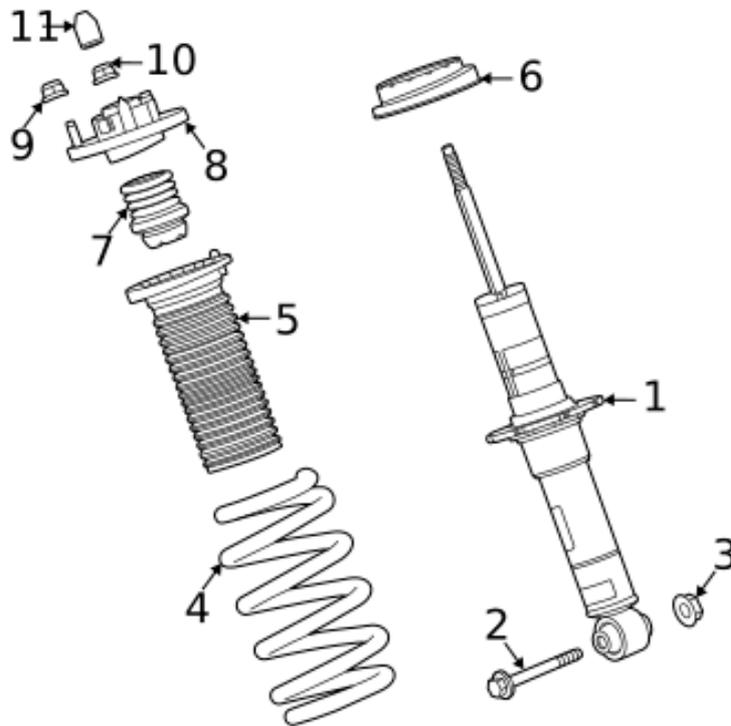

## 4.2. Shocks & Components

Part	Image	Part Name	Position	GM Number
1		Rear Shock Absorber - Without magnetic ride, fe3 suspension. Corvette. Sport.	Right	84905755
1		Rear Shock Absorber - Without magnetic ride, fe1 suspension. Corvette. Soft ride.	Right	84905754
3		Rear Shock Absorber Lower Bracket Nut - Without magnetic ride.	Right	11547103
4		Rear Coil Spring - Without magnetic ride, fe1 suspension. Corvette. Soft ride. Helps provide a smooth and level ride	Right	84747904
4		Rear Coil Spring - Helps provide a smooth and level ride	Right	84825095
4		Rear Coil Spring - Helps provide a smooth and level ride	Left	84825096
6		Lower Insulator - Corvette. Without z06. Without soft ride. Without ground clearance package. Without ground clearance control without magnetic ride. sport. Without magnetic ride. with z51 pkg.	Left	84949374
6		Coil Spring Lower Insulator - Without magnetic ride, without ground clearance control, fe1 suspension.	Right	84645621

Part	Image	Part Name	Position	GM Number
7		Rear Shock Absorber Bumper - With magnetic ride. Corvette.	Left	84776628
8		Shock Mount - Without magnetic ride. Corvette. Without z06. Soft ride.	Right	87827439
9		Multi-Purpose Nut - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	11546365
11		Shock/Strut Upper Cover - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	85122942

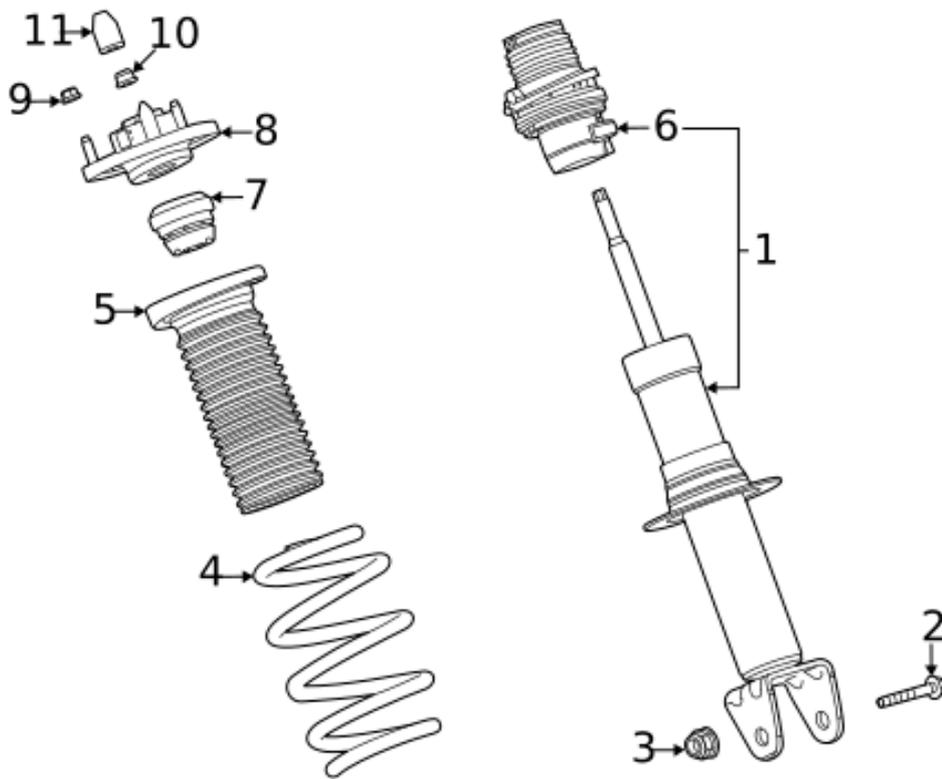

### 4.3. Shocks & Components

Part	Image	Part Name	Position	GM Number
1		Rear Shock Absorber - Without magnetic ride, fe3 suspension. Corvette. Sport.	Right	84905755
1		Rear Shock Absorber - Without magnetic ride, fe1 suspension. Corvette. Soft ride.	Right	84905754
3		Rear Shock Absorber Lower Bracket Nut - Without magnetic ride.	Right	11547103
4		Rear Coil Spring - Without magnetic ride, fe1 suspension. Corvette. Soft ride. Helps provide a smooth and level ride	Right	84747904
4		Rear Coil Spring - Helps provide a smooth and level ride	Right	84825095
4		Rear Coil Spring - Helps provide a smooth and level ride	Left	84825096
6		Lower Insulator - Corvette. Without z06. Without soft ride. Without ground clearance package. Without ground clearance control without magnetic ride. sport. Without magnetic ride. with z51 pkg.	Left	84949374
6		Coil Spring Lower Insulator - Without magnetic ride, without ground clearance control, fe1 suspension.	Right	84645621

Part	Image	Part Name	Position	GM Number
7		Rear Shock Absorber Bumper - With magnetic ride. Corvette.	Left	84776628
8		Shock Mount - Without magnetic ride. Corvette. Without z06. Soft ride.	Right	87827439
9		Multi-Purpose Nut - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	11546365
11		Shock/Strut Upper Cover - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	85122942

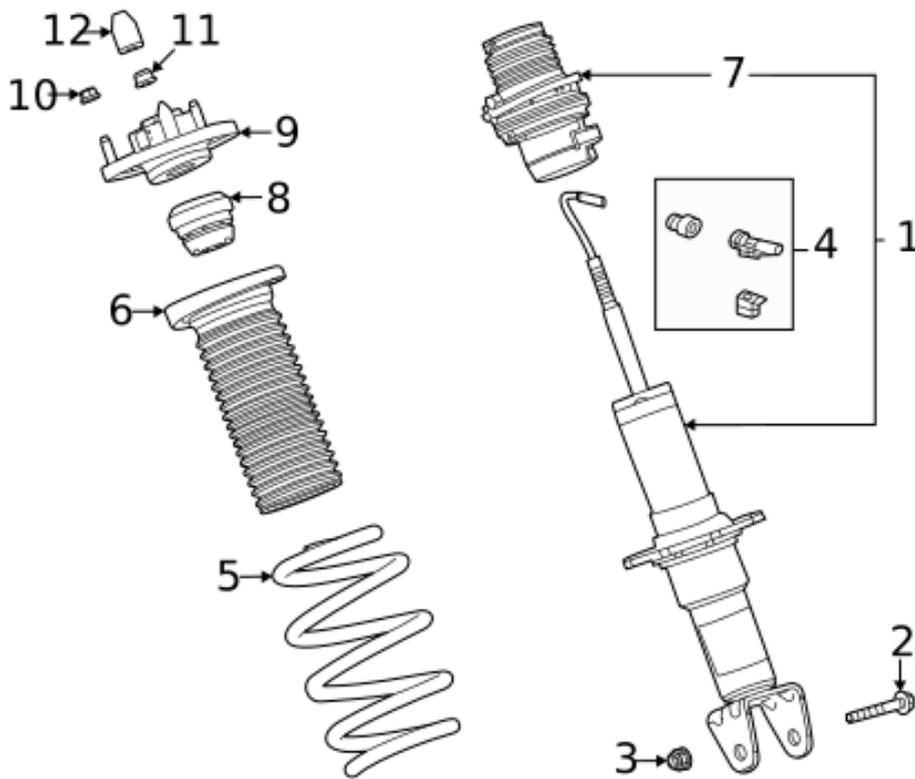

## 4.4. Shocks & Components

Part	Image	Part Name	Position	GM Number
1		B (S)Absorber - Corvette. Without z06. With extra ground clearance. Soft ride. Right. Exc.Magnetic Ride Control. Front Axle Lifting System. Exc.Performance Package.	Right	85056633
1		B (S)Absorber - Corvette. Without z06. With extra ground clearance. Sport. Right.	Right	85056635
1		B (S)Absorber - Without magnetic ride, with ground clearance control, sport.	Left	85056634
1		Shock - Corvette. Without z06. With extra ground clearance. Soft ride. Left.	Left	85056632
3		Multi-Purpose Nut - 2wd. Rwd, rear, 14x2,29.9mm. With zr2, zr2 bison. Awd, rear. Fwd, rear. With magnetic ride, with ground clearance package. Without magnetic ride, with ground clearance control. Without AWD. inner.	Left	11546368
4		Front Coil Spring - Without magnetic ride, without ground clearance control, fe1 suspension. Corvette. Soft ride. Helps provide a smooth and level ride	Left	84747901
4		Front Coil Spring - Without magnetic ride, with ground clearance control, fe3 suspension. Corvette. Sport. Helps provide a smooth and level ride	Right	84747902
5		Front Coil Spring Insulator - With magnetic ride, with ground clearance package. Corvette.	Left	84661110

Part	Image	Part Name	Position	GM Number
8		Shock Mount - Without magnetic ride, without ground clearance control.	Left	87827438
11		Shock/Strut Upper Cover - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	85122942

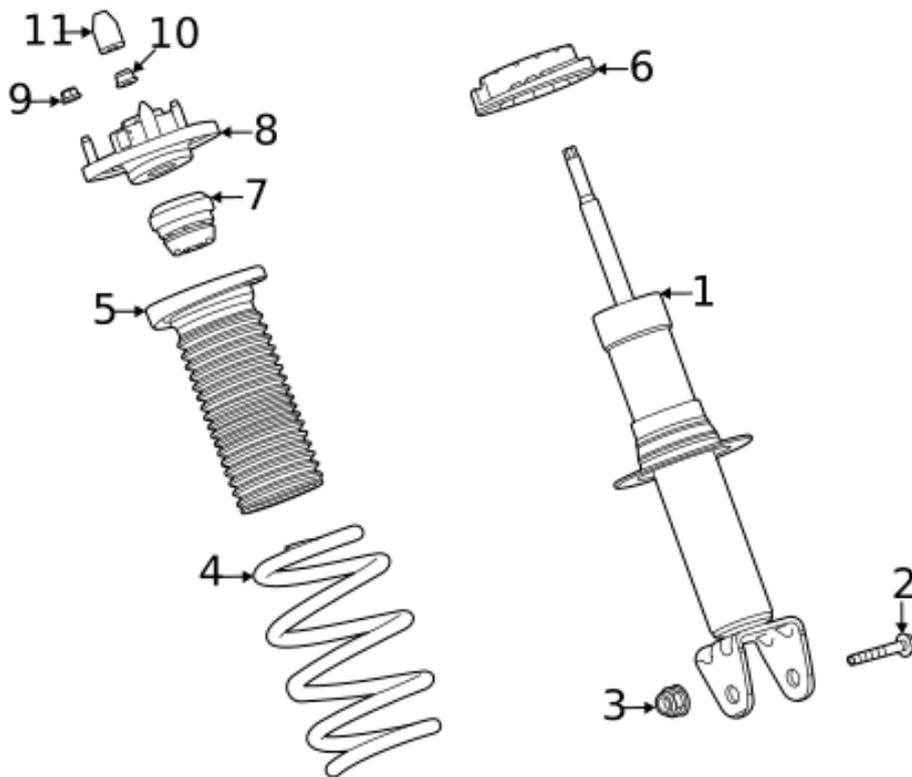

## 4.5. Shocks & Components

1		Front Passenger Side Shock Absorber - Superseded to 85644577. Corvette. With extra ground clearance. Special ride & handling. Right. Dampens and absorbs road input into your vehicle's suspension GM Genuine suspension parts match the GM vehicles original equipment in ride, handling and stopping ...	Right	84884799
1		W (S) Absorber - Corvette. With extra ground clearance. Special ride & handling. Left. With magnetic ride, with ground clearance package, without z06.	Left	85056636
3		Multi-Purpose Nut - 2wd. Rwd, rear, 14x2,29.9mm. With zr2, zr2 bison. Awd, rear. Fwd, rear. With magnetic ride, with ground clearance package. Without magnetic ride, with ground clearance control. Without AWD. inner. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	11546368
4		Connector Kit - Without ground clearance package. Sold individually	Right	84890547
5		Front Coil Spring - With magnetic ride, without ground clearance package. Corvette. Special ride & handling. Helps provide a smooth and level ride This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84747903
5		Coil Spring - Corvette. Ride & handling. With magnetic ride, with ground clearance package, without z06, without z51 pkg, convertible.	Right	84829203

5		Coil Spring - Corvette. Ride & handling. Without convertible. With magnetic ride, with ground clearance package, without z06, without z51 pkg, coupe.	Right	84371397
6		Front Coil Spring Insulator - With magnetic ride, with ground clearance package. Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84661110
8		Front Shock Absorber Upper Bumper - With magnetic ride, without ground clearance package. Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84948171
9		Front Shock Absorber Mount - With magnetic ride, with ground clearance package. Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84746060

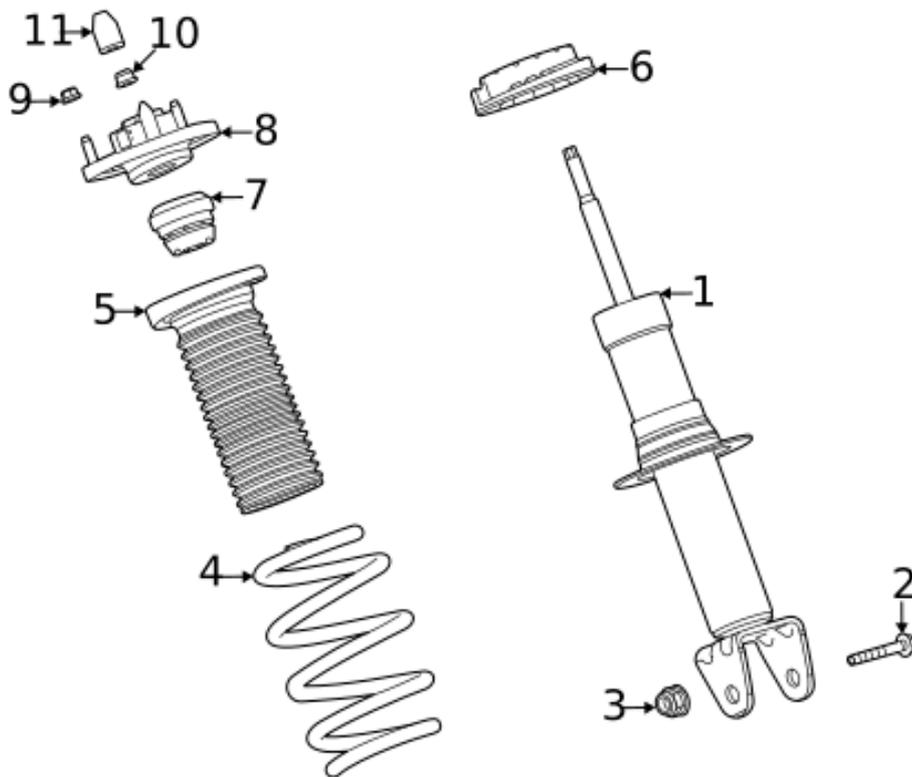

## 4.6. Shocks & Components

1		Front Passenger Side Shock Absorber - Superseded to 85644577. Corvette. With extra ground clearance. Special ride & handling. Right. Dampens and absorbs road input into your vehicle's suspension GM Genuine suspension parts match the GM vehicles original equipment in ride, handling and stopping ...	Right	84884799
1		W (S) Absorber - Corvette. With extra ground clearance. Special ride & handling. Left. With magnetic ride, with ground clearance package, without z06.	Left	85056636
3		Multi-Purpose Nut - 2wd. Rwd, rear, 14x2,29.9mm. With zr2, zr2 bison. Awd, rear. Fwd, rear. With magnetic ride, with ground clearance package. Without magnetic ride, with ground clearance control. Without AWD. inner. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	11546368
4		Connector Kit - Without ground clearance package. Sold individually	Right	84890547
5		Front Coil Spring - With magnetic ride, without ground clearance package. Corvette. Special ride & handling. Helps provide a smooth and level ride This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84747903
5		Coil Spring - Corvette. Ride & handling. With magnetic ride, with ground clearance package, without z06, without z51 pkg, convertible.	Right	84829203

5		Coil Spring - Corvette. Ride & handling. Without convertible. With magnetic ride, with ground clearance package, without z06, without z51 pkg, coupe.	Right	84371397
6		Front Coil Spring Insulator - With magnetic ride, with ground clearance package. Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84661110
8		Front Shock Absorber Upper Bumper - With magnetic ride, without ground clearance package. Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84948171
9		Front Shock Absorber Mount - With magnetic ride, with ground clearance package. Corvette. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84746060

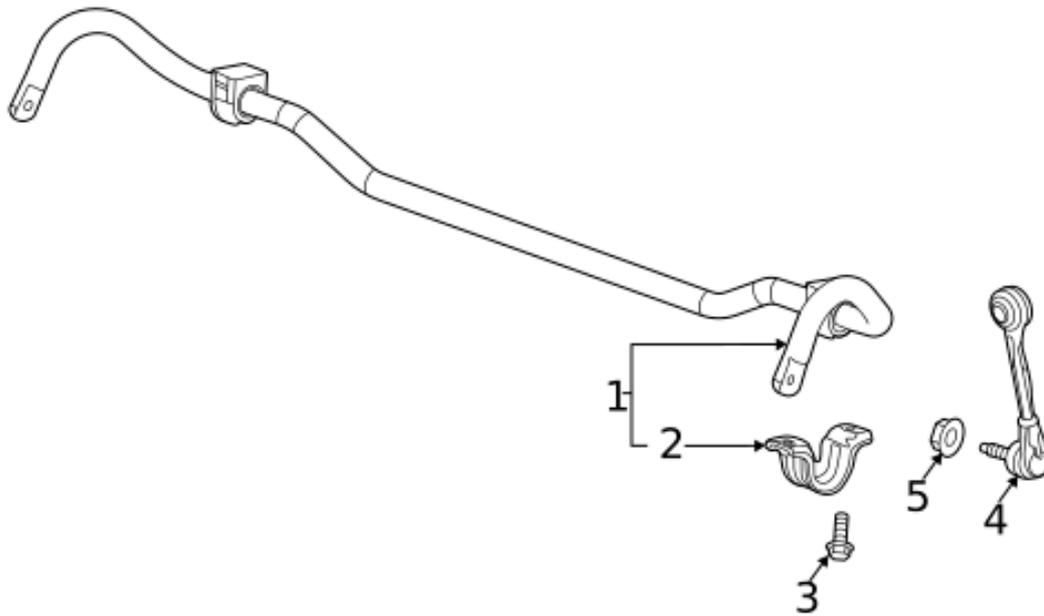

## 4.7. Shocks & Components

1		Strut - Exc.Magnetic Ride Control. Exc.Front Axle Lifting System. Performance Package.	Right	86806222
1		B (S)Absorber - Corvette. Without z06. Without extra gnd. clearance. Soft ride.	Left	86806220
4		Front Coil Spring - Without magnetic ride, with ground clearance control, fe3 suspension. Corvette. Sport. Helps provide a smooth and level ride This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84747902
5		Upper Insulator - Corvette. Without extra ground clearance. Without ground clearance package. Without ground clearance control without magnetic ride.	Right	84840611
6		Coil Spring Lower Insulator - Without magnetic ride, without ground clearance control, fe1 suspension. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84645621
6		Lower Insulator - Corvette. Without z06. Without soft ride. Without ground clearance package. Without ground clearance control without magnetic ride. sport. Without magnetic ride. with z51 pkg.	Right	84949374
8		Shock Mount - Without magnetic ride, without ground clearance control.	Right	87827438

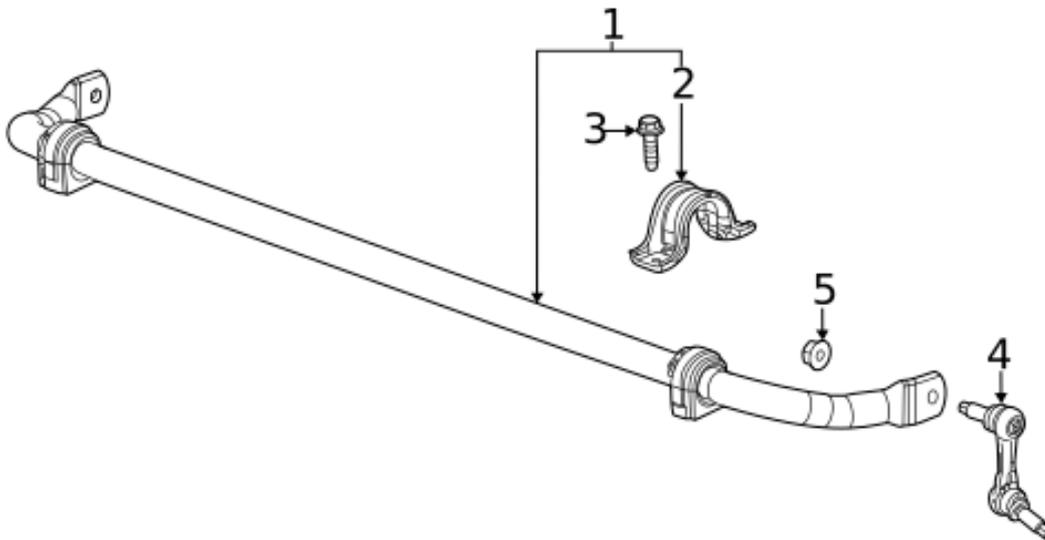

9		Multi-Purpose Nut - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	11546365
11		Shock/Strut Upper Cover - This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	85122942

## 5. Stabilizer Bar & Components

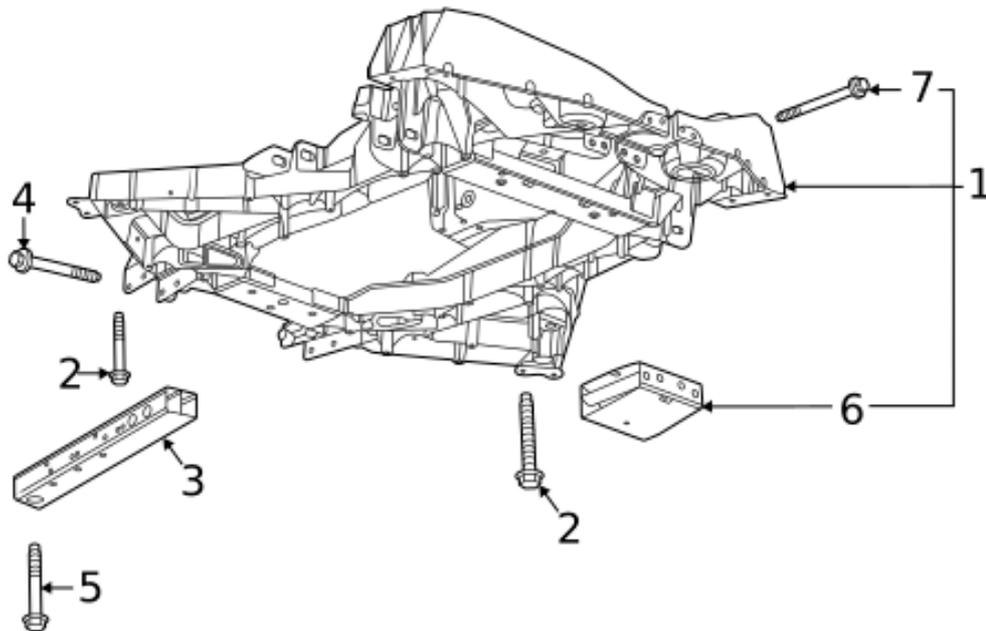

1		Rear Stabilizer Shaft - Fe3, fe4, suspension. Corvette. Sport. Helps keep your vehicle's body level during cornering or maneuvering.		84808976
1		Rear Stabilizer Shaft - Fe1 suspension. Corvette. Soft ride. Helps keep your vehicle's body level during cornering or maneuvering.		23428465
2		Stabilizer Shaft Clamp - Corvette. Helps secure the stabilizer bar bushing to your vehicle's suspension.	Right	23428468
3		M10x1.5x35 Air Conditioning Compressor Brace Bolt - With zr2. Fastens vehicle's components together.	Right	11588739
4		Rear Passenger Side Stabilizer Shaft Link - Corvette. Right. Connects your vehicle's stabilizer bar to the control arm or strut.	Right	84821500
4		Rear Driver Side Stabilizer Shaft Link - Corvette. Left. Connects your vehicle's stabilizer bar to the control arm or strut.	Left	84821501
5		Stabilizer Shaft Link Nut - Inner.	Left	11603389

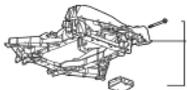

## 6. Stabilizer Bar & Components

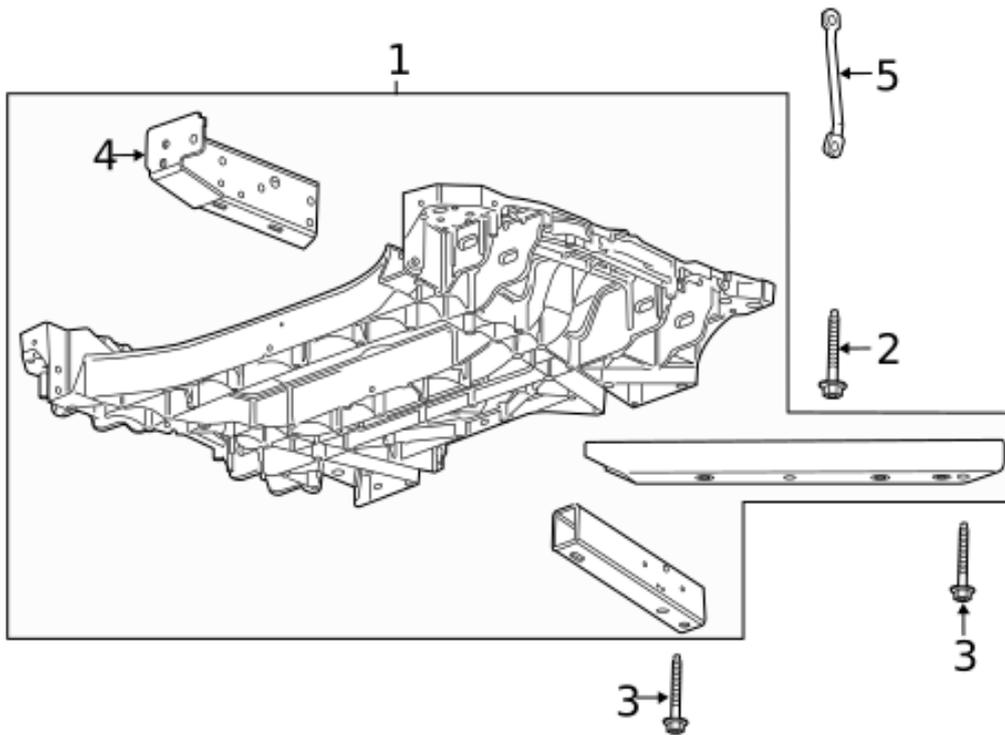

1		Front Stabilizer Shaft - Corvette. Helps keep your vehicle's body level during cornering or maneuvering.		23428455
2		Stabilizer Shaft Clamp - Corvette. Helps secure the stabilizer bar bushing to your vehicle's suspension.	Left	23428468
3		M10x1.5x40mm Multi-Purpose Bolt - 6.0L. 6.0 & 6.2L. 3.6L.	Right	11588740
4		Link Asm-Frt Stab Shf - Corvette. Connects your vehicle's stabilizer bar to the control arm or strut.	Right	22945601
5		Stabilizer Shaft Link Nut - Inner.	Right	11603389

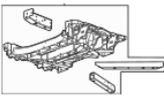

## 7. Suspension Mounting

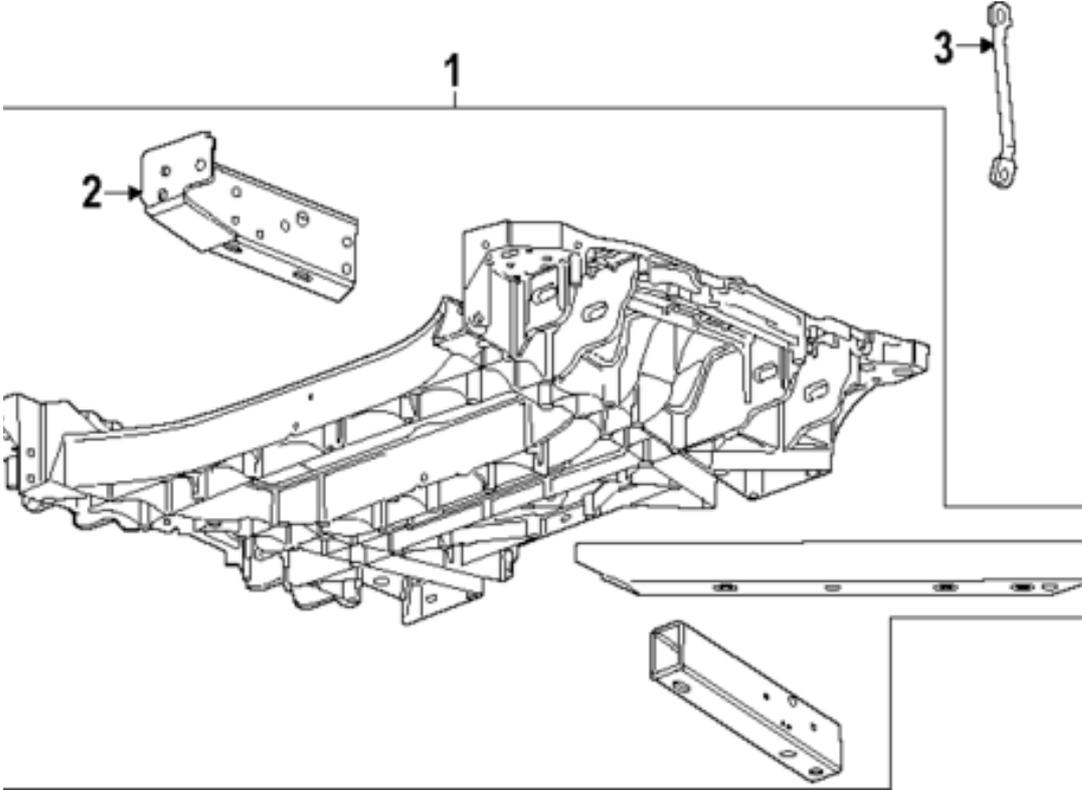

1		Cross-Member - Description: Corvette.		85608797
2		Suspension Cradle Bolt - Description: #1. Fastens vehicle's components together This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11602517
3		Rear Driver Side Suspension Front Extension - Description: This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Left	84725504
3		Front Extension - Description: Second design.	Right	87815268
4		Multi-Purpose Bolt - Description: 10x115mm. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11547752
5		Bolt,Rr Susp Adj Link - Description: Awd. 14x105mm. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11561495
7		M10x1.5x192 Alternator Bolt - Description: 4.3L, m10x192. 4.3L, 2018-20, long. This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11611266

## 7.1. Suspension Mounting

1		Suspension Cross-Member - Description: Corvette.		85636781
2		Suspension Cradle Bolt - Description: #1. Fastens vehicle's components together This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors		11602517
3		Front Reinforced Bolt - Description:		11546413
4		F Support - Notes: PARTS: Part included with suspension crossmember.	Left	85573268
4		Front Support - Notes: PARTS: Part included with suspension crossmember.	Right	85573275
5		Front End Lower Tie Bar Brace - Description: This GM Genuine Part is designed, engineered, and tested to rigorous standards and is backed by General Motors	Right	84201268

## 7.2. Suspension Mounting

2		Front Support - Notes: PARTS: Part included with suspension crossmember.	Right	85573275
